HOUSE BILL NO. 533

BY REPRESENTATIVE CARVER

TAX CREDITS: Establishes the Work-Based Learning Tax Credit for employment of apprentices, interns, and youth workers

1 AN ACT

2 To amend and reenact R.S. 23:386 and R.S. 47:6033(G) and to enact R.S. 47:6003, relative
3 to tax credits; to establish a tax credit for employment of certain apprentices, interns,
4 and youth workers; to provide for the amount of the credit; to provide for
5 qualifications for the credit; to provide for requirements and limitations with respect
6 to the credit; to provide for claiming of the credit; to authorize recovery of credit
7 amounts in certain circumstances; to provide relative to apprenticeship programs of
8 the Louisiana Workforce Commission; to limit the period in which a tax credit
9 relative to apprenticeships may be earned; to provide for definitions; to authorize
10 promulgation of administrative rules; to provide for applicability; to provide for an
11 effective date; and to provide for related matters.

12 Be it enacted by the Legislature of Louisiana:

13 Section 1. R.S. 23:386 is hereby amended and reenacted to read as follows:

14 §386. Apprentice defined

15 The term "apprentice" as used in this Chapter is defined as a worker at least
16 sixteen years of age, except where a higher minimum age standard is otherwise fixed
17 by law, who is employed to learn an apprenticeable occupation pursuant to the
18 standards of apprenticeship as provided for in the Louisiana Administrative Code,
19 Title 40, Part 9, §317 in order to fulfill the requirements of the Louisiana
20 Administrative Code, Title 40, Part 9, §301, and who has entered into a written

1 apprentice agreement with an employer, an association of employers, or an
2 organization of employees, providing for a time-based program model with not less
3 than two thousand hours of reasonably continuous employment, a competency-based
4 program model, or a hybrid program, and for participation in an approved program
5 of training through employment and through education in related and supplemental
6 subjects.

7 Section 2. R.S. 47:6033(G) is hereby amended and reenacted and R.S. 47:6003 is
8 hereby enacted to read as follows:

9 §6003. Work-Based Learning Tax Credit

10 A. This Section shall be known and may be cited as the "Work-Based
11 Learning Tax Credit Act".

12 B. The legislature hereby finds that an insufficient number of people with
13 adequate levels of on-the-job training is an impediment to workforce development
14 and economic growth; that well-compensated jobs would be more abundant in this
15 state if workers overall possessed greater levels of skills and work experience; that
16 apprenticeships and internships are integral components of work-based learning
17 initiatives in Louisiana's school accountability system; and that, as a critical strategy
18 for curbing out-migration, public colleges and universities of this state strive to
19 facilitate greater student participation in work-based learning. The legislature hereby
20 declares that establishing a tax credit which provides incentives for businesses to
21 employ apprentices is in the best economic interest of this state.

HB 533 Engrossed

2025 Regular Session

Carver

Abstract: Establishes a tax credit for the employment of eligible apprentices, interns, and youth workers and limits the maximum amount of credits that may be claimed in a taxable year.

Proposed law authorizes an income tax credit for the employment of eligible apprentices, interns, and youth workers, defined as follows:

- (1) "Eligible apprentice" means a person who either has entered into a written apprenticeship agreement with an employer or association of employers as part of a registered apprenticeship program provided for in present law; or is enrolled in a training program accredited by the National Center for Construction Education and Research which has no less than four levels of training and no less than 500 hours of instruction.
- (2) "Intern" means a student learner who participates in an internship program authorized and regulated by the provisions of present administrative rule or any successor regulations relative to a work-based learning program classified as an internship.
- (3) "Youth worker" means an individual who has attained the age of 15 but not yet attained the age of 24; is unemployed prior to being hired by a business that will apply for a credit authorized by proposed law; will be working in a full-time or part-time position that pays wages that are equivalent to the wages paid for similar jobs, with adjustments for experience and training; and meets at least one of several criteria related to educational attainment, household income, justice system

involvement, receiving public assistance, being a parent or pregnant, veteran status, and housing status.

Proposed law establishes that for each eligible apprentice, intern, and youth worker employed for a minimum of 100 hours during the taxable period, an employer shall qualify for a credit equal to \$2.50 per hour of employment or \$2,500, whichever is less.

Proposed law provides that the maximum amount of tax credits that may be claimed on tax returns for a taxable year shall be referred to as the "credit cap", and that the initial credit cap (for taxable year 2026) shall be \$1M.

Proposed law authorizes a \$1M increase in the credit cap for a taxable year if at least 80% of the credit cap amount authorized for the preceding taxable year was claimed on tax returns. Provides that the credit cap shall not be increased for a given year if less than 80% of the credit cap amount authorized for the preceding year was claimed. Limits the credit cap amount for any taxable year to \$7.5M.

Proposed law requires DOR to publish on its website a notice of the credit cap amount no later than Dec. 31st each year, but terminates this requirement when the credit cap reaches the overall limit of \$7.5M.

Proposed law provides that in any calendar year, if the Dept. of Revenue (DOR) grants a total amount of tax credits which is less than the limit for that year, then the amount of unused credits shall carry forward to subsequent calendar years and may be granted in any year without regard to that year's limit.

Proposed law prohibits granting of credits for the employment of eligible apprentices, interns, or youth workers before Jan. 1, 2026, or after Dec. 31, 2031.

Proposed law requires DOR, in consultation with the La. Workforce Commission, to establish by rule the procedures for determining an employer's eligibility for the credit relative to apprenticeship programs. Requires the La. Workforce Commission to annually provide to DOR a list of businesses that participate in apprenticeship programs administered by the commission.

Proposed law provides that if the credit exceeds the amount of taxes due from a taxpayer for a taxable period, then any unused credit amount may be carried forward as a credit against subsequent tax liability for a period not to exceed five years. Stipulates, however, that the amount of the credit applied in a taxable period shall not exceed the amount of taxes due from the taxpayer for that period.

Proposed law authorizes DOR to recover disallowed credits in accordance with collection remedies established in present law.

Proposed law prohibits granting of any other incentive for job creation or the hiring of an eligible youth, intern, or apprentice for which a taxpayer has received a tax credit pursuant to proposed law.

Proposed law authorizes DOR to promulgate administrative rules for implementation of proposed law.

Present law establishes an apprenticeship tax credit program with characteristics similar to the program provided for in proposed law. Present law prohibits granting of apprenticeship tax credits for the employment of eligible apprentices before Jan. 1, 2022, or after Dec. 31, 2028. Proposed law changes the termination date to which apprenticeship tax credits may be earned to Dec. 31, 2025.

Present law relative to labor and employment defines the term "apprentice". Proposed law adds to this definition references to time-based program models, competency-based program models, and hybrid programs.

Proposed law applies to taxable periods beginning on or after Jan. 1, 2026.

Effective January 1, 2026.
