Requires certain postsecondary education students to complete an anti-hazing course

Proposed law increases the minimum amount of time that certain organizations are required to provide annual hazing prevention education to their members from one hour to two hours. Require an institution to (1) terminate an organization's operation on campus if it fails to comply with the hazing prevention education requirement and (2) submit a report to the House and Senate committees on education upon such termination.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. This measure requires certain university organizations to increase their minimum annual hazing prevention education from one hour to two hours. Universities must also submit a report to House and Senate committees on education regarding the termination of an organization's operation on campus if it fails to comply with the hazing prevention education requirement. The LFO presumes that the cost and workload to provide an extra hour of education and to submit a report are nominal and can be absorbed through the existing budget of the universities.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
