Establishes a notice of voting restriction and a restriction code applicable to persons who are not United States citizens and aliens lawfully present in the United States but have not attained United States citizenship

Proposed measure prohibits the office of motor vehicles (OMV) from issuing a state identification card or driver's license of any class to persons who are not citizens of the U.S. and aliens who are lawfully present in the U.S. but have not attained citizenship, unless there is a restriction code on the driver's license. Proposed legislation requires the OMV to issue a notice in the form of official correspondence to any person who is not a citizen of the U.S. or an alien who is lawfully present in the U.S. but has not attained citizenship.

EXPENDITURE EXPLANATION

Proposed measure will result in a one-time increase in SGR expenditures for the Department of Public Safety, Office of Motor Vehicles (OMV) by \$338,048, in FY 26, associated with updating the current driver's license format to implement the new restriction code (\$289,133) and to issue a Notice of Voting Restrictions to individuals who are neither U.S. citizens nor lawfully present immigrants (\$48,915).

The Office of Technology Services (OTS) will need to perform a major overhaul of the current driver's license system to implement the new restriction code, as the system is already at capacity for restriction codes. OTS would perform this work at an estimated 3,000 hours of overtime by a Senior Developer (3,000 hours x \$95 per hour = \$285,000 x 1.45% Medicare tax = \$4,132.50; a total of \$289,133).

OMV reports identifying 54,350 individuals who are not citizens of the United States or an immigrant who is lawfully present in the United States, but has not attained citizenship. Proposed legislation requires OMV to issue a notice in the form of official correspondence to each of these individuals. OMV estimates the cost of sending the Notice of Voting Restrictions to be approximately \$49,000. (54,350 individuals x \$0.90 per notification = \$48,915)
