17                  supervising physician.

18                  (c) He is registered with the board as a supervising physician in accordance  
19                  with rules promulgated and adopted by the board.

20                  (3) Upon successful completion of the supervision period, as documented by  
21                  the supervising physician, the board may authorize the physician to continue practice  
22                  without supervision within a rural or medically underserved area.

23                  C.(1) A restricted rural physician license shall not any authorize any of the  
24                  following:

25                  (a) Practice of medicine outside a rural or medically underserved area  
26                  approved in accordance with this Section.

27                  (b) Ownership of a medical practice during the period of restricted licensure  
28                  unless approved by the board.

29                  (2) A violation of the practice location requirements of this Section shall  
30                  result in suspension or revocation of the license by the board.

1                    D. After five years of continuous practice in a rural or medically underserved  
 2                    area in accordance with this Section, the board shall grant the physician eligibility  
 3                    to apply for a full and unrestricted license to practice medicine in this state, if the  
 4                    physician meets all of the following criteria:

- 5                    (1) Remains in good standing.
