

RÉSUMÉ DIGEST

ACT 341 (SB 10)

2025 Regular Session

Boudreaux

Existing law provides for qualifications of members of the La. State Board of Optometry Examiners.

Prior law prohibited any member of the board from holding an elected or appointed position in an optometry professional association during the member's term of appointment to the board.

New law limits the prohibition to an optometry professional association that is domiciled in La.

Effective August 1, 2025.
