Dept./Agy.: Louisiana Economic Development	
Subject: Changes in Louisiana Economic Development	Analyst: Noah O'Dell

ECONOMIC DEVELOP DEPT RE SEE FISC NOTE SD EX See Note Page 1 of 1
 Provides relative to Louisiana Economic Development. (8/1/25)

Current law establishes Louisiana Economic Development (LED) and associated offices, with stipulated duties. Current law authorizes LA Economic Development Corporation (LEDC) to create a nonprofit Qualified State Development Company (QSDC) to engage in cooperative endeavor agreements (CEA) with the federal government and federal loan programs.

Proposed law consolidates LED into the Office of Economic Development by absorbing the Office of Entertainment Industry and abolishing the Office of International Commerce; allows LED to lease, sublease, or sell state property (designated as LED property by the Commissioner of Administration) as well as purchase property, presumably without further legislative action; establishes but does not fund the LA Economic Development Innovation Fund with LED discretion as to use; changes the membership and responsibilities of the Board of International Commerce, and repeals two annual reports. Proposed law repeals current law with respect to the authorization for LEDC to create a nonprofit QSDC.

EXPENDITURE EXPLANATION

The bill eliminates the Office of Economic Development and the Office of International Commerce with the responsibilities assumed by the newly created Office of Economic Development. LED reports no change in expenditures and no additional staff or agency personnel will be required or eliminated due to the duties outlined in the bill.

- LED is allowed to purchase property, presumably without further legislative action, for the purpose of creating economic benefits to the state. The MOF for such purchases or any expenses related to the property is unspecified.
- The LED Innovation Fund is established but not funded in the bill and allows the Secretary of LED to develop criteria for fund distribution.

To the extent LED chooses to utilize either of these two authorizations, the agency would likely incur costs in excess of the \$100,000 dual referral threshold as stipulated in House Rule 6.8(F)(1) and/or Senate Rule 13.5.1.

The bill makes substantial changes to the membership of the Board of International Commerce and changes its responsibilities.

REVENUE EXPLANATION

In current law, LED may lease property under its control with Commissioner approval. The bill expands LED's revenue options to include the selling or subleasing of LED property. Revenue from sales/leases/subleases flows to the Site Investment and Infrastructure Improvement Fund (undefined). To the extent LED sells or subleases property, the bill may increase SGR within LED by an amount that depends on the executed contracts. The bill creates the LED Innovation Fund with no specified source of revenue and permits Treasury to deposit undefined fees into the fund.

Senate Dual Referral Rules
 13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}
 13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

House
 6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}
 6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}
