Subject: Hospice care in non-hospice inpatient licensed facilities		

HEALTH SERVICES EG INCREASE GF EX See Note
Provides relative to inpatient licensed facilities. (8/1/26)

Page 1 of 1

Proposed law establishes requirements for hospice care in inpatient licensed facilities. Proposed law establishes rights for patients receiving hospice care in a nursing facility, assisted living facility, or licensed residential care setting providing inpatient care. Proposed law requires that when a patient in a facility is enrolled in hospice care, a patient specific written care plan shall be completed and maintained in the patient record. Proposed law provides for notification requirements when a patient is being transferred from one facility to another facility and reportable incidents for transferring and receiving facilities. Proposed law requires every facility with a patient receiving hospice care to maintain a detailed patient log. The patient log shall be made available to the patient's hospice provider and the patient's family or authorized representative, upon request. Proposed law prohibits retaliation or restriction of access to a patient's family or authorized representative because concerns were raised regarding patient care. Proposed law provides that if the Louisiana Department of Health (LDH) receives a complaint alleging a violation of the proposed law, the department may conduct a complaint survey that may include a review of the facility's care plans. Proposed law authorizes LDH may issue directed plans of corrections or assess administrative penalties as determined by the department. Effective August 1, 2026.

EXPENDITURE EXPLANATION

Proposed law may have an indeterminable, but minimal impact on SGF and Federal expenditures within the LDH Health Standards Section (HSS) in FY 27 and subsequent fiscal years associated with conducting complaint surveys of non-hospice inpatient licensed facilities.

Information provided by LDH indicates that any additional costs associated with complaint surveys resulting from alleged violations at these facilities can be absorbed within existing staff and resources. LDH further notes that these facilities are currently licensed by HSS, and complaint investigations are part of the existing regulatory process.

REVENUE EXPLANATION

Proposed law may increase SGR revenue collections within LDH by an indeterminable, but minimal, amount associated with potential administrative penalties assessed against noncompliant facilities. The number of complaint surveys resulting in such penalties is unknown at this time.
