# HOUSE BILL NO. 1

### BY REPRESENTATIVE LEBLANC

1	AN ACT
2	Making appropriations for the ordinary expenses of the executive branch of state government,
3	pensions, public schools, public roads, public charities, and state institutions and
4	providing with respect to the expenditure of said appropriations.
5	Be it enacted by the Legislature of Louisiana:
6	Section 1. The appropriations in this Act from state revenue shall be payable out of
7	the sources specified and shall be limited by the provisions of Article VII, Section 10(D) of
8	the Louisiana Constitution.
9	Section 2. All money from federal, interagency, statutory dedication, or self-
10	generated revenues shall be available for expenditure in the amounts herein appropriated. Any
11	increase in such revenues shall be available for allotment and expenditure by an agency on
12	approval of the commissioner of administration and the Joint Legislative Committee on the
13	Budget. In the event that these revenues should be less than the amount appropriated; the
14	appropriation shall be reduced accordingly. To the extent that such funds were included in
15	the budget on a matching basis with state funds, a corresponding decrease in the state
16	matching funds may be made. Any federal funds which are classified as disaster or emergency
17	may be expended prior to approval of a BA-7 by the Joint Legislative Committee on the
18	Budget upon the secretary's certifying to the governor that any delay would be detrimental
19	to the state. The Joint Legislative Committee on the Budget shall be notified in writing of
20	such declaration and shall meet to consider such action, but if it is found by the committee
21	that such funds were not needed for an emergency expenditure, such approval may be
22	withdrawn and any balance remaining shall not be expended.
23	Section 3. Notwithstanding any other law to the contrary, the functions of any

24 department, agency, program, or budget unit of the executive branch, except functions in

departments, agencies, programs, or budget units of other statewide elected officials, may be
transferred to a different department, agency, program, or budget unit for the purpose of
economizing the operations of state government by executive order of the governor.
Provided, however, that each such transfer must, prior to implementation, be approved by the
commissioner of administration and Joint Legislative Committee on the Budget. Further,
provided that no transfers pursuant to this Section shall violate the provisions of Title 36,
Organization of the Executive Branch of State Government.

8 In the event that any agency, budget unit, program, or function of a department is 9 transferred to any other department, agency, program, or budget unit by other Act or Acts 10 of the legislature, the commissioner of administration shall make the necessary adjustments 11 to appropriations through the notification of appropriation process, or through approval of 12 forms BA-7. All such adjustments shall be in strict conformity with the provisions of the Act 13 or Acts which provide for the transfers.

Section 3.A. Each schedule as designated by a five-digit number code for which an
appropriation is made in this Act is hereby declared to be a budget unit of the state.

B.(1) The program descriptions, account descriptions, general performance
information, and the role, scope, and mission statements of higher education institutions and
technical colleges contained in this Act are not part of the law and are not enacted into law
by virtue of their inclusion in this Act.

20 (2) Unless explicitly stated otherwise, each of the program objectives and the 21 associated performance indicators contained in this Act shall reflect performance to be 22 achieved for the 1999-2000 Fiscal Year.

(3) The program objectives and performance indicators for each program contained
in this Act shall constitute the set of key objectives and key performance indicators which are
reportable quarterly for Fiscal Year 1999-2000 under the Louisiana Governmental
Performance and Accountability Act, Act 1465 of the 1997 Regular Session of the
Legislature, particularly R.S. 39:2(23) and (24) and R.S. 39:87.3.

28 Section 4. Unless expressly provided in this Act, funds cannot be transferred between 29 departments or schedules receiving appropriations. However, any unencumbered funds which 30 accrue to an appropriation within a department or schedule of this Act due to policy,

programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner of administration and the Joint Legislative Committee on the Budget, be transferred to any other appropriation within that same department or schedule. Each request for the transfer of funds pursuant to this Section shall include full written justification. The division of administration, upon approval by the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds associated with lease agreements between the state and the Office Facilities Corporation.

8 Section 5. The state treasurer is hereby authorized and directed to use any available 9 funds on deposit in the state treasury to complete the payment of general fund appropriations 10 for the Fiscal Year 1998-1999, and to pay a deficit arising therefrom out of any revenues 11 accruing to the credit of the state general fund during the Fiscal Year 1999-2000, to the 12 extent such deficits are approved by the legislature. In order to conform to the provisions of 13 P.L. 101-453, the Cash Management Improvement Act of 1990, and in accordance with the 14 agreement to be executed between the state and Financial Management Services, a division 15 of the U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on 16 federally funded appropriations prior to the receipt of funds from the U.S. Treasury.

17 Section 6.A. The figures in parentheses following the designation of a program are 18 the total authorized positions for that program. Any transfer of personnel pursuant to the 19 authority of this Act, or any other law shall be deemed a transfer of the position from the 20 original budget entity to the budget entity to which such personnel are transferred.

The number of authorized positions approved for each department, agency, or program as a result of the passage of this Act may be increased by the commissioner of administration in conjunction with the transfer of functions or funds to that department, agency, or program when sufficient documentation is presented and the request deemed valid.

The number of authorized positions approved for each department, agency, or program may also be increased by the commissioner of administration when sufficient documentation of other necessary adjustments is presented and the request is deemed valid. The total number of personnel in state government so approved by the commissioner of administration may not be increased in excess of three hundred fifty. However, any request which reflects an annual aggregate increase in excess of twenty-five employees for any

1

2

department, agency, or program must also be approved by the Joint Legislative Committee on the Budget.

3 If there are no figures following a department, agency, or program, the commissioner
4 of administration shall have the authority to set the number of positions.

5 Any employment freezes or layoffs which are necessitated as a result of imple-6 mentation of this Act shall not have a disparate employment effect based on any suspect 7 classification, i.e., race, sex, color, or national origin or any negative impact upon the Equal 8 Employment proposition as set out in the "McDonald-Douglas Test" or Title VII of the 1964 9 Civil Rights Act, as amended.

B. Orders from the Civil Service Commission or its designated referee which direct
an agency to pay attorney's fees for a successful appeal by an employee may be paid out of
an agency's appropriation from the expenditure category professional services; provided,
however, that an individual expenditure pursuant to this Section may not exceed \$1,500 in
accordance with Civil Service Rule 13.35(a).

15 C. The budget request of any agency with an appropriation level of thirty million 16 dollars or more shall include within its existing table of organization the position of internal 17 auditor.

D. Except as provided in Schedule 20-XXX - GROUP BENEFITS of Section 15 of this Act, in the event that any cost assessment allocation proposed by the Board of Trustees of the State Employees Group Benefits Program becomes effective during the 1999-2000 Fiscal Year, each budget unit contained in this Act shall pay out of its appropriation an amount equal to fifty percent of total premiums for all active employees and those retirees with Medicare shall be in accordance with R.S. 42:851(A)(1)(c). The cost assessment allocation shall include both indemnity and health maintenance organization plan members.

25 Section 7. In the event the governor shall veto any line-item of expenditure and such 26 veto shall be upheld by the legislature, the commissioner of administration shall withhold from 27 the department's, agency's, or program's funds an amount equal to the veto. The commis-28 sioner of administration shall determine how much of such withholdings shall be from the 29 state general fund.

Each program receiving an appropriation in this Act shall be subject to all rules and regulations of the agency in which it is appropriated and shall be monitored on a continuous basis and evaluated by January, 2000, by that agency to assure that it is operated in an efficient and effective manner.

5 Section 8. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of 6 the constitution, if at any time during Fiscal Year 1999-2000 the official budget status report 7 indicates that appropriations will exceed the official revenue forecast, the governor shall have full power to reduce appropriations in accordance with R.S. 39:75, except that notwithstand-8 9 ing the provisions of R.S. 39:75(C), the governor may reduce appropriations not to exceed 10 ten percent in the aggregate of the total appropriations for each budget unit.

11 The governor shall have the authority within any month of the fiscal year to direct the 12 commissioner of administration to disapprove warrants drawn upon the state treasury for 13 appropriations contained in this Act which are in excess of amounts approved by the governor 14 in accordance with R.S. 39:74.

15 The governor may also, and in addition to the other powers set forth herein, issue executive orders in a combination of any of the foregoing means for the purpose of preventing 16 17 the occurrence of a deficit.

18 Section 9. Notwithstanding the provisions of Section 2 of this Act, the division of 19 administration shall make such technical adjustments as are necessary in the interagency 20 transfers means of financing and expenditure categories of the appropriations in this Act to 21 result in a balance between each transfer of funds from one budget unit to another budget unit 22 in this Act. Such adjustments shall be strictly limited to those necessary to achieve this 23 balance and shall, in no way, have the effect of changing the intended level of funding for a program or budget unit of this Act. 24

25 Section 10. For the purpose of paying appropriations made herein, all revenues due 26 the state in Fiscal Year 1999-2000 shall be credited by the collecting agency to Fiscal Year 27 1999-2000 provided such revenues are received in time to liquidate obligations incurred during Fiscal Year 1999-2000. 28

2

No state board or commission shall have the authority to expend funds not appropriated in this Act, except those which are solely supported from private donations or which function as port commissions, levee boards or professional and trade organizations.

Section 11.A. Notwithstanding any other law to the contrary, including any provision
of any appropriation act or any capital outlay act, no special appropriation enacted at any
session of the legislature, except the appropriation act for the expenses of the judiciary and
the appropriation act for expenses of the legislature, its committees, and any other items listed
therein, shall have preference and priority over any of the items in the General Appropriation
Act or the Capital Outlay Act for any fiscal year.

10 B. Appropriations from the Transportation Trust Fund in the General Appropriation 11 Act and the Capital Outlay Act shall have equal priority. In the event revenues being received 12 in the state treasury and being credited to the fund which is the source of payment of any 13 appropriation in such acts are insufficient to fully fund the appropriations made from such 14 fund source, the treasurer shall allocate money for the payment of warrants drawn on such 15 appropriations against such fund source during the fiscal year on the basis of the ratio which 16 the amount of such appropriation bears to the total amount of appropriations from such fund 17 source contained in both acts.

Section 12. Pay raises or supplements provided for by this Act shall, in no way,
supplant any local or parish salaries or salary supplements to which the personnel affected
would be ordinarily entitled.

Section 13. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

28 Section 14. All BA-7 budget transactions submitted in accordance with this Act or 29 any other provisions of law which require approval by the Joint Legislative Committee on the 30 Budget or joint approval by the commissioner of administration and the Joint Legislative

#### **ENROLLED**

1 Committee on the Budget shall be submitted to the commissioner of administration, Joint Legislative Committee on the Budget and Legislative Fiscal Office a minimum of sixteen 2 3 working days prior to consideration by the Joint Legislative Committee on the Budget. Each 4 submission must include full justification of the transaction requested but submission in 5 accordance with this deadline shall not be the sole determinant of whether the item is actually placed on the agenda for a hearing by the Joint Legislative Committee on the Budget. 6 7 Transactions not submitted in accordance with the provisions of this Section shall only be 8 considered by the commissioner of administration and Joint Legislative Committee on the 9 Budget when extreme circumstances requiring immediate action exist.

10 Section 15.A. Except for the conditions set forth in Subsection B of this Section, the 11 following sums or so much thereof as may be necessary are hereby appropriated out of any 12 monies in the state treasury from the sources specified; from federal funds payable to the state 13 by the United States Treasury; or from funds belonging to the state of Louisiana and/or 14 collected by boards, commissions, departments, and agencies thereof, for purposes specified 15 herein for the year commencing July 1, 1999, and ending June 30, 2000. For the purposes of this Act, "State General Fund from Tobacco Settlement Revenues" or "Tobacco Settlement 16 17 Revenues" shall mean monies received by the state which are received as a result of or 18 attributed to the Master Settlement Agreement executed on November 23, 1998, and 19 approved by Consent Decree and Final Judgment entered in the case entitled "Richard P. 20 Ieyoub, Attorney General, ex rel. State of Louisiana v. Philip Morris, Incorporated, et al.", 21 bearing Number 98-6473 on the docket of the Fourteenth Judicial District for the parish of 22 Calcasieu, state of Louisiana. The commissioner of administration is hereby authorized and 23 directed to correct the means of finance for any appropriation of tobacco settlement revenues contained herein to reflect the enactment of any law dedicating tobacco settlement revenues. 24 25 Funds appropriated to auxiliary programs herein shall be from prior and current year 26 collections, with the exception of state general fund direct. The commissioner of administration is hereby authorized and directed to correct the means of financing and expenditures for 27 any appropriation contained in Schedule 20-901 - Sales Tax Dedications to reflect the 28 29 enactment of any law enacted by the 1999 Regular Session of the Legislature which affects 30 any such means of financing or expenditure. Further provided with regard to auxiliary funds,

1 2

3

4

that excess cash funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds therefrom credited to each account and not transferred to the state general fund. This Act shall be subject to all conditions set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended.

5 B. No funds appropriated in this Act shall be transferred to a public or quasi public agency or entity which is not a budget unit of the state unless the intended recipient of those 6 7 funds presents a comprehensive budget to the Legislative Auditor and the transferring agency 8 showing all anticipated uses of the appropriation, an estimate of the duration of the project, 9 and a plan showing specific goals and objectives for the use of such funds, including measures 10 of performance. In addition, and prior to making such expenditure, the transferring agency 11 shall require each recipient to agree in writing to provide written reports to the transferring 12 agency at least every six months concerning the use of the funds and the specific goals and 13 objectives for the use of the funds. In the event the transferring agency determines that the 14 recipient failed to use the funds set forth in its budget within the estimated duration of the 15 project or failed to reasonably achieve its specific goals and objectives for the use of the 16 funds, the transferring agency shall demand that any unexpended funds be returned to the 17 state treasury unless approval to retain the funds is obtained from the division of administra-18 tion and the Joint Legislative Committee on the Budget. Each recipient shall be audited in 19 accordance with R.S. 24:513. If the amount of the public funds received by the provider is 20 below the amount for which an audit is required under R.S. 24:513, the transferring agency 21 shall monitor and evaluate the use of the funds to ensure effective achievement of the goals 22 and objectives.

Transfers to public or quasi public agencies or entities that have submitted a budget request to the division of administration in accordance with Part II of Chapter 1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by specific provisions of the Louisiana Revised Statutes of 1950 and the Constitution of the State of Louisiana to local governing authorities shall be exempt from the provisions of this Subsection.

# 01-113 OFFICE OF LIFELONG LEARNING

1	01-115 OFFICE OF LIFELONG LEARNING		
2	EXPENDITURES:		
3	Administrative - Authorized Positions (13)	\$	7,726,055
4	<b>Program Description:</b> Promotes and influences the development of workforce		
5	education and training programs and systems, and directs the administration of the		
6	School-To-Work initiative.		
7	Objective: Through the Louisiana Workforce Commission, to ensure that 50% of the		
8	state's workforce development service providers are incorporating the performance		
9	standards adopted by the Commission.		
10	Performance Indicator:		
11	Percentage of service providers incorporating performance standards		
12	adopted by the commission 50%		
13	Objective: To reduce the number of differing allocation areas for the distribution of		
14	workforce development services and programs so that fully coordinated plans for		
15	delivery of workforce development services are being produced by every Labor		
16 17	Market Area designated by the Governor. <b>Performance Indicator:</b>		
18	Percentage of designated Labor Market Areas producing coordinated		
19	workforce development plans 33%		
20	Objective: To increase the incorporation of the Workforce Commission's goals and		
20	performance standards into the operational plans of state agencies with respect to		
22	workforce funds and into concomitant state plans developed with respect to federal		
23	workforce legislation so by FY 2001-2002 operational plans will reflect at least three		
24	of the six goals of the Workforce Commission.		
25	Performance Indicator:		
26 27	Percentage of state agencies incorporating at least 50% of the Workforce Development goals in their operational plans 50%		
28	<b>Objective:</b> Through the School-to-Work activity, to increase the number of educator		
29 30	internships at the worksite to 1,200. <b>Performance Indicator:</b>		
31	Percentage increase in the educators participating in worksite internships 9.1%		
22			
32 33	<b>Objective:</b> Through the School-to-Work activity, the nine regional partnerships will		
33 34	recruit more employers for participation on each of the following school-to-work activities: (1) providing internships (16.7%); (2) curriculum development (9.1%); and		
35	job shadowing (25%)

1	Marketing Authorized Desitions (24)	¢	2 212 161
$\frac{1}{2}$	Marketing - Authorized Positions (24) <b>Program Description:</b> Provides financial assistance to agri-businesses for pro-	\$	2,213,161
$\frac{2}{3}$	cessing, storage, or marketing facilities or other operating expenses, as well as to		
4	youth involved in organized school programs in agriculture, such as 4-H. Also		
5	provides the Market News Service, publishes the Market Bulletin, and assists		
2 3 4 5 6	commodity boards and commissions with their market development programs and		
7	collection of their assessment.		
8	Objective: To create or sustain at least 5,200 jobs in the agribusiness sector through		
9	a revolving loan fund, a loan guarantee strategy, and other efforts.		
10 11	Performance Indicator:		
11	Jobs created or sustained 5,200		
12	Objective: To assist at least 200 students to participate in agriculture-related,		
13	organized school projects through the provision of loans for the purchase of stock.		
14	Performance Indicators:		
15	Number of youth with outstanding loans 200		
16	Number of new loans issued 15		
17	Objective: To provide opportunities for the sale of agricultural products and services		
18	to over 16,000 Louisiana Market Bulletin subscribers on a bi-weekly basis at a cost		
19 20	per copy not to exceed \$0.42.		
20 21	Performance Indicator:Cost per copy\$0.42		
<i>2</i> 1	Cost per copy \$0.42		
22	<b>Objective:</b> To ensure that accurate and timely information is available to the state's		
$\frac{22}{23}$	agricultural community, the program will ensure that 16 market reporters maintain		
24	their accreditation with the U.S. Department of Agriculture.		
25	Performance Indicator:		
26	Number of accredited reporters 16		
27	Objective: To provide opportunities for at least 275 agricultural and forestry		
28	companies to market their products at 8 supermarket promotions and 14 trade shows.

#### **SCHEDULE 09**

7

6

### DEPARTMENT OF HEALTH AND HOSPITALS

8 For Fiscal Year 1999-2000, cash generated by each budget unit within Schedule 09 may be 9 pooled with any other budget unit within Schedule 09 to avoid a cash deficit. No budget unit 10 may expend more revenues than are appropriated to it in this Act except upon the approval 11 of the Division of Administration and the Joint Legislative Committee on the Budget, or as 12 may otherwise be provided for by law.

13 The secretary shall implement reductions in the Medicaid program as necessary to control 14 expenditures to the level approved in this Schedule. The secretary is hereby directed to utilize 15 various cost-containment measures to accomplish these reductions, including but not limited 16 to precertification, preadmission screening, diversion, fraud control and utilization review, and other measures as allowed by federal law. Notwithstanding any law to the contrary and 17 18 specifically R.S. 39:82(E), for Fiscal Year 1999-2000 any over-collected funds, including interagency transfers, federal funds, and surplus statutory dedicated funds generated and 19 20 collected by any agency in Schedule 09 or under the Louisiana State University Medical 21 Center Health Services Division during Fiscal Year 1998-1999 may be carried forward and 22 expended in Fiscal Year 1999-2000 in the Medical Vendor Program. Self-generated revenues 23 from refunds and recoveries in the Medical Vendor Program are authorized to be expended 24 in Fiscal Year 1999-2000. No such carried forward funds, which are in excess of those 25 appropriated in this Act, may be expended without the express approval of the Division of Administration and the Joint Legislative Committee on the Budget. 26

27 Notwithstanding any law to the contrary, the secretary of the Department of Health and 28 Hospitals may transfer up to twenty-five (25) authorized positions within Schedule 09 from 29 one budget unit to any other budget unit within the department except that not more than an 30 aggregate of 100 positions may be transferred between budget units without the approval of 31 the Commissioner of Administration and the Joint Legislative Committee on the Budget. The secretary shall provide written notice to the Joint Legislative Committee on the Budget of any 32 33 positions transferred between budget units for which approval by the committee is not 34 necessary.

In the event this Act provides for increases or decreases in funds for agencies within Schedule 96 09 which would impact services provided by 09-300 (Jefferson Parish Human Services 97 Authority) and 09-302 (Capital Area Human Services District), the commissioner of 98 administration is authorized to transfer funds on a pro rata basis within the budget units 99 contained in Schedule 09 in order to effect such changes. The commissioner shall provide 40 written documentation of all such transfers approved after the initial notifications of the 41 appropriation to the Joint Legislative Committee on the Budget.

Provided, however, that the department shall submit a plan detailing the programmatic allocations of appropriations for the Medical Vendor Program in this Act to the Joint Legislative Committee on the Budget for its review no later than September 1, 1999, and monthly thereafter. The report shall present a detailed account of actual Medical Vendor Program expenditures for Fiscal Year 1998-1999 from schedule 09-306; this report shall include the department's most recent projection of comparable Medical Vendor Program expenditures for Fiscal Year 1999-2000.

1 Prevention and Treatment - Authorized Positions (469) 2 **Program Description:** Prevention services are provided primarily through 3 contracts with nonprofit providers for a community-based prevention and education 4 system to encourage abstinence from alcohol, tobacco, illicit drug use, and problem 5 6 7 and compulsive gambling. OADA provides a continuum of treatment services: detoxification, primary inpatient, community-based, and outpatient. These treatment services include assessment, diagnosis and treatment of alcohol and drug abuse, 8 alcohol and drug addiction, and problem and compulsive gambling. Detoxification 9 services are provided to individuals suffering from prolonged periods of alcohol 10 and/or drug abuse in both a medical and nonmedical setting. Outpatient services 11 are provided by state and private providers in regular and intensive day treatment. 12 Primary inpatient treatment is provided in both intensive inpatient and residential 13 programs. Community-based programs are a bridge from inpatient to the 14 community and this treatment is provided through Halfway Houses, Three-Quarter 15 Way Houses, Therapeutic Community and Recovery Homes. 16 General Performance Information: 17 (All data are for FY 1998/1999) 18 Non-medical Detoxification Services 19 Number of beds 77 20 Average length of stay in days 7 21 Primary Inpatient Adult Services 22 Number of beds 385 23 Average length of stay in days 61 24 Primary Inpatient Adolescent Services 25 26 26 Number of beds Average length of stay in days 61 27 Community Based Adult Services 28 231 Number of beds 29 Average length of stay in days 57 30 Community Based Adolescent Services 31 28 Number of beds 32 Average length of stay in days 60 33 Inpatient Compulsive Gambling Services 34 Number of beds 16 35 Average length of stay in days 26 36 Objective: To provide services to 3,462 individuals and have 73% of the persons 37 receiving non-medical detoxification services successfully complete the program. 38 **Performance Indicators:** 39 3.462 Total number of admissions 40 Average daily occupancy rate 80% 41 Percentage of individuals successfully completing the program 73% 42 Cost per day \$48 43 Percentage of positive responses on client satisfaction questionnaire 80% 44 Recidivism rate 25% 45 Objective: To provide services to 4,244 individuals and have 73% of the persons 46 receiving Primary Inpatient (Adult) services from the Office of Alcohol and Drug 47 Abuse to successfully complete the prescribed treatment program. 48 **Performance Indicators:** 49 Total number of admissions 4,244 50 95% Average daily occupancy rate 50 51 52 53 Percentage of individuals successfully completing the program 73% \$94 Cost per day Percentage of positive responses on client satisfaction questionnaire 80% 54 19% Recidivism rate 55 Objective: To provide services to 363 individuals and have 60% of the persons 56 57 58 59 receiving Primary Inpatient Adolescent services successfully complete the prescribe treatment program. **Performance Indicators:** 3

### Coastal Restoration and Management - Authorized Positions (128)

Program Description: Each year, thousands of acres of productive coastal wetlands are lost to erosion and human activities. The mission of the Coastal Restoration and Management Program is to serve as the leader for the development, implementation, operation, maintenance and monitoring of coastal restoration plans and projects and is the designated state cost-share partner for said projects. The Coastal Restoration and Management Program coordinates point with various federal and state task forces, other federal and state agencies, the Governor's Office of Coastal Activities (GOCA), the public, the Louisiana Legislature, and the Louisiana Congressional Delegation on matters relating to the conservation, restoration, enhancement, management and permitting of Louisiana's coastal wetlands carried out through its two major divisions: Coastal Restoration Divisions and Coastal Management Division. The goal of this program is to continue to implement duly authorized and funded projects to preserve, enhance, restore and protect the coastal wetlands of Louisiana so they will remain productive and available for the continued economic and recreational use of the citizens of Louisiana. There are two activities in this program: Coastal Restoration Projects and Coastal Permitting.

### 21 **Objective:** To ensure that the loss of wetlands resulting from activities regulated by 22 the program will be offset by actions which compensate 100% for their loss (as 23 stipulated by permit conditions). 24 25 **Performance Indicator:** Percentage of disturbed acreage mitigated by full 26 100% compensation of loss 27 Objective: To participate in 100% of the state's responses to all oil spills which cause 28 29 30 31 significant damages to coastal resources and participate in 100% of the Natural Resource Damage Assessments of all areas damaged by oil spills. **Performance Indicators:** Percentage of participation in 100% of the state's responses to oil 32 33 spills which cause significant damages to coastal resources 100% Percentage of participation in Natural Resource Damage Assessments 34 100% involving coastal resources 35 Objective: To develop projects that create, restore, enhance or conserve 13,752 acres 36 of vegetated coastal wetlands. 37 **Performance Indicator:** 38 Acres directly benefited by projects constructed (actual for each 39 fiscal year) 13.752 40 TOTAL EXPENDITURES

33	Administrative - Authorized Positions (38)	\$	3,881,094
34	<b>Program Description:</b> As the managerial branch of the Department, the mission		
35	of the Administrative Program is to facilitate achievement of environmental		
36	improvements by coordinating the other program offices' work to reduce quantity		
37	and toxicity of emissions, by representing the Department when dealing with external		
38	agencies, and by promoting initiatives that serve a broad environmental mandate.		
39 40	The Administration Program fosters improved relationships with DEQ's customers,		
40	including community relationships and relations with other governmental agencies. The Administration Program reviews objectives and budget priorities to assure they		
42	are in keeping with DEQ mandates. The goal of the Administration Program is to		
43	improve Louisiana's environment by enabling the Department to provide the people		
44	of Louisiana with comprehensive environmental protection in order to promote and		
45	protect health, safety and welfare while considering sound economic development		
46	and employment policies. The activities in this program are: Executive Staff,		
47	Technical Program Support and Emergency Response.

4 5	<b>Program Description:</b> The mission of the Air Quality Program is to protect and
5	enhance the air quality in Louisiana and to promote the health, welfare, and
6	productive capacity of its citizens. Louisiana contains 25% of the nation's chemical
6 7 8	industry and is one of the most heavily industrialized states in the nation. Of the 50
8	states, it has been ranked in the top 5 in the amount of air toxins reported for the
9	years that data has been released by the Environmental Protection Agency. Toward
10	meeting its goal, this program provides an efficient means to develop, implement
11 12	and enforce regulations, inventory and monitor emissions, and permit activities
12	consistent with laws and regulations. The goal of the Air Quality Program is to improve air quality in Louisiana by meeting and maintaining ambient air quality
13	standards for criteria pollutants, reducing emissions of toxic air pollutants and
15	implementing asbestos and lead public outreach and compliance programs. The
16	activities in this program are: Air Quality, Asbestos, and Lead.
17 18 19	<b>Objective:</b> To maintain emissions of Volatile Organic Compounds (manmade) to 78 thousand tons or less in the 5-parish Baton Rouge area. <b>Performance Indicator:</b>
20	Emissions volatile organic compounds (in thousand tons) in Baton Rouge
20	5-parish area 78
	1
22 23 24	<b>Objective:</b> To ensure that 59 parishes continue to meet National Ambient Air Quality Standards for six (6) criteria pollutants.
24 25	Performance Indicator:Number of parishes meeting standards for 6 criteria pollutants59
25	Number of parisies meeting standards for 0 errenta pondums
26 27 28	<b>Objective:</b> To track the Toxic Emission Data Inventory to ensure that the reduction of emissions from 1991 level of 126 million pounds is 50.0%. <b>Performance Indicator:</b>
29	Percent reduction of emissions 50.0%
•	
30	<b>Objective:</b> To reduce the public's exposure to asbestos hazards by ensuring that 90%
31 32	of priority projects are inspected for compliance with federal and state regulations.
32	Performance Indicator: Percent of asbestos projects inspected 90%
55	recent of assessos projects inspected 50%
34 35 36 37 38	<b>Objective:</b> To reduce the public's exposure to lead hazards by ensuring that 90% of priority projects are inspected for compliance with federal and state regulations during the current fiscal year relative to the use of certified individuals and proper work practices related to removal of lead contaminated materials. <b>Performance Indicator:</b>
39	Percent of lead hazard projects inspected 90%

1	Radiation Protection - Authorized Positions (43)	<u>\$</u>	2,510,677
2 3	<b>Program Description:</b> The mission of the Radiation Protection Program is to		
3	ensure the public and occupational safety and welfare of the people and environ-		
4 5	mental resources of Louisiana by minimizing the risk and maximizing the benefits of using sources of radiation. The Radiation Protection Program maintains a		
6	comprehensive radiation regulatory program that will protect the public and		
7	occupational safety of the citizens and protect the environment of the state of		
7 8	Louisiana from the harmful effects of radiation, while maximizing the benefits of		
9	radiation processes. The division coordinates state off-site activities related to		
10	nuclear power plants, high and low-level radioactive waste management, decommis-		
11 12	sioning of nuclear facilities, transportation of radioactive material, environmental		
12	assessment of radiation emissions, naturally-occurring radioactive materials (NORM) and emergency preparedness for response to radiation accidents of all		
14	descriptions. The division strives to minimize the risks and maximize the benefits of		
15	radiation activities through strict requirements and guidelines for the use of		
16	radioactive material licenses, thousands of NORM sites throughout the state, and		
17	two nuclear power plants within Louisiana and one on its eastern border. The goal		
18	of the Radiation Program is to ensure radiation protection for the public, radiation		
19 20	workers, and the environment in Louisiana by maintaining radiation protection standards for all who possess, use or store sources of radiation, excluding federally		
20	regulated facilities, and by providing a radiological response plan to respond to		
22	nuclear power plan accidents. The Radiation Program includes the following		
23	activities: Radiation, Radioactive Materials and Equipment, Nuclear Power Plants		
24	Emergency Planning and Response.		
25	Objective: To maintain and enhance an effective radiation program for the		
26	registration of radiation-producing machines, licensing of radioactive materials,		
27	including naturally-occurring radioactive material (NORM), and certification of		
28 29	industrial radiographers by processing 98% of all action requests within 30 days of receipt.		
30	Performance Indicator:		
31	Percent of applications processed within 30 days of receipt 98%		
32	<b>Objective:</b> To maintain an effective radiation protection program by having no more		
33	than 5% of field inspections of x-ray registration and radioactive material specific		
34	license facilities overdue.		
35	Performance Indicators:		
36 37	Percentage of license inspections overdue 5%		
57	Percentage of FDA mammography inspections performed annually 100%		
38	Objective: To maintain an effective radiation program by issuing 100% of enforce-		
39	ment actions within 70 days from date of inspection.		
40	Performance Indicator:		
41 42	Percent of enforcement actions issued within 70 days from date of inspection 100%		
42	of inspection 100%		
43	Objective: Through the emergency planning activity, to maintain the capability to		
44	respond effectively to potential nuclear power plant emergencies and coordinate off-		
45 46	site activities of other state and local agencies as indicated by meeting 100% of the		
40 47	Federal Emergency Management Agency's planning objectives. <b>Performance Indicator:</b>		
48	Percentage of emergency planning objectives successfully demonstrated 100%

### 1 **13-852 OFFICE OF WATER RESOURCES** 2 **EXPENDITURES:** 3 Water Resources - Authorized Positions (232) \$ 19,221,105 4 Program Description: The mission of the Office of Water Resources is to ensure 5 that the citizens of Louisiana have clean and healthy water to drink and use for 6 present and future generations by regulating pollution sources and providing 7 technical support for the restoration of polluted waters. Clean and healthy water is 8 vital to the survival and progress of the State of Louisiana. Ground water is the 9 primary source of drinking water for 61% of the state's residents (DOTD/USGS 10 "Water Use Survey", 1995). The goal of this program is to maintain and enhance 11 the quality of the waters of the state. Louisiana currently leads the nation in the 12 amount of toxic wastes discharged to surface waters. This program has only one 13 activity, Surface Water. 14 Objective: To monitor 100% of the named waterbody subsegments in the Mermentau 15 and Vermillion basins and ensure that 10% of the designated uses of said waterbodies 16 are attained. 17 **Performance Indicators:** 18 Percentage of all waterbody subsegments monitored in the Mermentau 19 100% and Vermillion basins 20 Percentage of the designated uses attained by the Mermentau and 21 Vermillion basins 10% 22 23 24 25 26 27 28 Objective: Through the Source Water Protection activity, to delineate the source water protection area and to identify potential sources of contamination for 9.4% of 2002 public water systems participating in the Source Water Assessment Program and Wellhead Protection Program. **Performance Indicator:** Percent of 2002 public water supply systems participating in the Source Water Assessment Program and Wellhead Protection 29 30 Program for which the source water protection area has been characterized for its susceptibility to contamination 9.4% 31 Objective: Through the compliance activity, to inspect 90% of the 253 major facilities 32 33 and 30% of the 4300 minor facilities in the state. **Performance Indicators:** 34 90% Percent of major facilities inspected 35 Percent of minor facilities inspected 30% 36 37 Objective: Through the compliance activity, to initiate investigation of 100% of all reports of spills and citizen complaints within five (5) days of receipt. 38 **Performance Indicator:** 39 Percent of complaint and spill notifications addresses within five days of 40 100% receiving notification 41 Objective: Through the monitoring activity, to make available to the citizens of the 42 state all mercury fish tissues sampling results by posting 100% of verified Mercury 43 Fish Tissue Sampling Results and 100% of official fish consumption advisories within 44 30 days on the LDEQ Website. 45 **Performance Indicators:** 46 Percent of verified mercury fish sampling results posted within 30 days 47 100% on LDEO Website 48 Percent of official fish consumption advisories within 30 days on LDEQ 49 Website 100% 50 Objective: Through the permitting and enforcement activities, to issue 850 permits 51 52 during FY 2000 and by issuing 90% of enforcement actions to facilities within 120 days of receiving final inspection reports. 53 54 **Performance Indicators:** Number of permits issued 850 55 Percent of enforcement actions issued to facilities within 120 days of 56 90% receiving final inspection reports 57 TOTAL EXPENDITURES

1	SCHEDULE 19
2	HIGHER EDUCATION
3 4	The following sums are hereby appropriated for the payment of operating expenses associated with carrying out the functions of higher education.
5 6	In accordance with Article VIII, Section 12 of the Constitution, and in acknowledgment of the responsibilities which are vested in the management boards of higher education, all Fiscal
7	Year 1999-2000 appropriations for higher education institutions which are part of a university
8	system are made to their respective management boards and shall be administered by the same
9	management boards and used solely as provided by law.
10	Each management board has the authority to manage and supervise the institutions of higher
11	education under their jurisdiction. Responsibilities include the following: to employ and/or
12	approve the employment of board and university personnel; to actively seek and accept
13	donations, bequests, or other forms of financial assistance; to set tuition and fees; to award
14 15	certificates, confer degrees, and issue diplomas; to buy, lease, and/or sell property and
15	equipment; to enter into contractual arrangements on behalf of the institutions; to adopt
16	academic calendars; to sue and be sued; to establish and enforce operational policies for the
17	board and institutions; and to perform other such functions as are necessary or incidental to
18	the supervision and management of their respective university system.
19	Provided that any funds which were specifically appropriated for implementation of the
20	United States v. State of Louisiana Settlement Agreement, that remain unexpended on June
21	30, 1999, shall be hereby re-appropriated for use by each management board for the
22	continued implementation of the Agreement.
23	General Program Description for Higher Education: Enhances the quality of life and advances
24 25	economic development of the state by providing citizens with knowledge and skills required to compete in global economy; provides postsecondary instruction in general academic subjects and professional and
26	technical fields; contributes to creation of new knowledge through organized research activities; and utilizes
27	capabilities of its institutions to provide non-instructional services beneficial to the state and its
28	communities.
29	Formula: The Board of Regents is constitutionally required to develop a formula for the
30	equitable distribution of funds to the institutions of higher education. The formula is an
31	estimator of the funding needs for each institution based on its role, scope, and mission as
32	contained in the Master Plan adopted by the Board of Regents. There are two major
33	components of the formula:
34	(1) A workload component, which uses student credit hour production as well as various
35	other factors such as average faculty salaries, average student workloads, average student
36	to faculty ratios, research activities, academic support requirements, operations and
37	maintenance, utilities, and general administrative and general expenses, to calculate a
38	basic funding amount for each institution's operating requirements.
39	(2) A mission component, which is applied to the workload component output and is based
40	on the average state funding per full-time equivalent student as determined for each
41	institution's group of peer institutions. Each institution has had a group of ten peer
42	institutions selected from the SREB region - one peer institution from each of ten SREB
43	states. A one hundred percent formula funding implementation level provides the amount
44	of state general fund support required for an institution to be funded at the average state
45	funding rate of its peer group.
46	The other sources of revenues used to fund the operations of institutions are self-generated
47	revenues, consisting mostly of tuition and fees, interagency transfers from other state
48	agencies, and unrestricted federal funds. The goals for the student contribution rates as a
49	percentage of education and general expenditures are: (1) twenty-five percent of the cost
50	of education with the remaining seventy-five percent coming from the state for two-year

institutions; and (2) thirty percent of the cost of education with the remaining seventy percent
 from the state for four-year institutions.

**Performance Evaluation:** Commencing in Fiscal Year 1999-2000 the formula will include an additional element directed at performance evaluation and functional accountability. The Board of Regents is directed to develop appropriate evaluation mechanisms based on nationally recognized and accepted standards and definitions which will be used to report to the legislature the performance and functional accountability of institutions in the following areas:

(1) Student charges/costs, including tuition rates and financial aid;

10 (2) Student advancement, including continuing students, transfer students, graduation rate, 11 licensure pass rate, and placement per employment reports; 12 (3) Program viability, including accreditation information; 13 (4) Faculty activity, including salaries and work description; 14 (5) Administration, including best practices and efficiency; and 15 (6) Mission specific goals unique to each institution to include addressing the social, cultural, and economic development needs of its service area. 16 **19-671 BOARD OF REGENTS** 17 18 **EXPENDITURES:** 19 Board of Regents - Authorized Positions (64) 64,780,589 20 Role, Scope, and Mission Statement: To plan, coordinate and have budgetary 21 responsibility for all public higher education as constitutionally prescribed in a 22 manner that is effective and efficient, quality driven, and responsive to the needs of 23 the citizens, business, industry, and government. 24 Objective: Conduct remaining assessments (5) of existing postsecondary resources 25 and postsecondary needs in each of the state's 8 geographic regions by Summer 2000. 26 27 **Performance Indicators:** Number of regional plans conducted 5 28 100% Percent of 8 regional plans completed 29 Objective: Redefine the role, scope and mission for each (100%) of the public 30 postsecondary education entities (campuses/units) by Summer 2000. 31 32 **Performance Indicators:** Number of public postsecondary education entities 70 33 Percent of public postsecondary education entities with redefined 34 role, scope and mission 100% 35 36 Objective: Establish, implement, and manage a systemwide distance learning network connecting 100% public postsecondary education campuses by Summer 2000. 37 **Performance Indicators:** 38 Number of public postsecondary education entities 70 39 Percent of pubic postsecondary education entities connected to 40 distance learning network 100% 41 Objective: Increase by 10% the number of courses to be included in the 1999-2000 42 Student Transfer Guide and General Education Articulation Matrix (to be published 43 in Fall 1999). 44 **Performance Indicators:** 45 Number of courses included in Articulation Matrix 69 46 Percent change in number of courses included in Articulation Matrix 10% 47 Objective: Identify 10 specified degree programs by Spring 2000 in order to adopt 48 and implement articulated units of common coursework among each of the programs. 49 **Performance Indicators:** 50 Number of specified degree programs identified 10 51 Number of identified programs for which articulated units of common 52 coursework have been adopted 10 53 TOTAL EXPENDITURES 64,780,589

**Role, Scope, and Mission Statement:** The Louisiana State University Medical Center provides education, research, patient care services, community outreach, and addresses health care manpower needs. The Louisiana State University Medical Center encompasses six professional schools - the School of Medicine in New Orleans, the School of Medicine in Shreveport, the School of Graduate Studies in New Orleans and Shreveport, the School of Nursing, the School of Dentistry, and the School of Allied Health Professions in New Orleans and Shreveport.

The LSU Medical Center administers the Health Care Services Division. This division has a dual mission: 1) to assure the availability of acute and primary health care services to the uninsured, to the under insured, and to others with problems of access to medical care, and 2) to serve as the principal sites for the clinical education of future doctors and other health care professionals. The Shreveport school also includes a hospital. The LSU Medical Center is Louisiana's only comprehensive facility for the professional education of health care providers. The LSU Medical Center also has a major role in public service through direct patient care, especially for a majority of the state's indigent citizens.

Role, Scope, and Mission Statement: Southern University and A&M College, a publicly supported, coeducational, land grant, historically black, comprehensive institution, prepares students to compete globally in their respective professions, and to engage in advanced study in graduate and professional schools. The university is committed to a broad program of research, both basic and applied, and creative work to stimulate the faculty and students in a quest for knowledge and to aid society in resolving its scientific, technological, socio-economic and cultural problem. The university seeks to enhance student diversity by emphasizing educational access for students without regard to gender, ethnicity, age, geographical or national origin, or physical challenges.

**Role, Scope, and Mission Statement:** The mission of Southern University at New Orleans is to create and maintain an environment conducive to learning and growth, to promote the upward mobility of all people by preparing them to enter into new as well as traditional careers, and to equip them to function optimally in the mainstream of the American society. The university provides a sound education tailored to special needs of students coming to an open admissions university and prepares students for full participation in a complex and changing society. The university offers a liberal education directed toward the achievement of higher literacy and a broad intellectual development, which in turn serves as a foundation for training in one of the professions. The SUNO ideal is thus a harmony of the general and the special aspects of learning. It aims at both immediate and long-range rewards.

**Role, Scope, and Mission Statement:** Northeast Louisiana University currently serves a student body of 10,500 students offering undergraduate degree programs in business administration, education, liberal arts, pharmacy and health services, and pure and applied sciences, in addition to graduate programs in education and pharmacy. The university continues to develop and deliver high quality and cost-effective academic and service programs to serve the higher education needs of Louisiana's citizens, business, industry and government. Specifically, Northeast Louisiana University will continue to be recognized for offering excellent academic programs in the health, natural and environmental sciences, business development, education and family studies consistent with a Carnegie Doctoral Level II University. Additionally, Northeast Louisiana University is committed to serving as an academic gateway by developing teaching, research and public service programs to meet the needs of the Lower Mississippi Delta Region.

**Peer Institutions:** University of South Alabama, Florida Atlantic University, Georgia Southern University, University of Maryland Baltimore County Campus, Winston-Salem State University, University of Central Oklahoma, College of Charleston, East Tennessee State University, James Madison University, and Marshall University.

Role, Scope, and Mission Statement: The University of Southwestern Louisiana, a member of the University of Louisiana System, is a public, Doctoral II institution of higher education offering associate, bachelor's, master's and doctoral degrees. Its academic programs are administered by the Colleges of Applied Life Sciences, the Arts, Business Administration, Education, Engineering, General Studies, Liberal Arts, Nursing, Sciences and the Graduate School. The university is dedicated to achieving excellence in undergraduate and graduate education, in research, and in public service. For undergraduate education, this commitment implies a fundamental subscription to general education, rooted in the primacy of the traditional liberal arts and sciences as the core around which all curricula are developed. The graduate curricula seek to develop scholars who will variously advance knowledge, cultivate aesthetic sensibility, and improve the material conditions of humankind. The university reaffirms its historic commitment to diversity and integration. Thus, through instruction, research, and service, the university promotes regional economic and cultural development, explores solutions to national and world issues, and advances its reputation among its peers.

**Peer Institutions:** The University of Alabama, University of Arkansas at Little Rock, University of Central Florida, University of Louisville, Towson State University, University of Southern Mississippi, University of North Carolina at Charlotte, Middle Tennessee State University, University of Texas at Arlington, and Old Dominion University.

9	Total	<u>\$</u>	5,716,901	\$	6,586,630	

Role, Scope, and Mission Statement: The Baton Rouge Community College is an open admission, two-year post-secondary public institution. The mission of the Baton Rouge Community College includes the offering of the highest quality collegiate and career education through comprehensive curricula allowing for transfer to four-year colleges and universities; community education programs and services; life-long learning; and distance learning programs. This variety of offerings will prepare students to enter the job market, to enhance personal and professional growth, or to change occupations through training and retraining. The curricular offerings shall include courses and programs leading to transfer credits and to certificates, diplomas, and associate degrees. All offerings are designed to be accessible, affordable, and of high educational quality. Due to its unique location, the Baton Rouge Community College is particularly suited to serve the special needs of area business and industries and the local, state, and federal governmental complex.

The college is currently seeking accreditation by the Southern Association of Colleges and Schools (SACS). This process has five major steps: 1) application to become a candidate; 2) candidacy team visit; 3) self-study; 4) evaluation by visiting team; 5) accreditation. The college has divided itself into teams to address the initial threshold criteria for candidacy status during the 1998-99 fiscal year. During the 1999-00 fiscal year, if authorized by the candidacy team, the college will begin the self-study (18-24 months). If the entire process is not complete within four years, the college must restart from step one.

1	SCHEDULE 13	
2	DEPARTMENT OF ENVIRONMENTAL QUALITY	7
3	13-850 OFFICE OF THE SECRETARY	
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	EXPENDITURES: Administrative - Authorized Positions (74) Program Description: As the managerial branch of the department, the mission of the Administrative Program is to facilitate achievement of environmental improve- ments by coordinating the other program offices' work to reduce quantity and toxicity of emissions, by representing the department when dealing with external agencies, and by promoting initiatives that serve a broad environmental mandate. The Administrative Program fosters improved relationships with DEQ's customers, including community relations and relations with other governmental agencies. The Administrative Program reviews objectives and budget priorities to assure they are in keeping with DEQ mandates. The goal of the program is to improve Louisiana's environment by enabling the department to provide the people of Louisiana with comprehensive environmental protection in order to promote and protect health, safety, and welfare while considering sound economic development and employment policies. The activities of this program are executive staff, technical advisors, legal affairs, communications, and internal audit.	<u>\$ 5,454,284</u>
20 21 22 23	<b>Objective:</b> To ensure that 95% of the programs in the department meet their objectives. <b>Performance Indicator:</b> Percentage of DEQ programs meeting objectives95%	
24 25 26 27 28 29 30 31 32 33 34	<b>Objective:</b> To promote pollution prevention through non-regulatory programs by ensuring that the number of companies participating in the Louisiana Environmental Leadership program increase to 84. <b>Performance Indicators:</b> Number of companies belonging to Louisiana Environmental Leadership Program and submitting pollution prevention plans to DEQ84Voluntary reductions of generation rates of hazardous waste (pounds per year)10,169,000Voluntary reductions of generation rates of toxic release inventory chemicals (pounds per year)752,800	
35 36 37	<b>Objective:</b> Through the audit activity, to conduct six major internal audits. <b>Performance Indicator:</b> Number of internal audits conducted6	
38 39 40	<b>Objective:</b> Through the audit activity, to recover at least \$225,000 in unremitted fees. <b>Performance Indicator:</b> Total unremitted fees collected\$225,000	
41 42 43 44 45 46 47 48	<b>Objective:</b> Through the investigations activity, to ensure that 100% of the criminal cases referred to investigations are properly developed and forwarded to the appropriate district attorney as required by the EPA. <b>Performance Indicators:</b> Percentage of criminal cases referred to investigations that are properly forwarded to the appropriate district attorney100%Number of criminal investigations/assistance provided by investigations28Number of administrative referrals17

4	<b>13-851 OFFICE OF ENVIRONMENTAL COMPLIANCE</b>		
5 6 7	EXPENDITURES: Environmental Compliance - Authorized Positions (303) <b>Program Description:</b> The mission of the Environmental Compliance Program is	<u>\$ 1</u>	9,131,186
8 9 10 11 12 13 14 15 16	to ensure the public and occupational safety and welfare of the people and environmental resources of Louisiana by conducting inspections of permitted facilities and activities and responding to chemical emergencies. This program establishes a multimedia compliance approach; creates a uniform approach for compliance activities; assigns accountability and responsibility to appropriate parties; provides standardized instruction training for all investigation personnel; and provides for vigorous prosecution and timely resolution of enforcement actions. The activities in this program are emergency response, surveillance, and enforce- ment.		
17 18 19 20	<b>Objective:</b> Through the surveillance activity, to respond to 100% of reported chemical emergencies. <b>Performance Indicators:</b>		
20 21	Percentage of reported chemical emergencies responded to by emergency response 100%		
22	Number of spill notifications handled by emergency response 1,380		
23	Total number of citizen complaints1,500		
24 25 26	<b>Objective:</b> Through the surveillance activity, to reduce the public's exposure to asbestos hazards by ensuring that 90% of priority projects are inspected for compliance with federal and state regulations.		
20 27	Performance Indicator:		
28	Percentage of asbestos projects inspected 90%		
29 30 31 32 33 34 35	<b>Objective:</b> Through the surveillance activity, to reduce the public's exposure to lead hazards by ensuring that 90% of priority projects are inspected during the current fiscal year for compliance with federal and state regulations relative to the use of certified individuals and proper work practices related to removal of lead contaminated materials. <b>Performance Indicator:</b> Percentage of lead hazard projects inspected 90%		
36 37 38 39	<b>Objective:</b> Through the surveillance activity, to maintain an effective radiation protection program by having no more than 5% of field inspections of X-ray registration and radioactive material specific license facilities overdue. <b>Performance Indicators:</b>		
40	Percentage of license inspections overdue 5%		
41	Percentage of FDA mammography inspections performed annually 100%		
42 43 44 45 46	<b>Objective:</b> Through the surveillance activity, to maintain the capability to respond effectively to potential nuclear power plant emergencies and coordinate off-site activities of other state and local agencies as indicated by meeting 100% of the Federal Emergency Management Agency's planning objective. <b>Performance Indicator:</b>		
40 47	Percentage of emergency planning objectives successfully		
48	demonstrated 100%		
49 50 51	<b>Objective:</b> Through the surveillance activity, to inspect 90% of the 253 major facilities and 30% of the 4,300 minor facilities in the state. <b>Performance Indicators:</b>		
51 52	Performance Indicators: Percentage of major facilities inspected 90%		
53	Percentage of minor facilities inspected 30%		
54 55 56	<b>Objective:</b> Through the surveillance activity, to initiate investigation of 100% of all reports of spills and citizen complaints within five days of receipt. <b>Performance Indicator:</b>		
57	Percentage of complaint and spill notifications addressed		
58	within 5 days of receiving notification 100%		

1	<b>Objective:</b> Through the surveillance activity, to monitor and make available to the	
	citizens of the state all mercury fish tissue sampling results by posting 100% of	
2 3	verified mercury fish tissue sampling results and 100% of official fish consumption	
4 5	advisories within 30 days on the LDEQ website.	
5	Performance Indicators:	
6	Percentage of verified mercury fish sampling results posted	
7	within 30 days on LDEQ website 100%	
8	Percentage of official fish consumption advisories within 30	
9	days on LDEQ website 100%	
10	Objective: Through the surveillance activity, to maintain compliance for 98% of the	
11	permitted hazardous waste facilities inspected.	
12	Performance Indicator:	
13	Percentage of hazardous waste facilities inspected in compliance 98%	
14	Objective: Through the surveillance activity, to ensure that 94% of the permitted solid	
15	waste facilities meet the standards of Louisiana DEQ Solid Waste Regulations and	
16	Subtitle D requirements, and to inspect 36% of the 2,975 non-permitted facilities.	
17	Performance Indicators:	
18	Percentage of permitted solid waste facilities meeting standards 94%	
19	Percentage of non-permitted solid waste facilities inspected 36%	
20	Objective: Through the surveillance activity, to reduce or prevent release from	
20	underground storage tanks by increasing the percent of upgrade tanks to 90%, and by	
22	increasing registered underground storage tank inspections to 20% through the	
23	implementation and enforcement of underground storage tank regulations.	
24	Performance Indicators:	
25	Percentage of registered underground storage tanks inspected 20%	
26	Percentage of registered underground storage tank upgrades processed 90%	
27	Objective: Through the enforcement activity, to maintain an effective radiation	
28	program by issuing 100% of enforcement actions within 70 days from date of	
29	inspection.	
30	Performance Indicator:	
31	Percentage of enforcement actions issued within 70 days from	
32	date of inspection 100%	
33	Objective: Through the enforcement activity, to issue 90% of enforcement actions to	
34	facilities within 120 days of receiving final inspection reports.	
35	Performance Indicator:	
36	Percentage of enforcement actions issued to facilities within	
37	120 days of receiving final inspection reports 90%

# GOVERNOR OF THE STATE OF LOUISIANA

APPROVED: \_\_\_\_\_

# **Veto Messages**

July 7, 1999

Honorable Alfred W. Speer Clerk of the House of Representatives State Capitol Baton Rouge, Louisiana 70804

Re: House Bill No. 1 by Mr. LeBlanc

An Act making appropriations for the ordinary expenses of the executive branch of state government, pensions, public schools, public roads, public charities, and state institutions and providing with respect to the expenditure of said appropriations.

Dear Mr. Speer:

As authorized by Article III, Section 18(B), and more particularly, Article IV, Section 5(G)(1) of the Constitution of Louisiana, I have exercised my right to veto 10 items or provisions of the General Appropriation Bill.

#### **VETO MESSAGE NO. 1:**

Page 58, lines 16 through 20

This item would provide \$133,902 to the Commissioner of Insurance for the addition of 5 Insurance Compliance Examination Specialists for the Market Conduct Unit of Financial Solvency in the Market Compliance Program. This item was not requested by the agency in its budget request. Adequate justification was not provided by the department for inclusion of these positions in the current year's budget, nor were any long range plans provided by the department to establish future need.

#### VETO MESSAGE NO. 2:

Page 58, lines 21 through 24

This item would provide \$24,401 to the Commissioner of Insurance for the addition of one new clerical position for the Administration Program. This item was not requested in the department's budget request, nor was adequate justification provided by the department to establish this position as essential and necessary at this time.

#### VETO MESSAGE NO. 3:

Page 77, lines 1 through 4

This item allocates \$600,000 of funds appropriated in Schedule 07 for moving and extending taxiways and associated work at the Harry P. Williams Memorial Airport in St. Mary Parish in order to meet FAA certification requirements. Article VII Section 27 (B), of the Louisiana Constitution provides that the annual appropriation for airports shall be a sum equal to, but not greater than, the annual estimated revenue to be derived from the state taxes to be collected and received on aviation fuel. This item would exceed the amount projected to be collected from aviation fuel in Fiscal Year 1999-2000. In addition, this same project is appropriated in priority 2 of the Fiscal Year 1999-2000 capital outlay budget.

#### **VETO MESSAGE NO. 4:**

Page 101, lines 35 through 37

This item required the Commissioner of Administration to reduce State General Fund by \$1,200,000 and increase funding from the Riverboat Gaming Enforcement Fund by \$1,200,000. Although the \$1,200,000 in Riverboat Gaming Enforcement Fund is available from prior year collections, these funds are non-recurring and should not be used to fund recurring expenditures. For this reason, I feel it necessary to veto this item.

#### VETO MESSAGE NO. 5:

Page 125, lines 49 through 52

This item would provide \$500,000 in State General Fund to the Office of Mental Health to administer a statewide atypical medication pilot program. While the Office of Mental Health requested \$7.1 million for Fiscal Year 1999-2000 to fund this class of drugs for non-Medicaid eligible patients, only \$500,000 is provided by this amendment. With the state's commitments to implementation of the TEFRA program, the mental health parity bill and enhanced funding for community mental health, it is difficult to justify piloting this program at this time.

#### **VETO MESSAGE NO. 6:**

Page 142, lines 36 through 38

This item would direct the Office for Addictive Disorders to allocate \$118,000 of the State General Fund appropriated to the agency to the New Orleans Educational Talent Search. Funding for all preventative and educational programs within the Office for Addictive Disorders is allocated on a per capita basis utilizing the 1990 census. This item would skew that distribution and limit the budgetary discretion of the Office for Addictive Disorders.

### VETO MESSAGE NO. 7:

Page 142, lines 43 through 45

This item would direct the Office for Addictive Disorders to allocate \$100,000 of the State General Fund appropriated to the agency to the St. Bernard Community Council Drug Prevention and Education Program. Funding for all preventative and educational programs within the Office for Addictive Disorders is allocated on a per capita basis utilizing the 1990 census. This item would skew that distribution and limit the budgetary discretion of the Office for Addictive Disorders.

#### **VETO MESSAGE NO. 8:**

Page 142, lines 46 through 47

This item would direct the Office for Addictive Disorders to allocate \$150,000 of the State General Fund appropriated to the agency to the Infinity Network Program. Funding for all preventative and educational programs within the Office for Addictive Disorders is allocated on a per capita basis utilizing the 1990 census. This item would skew that distribution and limit the budgetary discretion of the Office for Addictive Disorders.

### **VETO MESSAGE NO. 9:**

Page 148, lines 1 through 5

This item required the Department of Social Services to report a plan to reduce the time frame for filing of terminations of parental rights from 60 days to 15 days to the House Committee on Civil Law and Procedure by September 1, 1999 and to implement the plan by January 1, 2000. This item would impose unreasonable time lines and appears to be an attempt to make substantive law in this appropriations bill. For these reasons, I find it necessary to veto this item.

#### **VETO MESSAGE NO. 10:**

Page 172, lines 47 through 49

This item provides out of the State General Fund contained within Schedule 14-474, Office of Workforce Development that \$150,000 shall be allocated to the Opportunities Industrialization Center in New Orleans. All State General Fund appropriated within this schedule is earmarked for specific services including funding for the operation of the Occupational Informational System Program and matching funds for the welfare to work grants. Therefore, this \$150,000 is not available for this purpose.

#### **VETO MESSAGE NO. 11:**

Page 177, lines 41 through 53

This item appropriates \$500,000 in Conservation Fund revenue contingent upon House Bill No. 1569 of the 1999 Regular Session of the Legislature being enacted into law. House Bill No. 1569 repeals the Wildlife Refuge and Preserve Fund and transfers a balance of \$3.7 million into the Conservation Fund. These funds have already been factored into the budget for the Department of Wildlife and Fisheries to offset a projected shortfall in Conservation Fund revenue in Fiscal Year 1999-2000 and are, therefore, not available for appropriation in this manner.

#### **VETO MESSAGE NO. 12:**

Page 196, lines 23 through 28

This item, in the Louisiana State University Medical Center's budget, would provide a duplication of \$5,000,000 in Tobacco Settlement Revenues to be used for Cancer Research. Amendments which attempted to remove conditions to supplementary recommendations in the original appropriation bill, based on recognition of tobacco settlement revenues by the Revenue Estimating Conference, actually resulted in a doubling of this appropriation. This technical veto is necessary to resolve this duplication and the original supplementary recommendation will be considered funded and in effect for the purpose originally intended.

#### VETO MESSAGE NO. 13:

Page 246, lines 40 through 43

This item, in the Department of Education's budget, would provide \$250,000 for educational programs for at-risk students in Bienville, Bossier, Webster, and Claiborne parishes. It was clearly the intent of the legislature, through the passage of House Bills 1547 and 640 which dedicate a portion of the tobacco settlement proceeds to pre-kindergarten through 12<sup>th</sup> grade, to address instructional enhancement for all students through an equitable distribution to all school systems. Therefore, this item providing funding to this limited area may be considered an unnecessary duplication of funding.

#### **VETO MESSAGE NO. 14:**

Page 269, lines 38 through 40

This item would provide \$50,000 in State General Fund to the Greater Monroe Community Center for Senior Citizens. It duplicates funding provided in Schedule 05-252 - Office of Commerce and Industry - for this organization.

#### **VETO MESSAGE NO. 15:**

Page 270, lines 6 through 7

This item would provide \$20,000 in State General Fund for the Family Life Enhancement of Ouachita. The item is local in nature and there is no explanation of what services will be provided or how the funds will be expended. The state provides significant aid to local governments on an equitable basis, with considerable flexibility on the use of those funds left to the local governments. This item should be considered for funding at the local level through the prioritization of merit.

### VETO MESSAGE NO. 16:

Page 270, lines 10 through 12

This item would provide \$30,000 in State General Fund to the City of Richwood to upgrade its police department. The item is local in nature and the state should not subsidize the actual operations of local police departments. The state provides significant aid to local governments on an equitable basis, with considerable flexibility on the use of those funds left to the local governments. Additionally, the state provides supplemental pay to municipal police throughout the state, including the Richwood police officers. This item should be considered for funding at the local level through the prioritization of merit.

Sincerely,

M. J. "Mike" Foster, Jr.
