NURSING HOMES: Provides for alternative power sources at nursing facilities

**Synopsis of Senate Amendments**

1. Removes the requirement that a generator or alternate electrical power source be permanently installed.

**Digest of Bill as Finally Passed by Senate**

Present law requires nursing facilities to install a permanent generator or alternative power source at each facility.

Present law provides that a nursing facility shall have fuel on site prior to an emergency event.

Proposed law clarifies present law by adding that a nursing facility must have fuel or an alternative power generation source stored onsite.

Proposed law removes the requirement that a generator or alternate electrical power source be permanently installed.

(Amends R.S. 40:2009.24(C)(1)(intro. para.))
