16 CHAPTER 43. STUDENT SCHOLARSHIPS FOR EDUCATIONAL EXCELLENCE

17 PROGRAM

18 §4011. Short title

19 This Chapter shall be known and may be cited as the "Student Scholarships
20 for Educational Excellence Act".

1 §4012. Legislative findings

2 The legislature finds and declares that:

3 (1) It is in the public interest that all Louisiana schoolchildren receive the
4 best education that its citizens can provide, and the state of Louisiana has the right,
5 the responsibility, the duty, and the obligation to accomplish the objective of quality
6 education for all Louisiana children, particularly for those children in school systems
7 that have been declared to be academically in crisis.

8 (2) Attendance of children at nonpublic schools constitutes compliance with
9 the objectives of Louisiana's compulsory attendance law; nonpublic schools in
10 Louisiana make a significant educational and economic contribution towards
11 meeting the goal of a quality education for every Louisiana school child; and
12 Louisiana has recognized and encouraged that contribution through providing
13 textbooks and transportation to students attending approved nonpublic schools for
14 many decades.

15 (3) Effective nonpublic schools exist in Louisiana's school systems,
16 including those that are academically in crisis.

17 (4) Nonpublic schools can offer a quality education to students in systems
18 that are academically in crisis, and it is in the public interest to offer students in such
19 systems the means of accessing the educational opportunities offered by such schools
20 by providing them with scholarships to attend such schools.

21 (5) Academically acceptable public schools located in parishes physically
22 contiguous to parishes in which the public school system has been found to be
23 academically in crisis can serve as quality alternatives for students attending low-
24 performing public schools.

16 students shall annually notify the department of its intent to participate in the
17 program by February first of the previous school year; except that for the 2008-2009

7 shall be given preference for enrollment at other participating schools.

8 §4022. Participating schools; requirements

9 Each participating school shall:

10 (1) Within sixty days after the scholarship program admissions period as
11 scheduled by the department, notify the applicant in writing whether the applicant
12 has been accepted.

13 (2) In the event that there are more eligible students applying for enrollment
14 in a participating school than there are available seats, select eligible students for
15 admission utilizing a random selection process that provides each eligible student
16 with equal opportunity for selection. However, a participating school may give
17 preference to siblings of a student who is already enrolled in the participating school.
18 For the purposes of such random selection process, twins, triplets, quadruplets, and
19 other such multiple births shall constitute one individual. Participating schools shall
20 notify the department of any eligible student not selected by random selection so that
21 the department may notify those students of other participating schools with an
22 available seat. In the event that the student not selected does not wish to enroll in
23 another participating school, the school shall add the student to a waiting list so that
24 he may be enrolled when a seat becomes available. Students may remain on more
25 than one participating school's waiting list; however, upon enrolling in a
26 participating school, their names shall be removed from waiting lists maintained by
27 other participating schools.

28 (3) Notify the department of eligible students enrolled.

1 (4) Submit to the department an independent financial audit of the school
2 conducted by a certified public accountant, accompanied by the auditor's statement
3 that the report is free of material misstatements and fairly presents the participating
4 school's actual cost of educating a student. This audit shall be limited in scope to
5 those records necessary for the department to make scholarship payments to the
6 participating school.

7 (5) Accept the scholarship amounts provided to eligible students as full
8 payment of all educational costs, with the exception of incidental or supplementary
9 fees, that are charged to all enrolled students, including but not limited to meals, field
10 trips, and before- or after-school care.

11 (6) Upon enrolling eligible students pursuant to this Chapter, allow such
12 students to remain enrolled in the school if the school voluntarily withdraws from the
13 program. However, students may be expelled from the school according to the
14 school's discipline policy or disqualified from enrollment in subsequent years if the
15 student is no longer eligible for the program as determined by the department.

16 (7) Prior to enrollment, inform the parent or other legal guardian of an
17 eligible student of any and all rules, policies, and procedures of such school,
18 including but not limited to academic policies, disciplinary rules, and procedures of
19 the school. Enrollment of an eligible student in a participating school constitutes
20 acceptance of any such rules, policies, and procedures of such school.

21 §4023. Testing

22 A participating nonpublic school shall administer a nationally normed
23 standardized test to eligible students in the third through twelfth grades.

24 §4024. Reports

25 The Department of Education shall report annually to the Senate Committee
26 on Education, the House Committee on Education, and the Joint Legislative
27 Committee on the Budget regarding the implementation of the program, including
28 the number of eligible students receiving scholarships and a list of participating
29 schools, along with the number of eligible students each school has enrolled.

6 signed by the governor, upon expiration of the time for bills to become law without signature
7 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
8 vetoed by the governor and subsequently approved by the legislature, this Act shall become
9 effective on the day following such approval.

(Adds R.S. 17:4011-4025)

Summary of Amendments Adopted by House

Committee Amendments Proposed by House Committee on Education to the original bill.

1. Adds the following statement to legislative findings:

"Academically acceptable public schools located in parishes physically contiguous to parishes in which the public school system has been found to be academically in crisis can serve as quality alternatives for students attending low-performing public schools."
2. Defines "Covered district" as a local public school system which meets all of the following criteria:
 - (a) Has been found to be academically in crisis pursuant to R.S. 17:10.6.
 - (b) Has had schools transferred to the jurisdiction of the Recovery School District pursuant to R.S. 17:10.7.
 - (c) Is located in a parish with a population of at least 475,000 persons according to the latest federal decennial census.

Instead of defining "Covered district" as a public school system which is academically in crisis pursuant to R.S. 17:10.6 and which is located in a parish with a population in excess of 475,000 according to the latest federal decennial census, and the La. Recovery School District to the extent of its operation in such parish.

3. In the definition of "Eligible student", specifies that the student is eligible if he is a member of a family with a total income that does not exceed 250% of the current federal poverty guidelines instead of 300% of such guidelines and adds as an eligibility criteria that the student is eligible to participate in the federal free-and reduced cost lunch program.
4. Deletes requirement that the Dept. of Education annually notify each eligible student and their parent or legal guardian regarding the student's eligibility status and instead requires the department to annually verify the eligibility status of each student enrolled in the program and notify his parent or other legal guardian of his status by not later than June 30th.
5. Relative to scholarship amounts for eligible students who are entitled to receive special education services, requires that there be added to the scholarship amount an amount equivalent to special education funding provided to a covered district for such a student from federal sources, instead of an amount equivalent to any special education funding provided from federal sources.
6. Deletes provision stating that the additional amount (as specified in summary (5) above) shall not be subject to the 10% reduction established for regular education students in proposed law.
7. Adds that payments shall be based on per pupil count dates as determined by the Dept. of Education and prohibits refunds to the department or to the parent or

other legal guardian if the eligible student withdraws from the program or is otherwise not enrolled prior to the next count date.

8. Relative to students being eligible to receive their initial scholarships when entering kindergarten, first, second, or third grade under certain circumstances, specifies that such provision shall apply for the 2008-2009 academic year.
9. Adds that as the 2008-2009 cohort of eligible students advances in grade level, one additional grade level of eligibility shall be added to the program, beginning in 2009-2010.
10. Adds that an eligible student enrolled in a participating school that fails to meet proposed law eligibility criteria shall be given preference for enrollment at other participating schools.
11. Relative to the requirement that each participating school notify the applicant about his acceptance, specifies that such notification shall occur within 60 days after the scholarship program admissions period as scheduled by the Dept. of Education instead of within 60 days of receiving an admissions application from an eligible student.
12. Adds requirement that participating schools notify the department of any eligible student not selected by random selection so that the Dept. of Education may notify those students of other participating schools with an available seat. Provides that in the event that the student not selected does not wish to enroll in another participating school, the school shall add the student to a waiting list so that he may be enrolled when a seat becomes available. Provides that students may remain on more than one participating school's waiting list; however, upon enrolling in a participating school, their names shall be removed from waiting lists maintained by other participating schools.
13. Relative to the requirement that each participating school submit the auditor's statement along with the required independent financial audit, specifies that such statement be free of material misstatements and fairly presents the participating school's actual cost of educating a student instead of pupil costs to the Dept. of Education.
14. Requires each participating school to:
 - (a) Upon enrolling eligible students pursuant to proposed law, allow such students to remain enrolled in the school if the school voluntarily withdraws from the program. Permits students to be expelled from the school according to the school's discipline policy or disqualified from enrollment in subsequent years if the student is no longer eligible for the program as determined by the Dept. of Education.
 - (b) Prior to enrollment, inform the parent or other legal guardian of an eligible student of any and all rules, policies, and procedures of such school, including but not limited to academic policies, disciplinary rules, and procedures of the school. Provides that enrollment of an eligible student in a participating school constitutes acceptance of any such rules, policies, and procedures of such school.
15. Deletes provisions authorizing (under specified circumstances) participating nonpublic schools to:
 - (a) Establish separate criteria for the enrollment of students other than eligible students awarded scholarships pursuant to the program.

- (b) Prior to enrollment, inform the parent or legal guardian of an eligible student who chooses to send his child to a participating school of any and all rules, policies, and procedures of such school, including but not limited to academic policies and disciplinary rules and procedures of the school. Enrollment of an eligible student in a participating nonpublic school constitutes acceptance of any such rules, policies, and procedures of such school, including but not limited to academic policies and disciplinary rules of the school.
 - (c) Except where otherwise prohibited by federal law, elect to admit students of only one gender and may elect to admit students with exceptionalities to the extent that it determines, in its own discretion, that the school is able to provide for their needs.
 - (d) Administer its own policies and disciplinary rules and procedures which may differ from the policies and disciplinary rules and procedures of public schools. However, a participating nonpublic school may, at its discretion, adhere to the same disciplinary procedures used in public schools pursuant to state law.
16. Deletes requirement that a participating school ensure that eligible students attending their schools take the Louisiana Educational Assessment Program (LEAP) reading and mathematics tests administered in the 4th and 8th grades to public school students.
17. Requires a participating nonpublic school to administer a nationally normed standardized test to eligible students in the 3rd through 12th grades instead of providing that in lieu of requiring that its eligible students take the LEAP tests, a participating nonpublic school may administer a nationally-normed standardized test to eligible students enrolled in the 4th and 8th grades.
