ACT 237 (SB 64)

2026 Regular Session

Hodges

Existing law requires each public school governing authority to install cameras in certain classrooms and to adopt policies that include provisions for determining to whom and under what circumstances the video and audio recordings may be disclosed.

New law retains existing law and further requires both the superintendent and his designee or two designees of the superintendent be present during the initial viewing of the recordings after a request has been made.

Effective August 1, 2026.
