EXPENDITURE EXPLANATION

The proposed law will increase expenditures by \$11,125 (\$7,788 SGF and \$3,337 Federal) in the Department of Children and Family Services (DCFS) to provide new or like-new luggage for foster children from birth through 18 years old when they move between foster homes. Based on the prior three fiscal years, an average of 2,225 children from birth through 18 years of age experienced placement changes that would require luggage under this measure. DCFS estimates a cost of \$5 per reusable bag, totaling an annual cost of \$11,125 (2,225 youth x \$5). A 2% general inflation factor is reflected in subsequent fiscal years.

To the extent the department host biennial luggage donation drives to collect luggage for distribution to foster children, associated costs may be mitigated; however, any resulting savings are speculative.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
