**Abstract:** Provides for park and recreation districts in East Baton Rouge Parish.

Present law creates the Recreation and Park Commission for the Parish of East Baton Rouge (commission). Proposed law retains present law.

Present law provides that the commission's authority extends to the whole parish, inclusive of the territorial limits of the city of Baton Rouge.

Proposed law excludes the areas within the boundaries of the Central Recreation District created pursuant to proposed law.

Present law provides that the commission is the legal successor of the Baton Rouge Parish and Municipal Recreation Commission for the parish of East Baton Rouge, and succeeds to all of the rights and obligations of such recreation commission, and to the ownership of all of the property, movable or immovable, tangible or intangible, owned by such former recreation commission, and to all of the rights, privileges, and concessions of every kind and nature invested in and exercised by such recreation commission, by the city of Baton Rouge, or the parish of East Baton Rouge.

Proposed law retains present law but excepts the assets and authority in the geographic areas of the Central Recreation District created pursuant to proposed law.

Present law authorizes the commission to impose and collect from year to year taxes upon all of the taxable property carried on the assessment rolls of East Baton Rouge Parish.

Proposed law excepts the property within the boundaries of the Central Recreation District created pursuant to proposed law from the commission's taxing authority.

Proposed law creates the Central Recreation District as a body politic and corporate and political subdivision with boundaries coterminous with the boundaries of the city. Provides that the purpose of the district is to plan, develop, and operate the public park and recreational properties and facilities in the district and to administer programs and activities that promote recreation and the general health and well-being of citizens.

Proposed law provides that the district is governed by a board of commissioners composed as follows:

- (2) The members of the governing authority of the city of Central.
- (3) One member appointed by the member of the La. House of Representatives whose district encompasses all or the greater portion of the area of the district.

Proposed law provides that board members receive a \$75 per diem for each meeting they attend, not to exceed 12 meetings per year, and that the per diem is paid out of district funds.

Proposed law provides for the district's powers and duties, including but not limited to the following:

- (1) To acquire, purchase, lease as lessee, and hold and use any property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for its purposes, and to sell, transfer, lease as lessor, and dispose of any property or interest therein.

Provides that the maximum assessment is inclusive of the ad valorem taxes currently levied by the commission on properties located within the geographic boundaries of the district for which the avails are pledged as security for bonded indebtedness. Provides that any new assessment or renewal of a current assessment is subject to voter approval. Provides that beginning with the 2031 tax year and thereafter, an ad valorem tax may be levied and collected, subject to voter approval. Provides that the avails of the taxes are to be used solely for acquisition, construction, improvement,
