Regular Session, 1999

HOUSE BILL NO. 1

BY REPRESENTATIVE LEBLANC

APPROPRIATIONS: Provides for the ordinary expenses of state government

1 AN ACT

Making appropriations for the ordinary expenses of the executive branch of state government,

pensions, public schools, public roads, public charities, and state institutions and

providing with respect to the expenditure of said appropriations.

Be it enacted by the Legislature of Louisiana:

Section 1. The appropriations in this Act from state revenue shall be payable out of the sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the Louisiana Constitution.

Section 2. All money from federal, interagency, statutory dedication, or self-generated revenues shall be available for expenditure in the amounts herein appropriated. Any increase in such revenues shall be available for allotment and expenditure by an agency on approval of the commissioner of administration and the Joint Legislative Committee on the Budget. In the event that these revenues should be less than the amount appropriated; the appropriation shall be reduced accordingly. To the extent that such funds were included in the budget on a matching basis with state funds, a corresponding decrease in the state matching funds may be made. Any federal funds which are classified as disaster or emergency may be expended prior to approval of a BA-7 by the Joint Legislative Committee on the Budget upon the secretary's certifying to the governor that any delay would be detrimental to the state. The Joint Legislative Committee on the Budget shall be notified in writing of such declaration and shall meet to consider such action, but if it is found by the committee

that such funds were not needed for an emergency expenditure, such approval may be withdrawn and any balance remaining shall not be expended.

Section 3. Notwithstanding any other law to the contrary, the functions of any department, agency, program, or budget unit of the executive branch, except functions in departments, agencies, programs, or budget units of other statewide elected officials, may be transferred to a different department, agency, program, or budget unit for the purpose of economizing the operations of state government by executive order of the governor. Provided, however, that each such transfer must, prior to implementation, be approved by the commissioner of administration and Joint Legislative Committee on the Budget. Further, provided that no transfers pursuant to this Section shall violate the provisions of Title 36, Organization of the Executive Branch of State Government.

In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of forms BA-7. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

Section 3.A. Each schedule as designated by a five-digit number code for which an appropriation is made in this Act is hereby declared to be a budget unit of the state.

- B.(1) The program descriptions, account descriptions, general performance information, and the role, scope, and mission statements of higher education institutions and technical colleges contained in this Act are not part of the law and are not enacted into law by virtue of their inclusion in this Act.
- (2) Unless explicitly stated otherwise, each of the program objectives and the associated performance indicators contained in this Act shall reflect performance to be achieved for the 1999-2000 Fiscal Year.
- (3) The program objectives and performance indicators for each program contained in this Act shall constitute the set of key objectives and key performance indicators which are reportable quarterly for Fiscal Year 1999-2000 under the Louisiana Governmental

(With Senate Amendments)

Performance and Accountability Act, Act 1465 of the 1997 Regular Session of the Legislature, particularly R.S. 39:2(23) and (24) and R.S. 39:87.3.

Section 4. Unless expressly provided in this Act, funds cannot be transferred between departments or schedules receiving appropriations. However, any unencumbered funds which accrue to an appropriation within a department or schedule of this Act due to policy, programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner of administration and the Joint Legislative Committee on the Budget, be transferred to any other appropriation within that same department or schedule. Each request for the transfer of funds pursuant to this Section shall include full written justification. The division of administration, upon approval by the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds associated with lease agreements between the state and the Office Facilities Corporation.

Section 5. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of general fund appropriations for the Fiscal Year 1998-1999, and to pay a deficit arising therefrom out of any revenues accruing to the credit of the state general fund during the Fiscal Year 1999-2000, to the extent such deficits are approved by the legislature. In order to conform to the provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in accordance with the agreement to be executed between the state and Financial Management Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on federally funded appropriations prior to the receipt of funds from the U.S. Treasury.

Section 6.A. The figures in parentheses following the designation of a program are the total authorized positions for that program. Any transfer of personnel pursuant to the authority of this Act, or any other law shall be deemed a transfer of the position from the original budget entity to the budget entity to which such personnel are transferred.

The number of authorized positions approved for each department, agency, or program as a result of the passage of this Act may be increased by the commissioner of administration in conjunction with the transfer of functions or funds to that department, agency, or program when sufficient documentation is presented and the request deemed valid.

HLS 99-869 H.B. NO. 1

(With Senate Amendments)

The number of authorized positions approved for each department, agency, or program may also be increased by the commissioner of administration when sufficient documentation of other necessary adjustments is presented and the request is deemed valid. The total number of personnel in state government so approved by the commissioner of administration may not be increased in excess of three hundred fifty. However, any request which reflects an annual aggregate increase in excess of twenty-five employees for any department, agency, or program must also be approved by the Joint Legislative Committee on the Budget.

If there are no figures following a department, agency, or program, the commissioner of administration shall have the authority to set the number of positions.

Any employment freezes or layoffs which are necessitated as a result of implementation of this Act shall not have a disparate employment effect based on any suspect classification, i.e., race, sex, color, or national origin or any negative impact upon the Equal Employment proposition as set out in the "McDonald-Douglas Test" or Title VII of the 1964 Civil Rights Act, as amended.

- B. Orders from the Civil Service Commission or its designated referee which direct an agency to pay attorney's fees for a successful appeal by an employee may be paid out of an agency's appropriation from the expenditure category professional services; provided, however, that an individual expenditure pursuant to this Section may not exceed \$1,500 in accordance with Civil Service Rule 13.35(a).
- C. The budget request of any agency with an appropriation level of thirty million dollars or more shall include within its existing table of organization the position of internal auditor.
- D. Except as provided in Schedule 20-XXX GROUP BENEFITS of Section 15 of this Act, in the event that any cost assessment allocation proposed by the Board of Trustees of the State Employees Group Benefits Program becomes effective during the 1999-2000 Fiscal Year, each budget unit contained in this Act shall pay out of its appropriation an amount equal to fifty percent of total premiums for all active employees and those retirees

with	Medicare	shall	be in	accordance	with	R.S.	42:851(A)(1)	(c).	The cos	t asse	essmer	ıt
alloc	ation shall	inclu	de bot	h indemnity	and h	ealth	maintenance	orgar	nization <sub>1</sub>	olan 1	nembe	ers.

Section 7. In the event the governor shall veto any line-item of expenditure and such veto shall be upheld by the legislature, the commissioner of administration shall withhold from the department's, agency's, or program's funds an amount equal to the veto. The commissioner of administration shall determine how much of such withholdings shall be from the state general fund.

Each program receiving an appropriation in this Act shall be subject to all rules and regulations of the agency in which it is appropriated and shall be monitored on a continuous basis and evaluated by January, 2000, by that agency to assure that it is operated in an efficient and effective manner.

Section 8. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of the constitution, if at any time during Fiscal Year 1999-2000 the official budget status report indicates that appropriations will exceed the official revenue forecast, the governor shall have full power to reduce appropriations in accordance with R.S. 39:75, except that notwithstanding the provisions of R.S. 39:75(C), the governor may reduce appropriations not to exceed ten percent in the aggregate of the total appropriations for each budget unit.

The governor shall have the authority within any month of the fiscal year to direct the commissioner of administration to disapprove warrants drawn upon the state treasury for appropriations contained in this Act which are in excess of amounts approved by the governor in accordance with R.S. 39:74.

The governor may also, and in addition to the other powers set forth herein, issue executive orders in a combination of any of the foregoing means for the purpose of preventing the occurrence of a deficit.

Section 9. Notwithstanding the provisions of Section 2 of this Act, the division of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this

HLS 99-869 H.B. NO. 1

(With Senate Amendments)

balance and shall, in no way, have the effect of changing the intended level of funding for a
program or budget unit of this Act.
Section 10. For the number of naving appropriations made havein all revenues due

Section 10. For the purpose of paying appropriations made herein, all revenues due the state in Fiscal Year 1999-2000 shall be credited by the collecting agency to Fiscal Year 1999-2000 provided such revenues are received in time to liquidate obligations incurred during Fiscal Year 1999-2000.

No state board or commission shall have the authority to expend funds not appropriated in this Act, except those which are solely supported from private donations or which function as port commissions, levee boards or professional and trade organizations.

Section 11.A. Notwithstanding any other law to the contrary, including any provision of any appropriation act or any capital outlay act, no special appropriation enacted at any session of the legislature, except the appropriation act for the expenses of the judiciary and the appropriation act for expenses of the legislature, its committees, and any other items listed therein, shall have preference and priority over any of the items in the General Appropriation Act or the Capital Outlay Act for any fiscal year.

B. Appropriations from the Transportation Trust Fund in the General Appropriation Act and the Capital Outlay Act shall have equal priority. In the event revenues being received in the state treasury and being credited to the fund which is the source of payment of any appropriation in such acts are insufficient to fully fund the appropriations made from such fund source, the treasurer shall allocate money for the payment of warrants drawn on such appropriations against such fund source during the fiscal year on the basis of the ratio which the amount of such appropriation bears to the total amount of appropriations from such fund source contained in both acts.

Section 12. Pay raises or supplements provided for by this Act shall, in no way, supplant any local or parish salaries or salary supplements to which the personnel affected would be ordinarily entitled.

Section 13. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby

declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

Section 14. All BA-7 budget transactions submitted in accordance with this Act or any other provisions of law which require approval by the Joint Legislative Committee on the Budget or joint approval by the commissioner of administration and the Joint Legislative Committee on the Budget shall be submitted to the commissioner of administration, Joint Legislative Committee on the Budget and Legislative Fiscal Office a minimum of sixteen working days prior to consideration by the Joint Legislative Committee on the Budget. Each submission must include full justification of the transaction requested but submission in accordance with this deadline shall not be the sole determinant of whether the item is actually placed on the agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in accordance with the provisions of this Section shall only be considered by the commissioner of administration and Joint Legislative Committee on the Budget when extreme circumstances requiring immediate action exist.

Section 15.A. Except for the conditions set forth in Subsection B of this Section, the following sums or so much thereof as may be necessary are hereby appropriated out of any monies in the state treasury from the sources specified; from federal funds payable to the state by the United States Treasury; or from funds belonging to the state of Louisiana and/or collected by boards, commissions, departments, and agencies thereof, for purposes specified herein for the year commencing July 1, 1999, and ending June 30, 2000. For the purposes of this Act, "State General Fund from Tobacco Settlement Revenues" or "Tobacco Settlement Revenues" shall mean monies received by the state which are received as a result of or attributed to the Master Settlement Agreement executed on November 23, 1998, and approved by Consent Decree and Final Judgment entered in the case entitled "Richard P. Ieyoub, Attorney General, ex rel. State of Louisiana v. Philip Morris, Incorporated, et al.", bearing Number 98-6473 on the docket of the Fourteenth Judicial District for the parish of Calcasieu, state of Louisiana. The commissioner of administration is hereby authorized and

directed to correct the means of finance for any appropriation of tobacco settlement revenues contained herein to reflect the enactment of any law dedicating tobacco settlement revenues. Funds appropriated to auxiliary programs herein shall be from prior and current year collections, with the exception of state general fund direct. Further provided with regard to auxiliary funds, that excess cash funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds therefrom credited to each account and not transferred to the state general fund. This Act shall be subject to all conditions set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended.

B. No funds appropriated in this Act shall be transferred to a public or quasi public agency or entity which is not a budget unit of the state unless the intended recipient of those funds presents a comprehensive budget to the Legislative Auditor and the transferring agency showing all anticipated uses of the appropriation, an estimate of the duration of the project, and a plan showing specific goals and objectives for the use of such funds, including measures of performance. In addition, and prior to making such expenditure, the transferring agency shall require each recipient to agree in writing to provide written reports to the transferring agency at least every six months concerning the use of the funds and the specific goals and objectives for the use of the funds. In the event the transferring agency determines that the recipient failed to use the funds set forth in its budget within the estimated duration of the project or failed to reasonably achieve its specific goals and objectives for the use of the funds, the transferring agency shall demand that any unexpended funds be returned to the state treasury unless approval to retain the funds is obtained from the division of administration and the Joint Legislative Committee on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the amount of the public funds received by the provider is below the amount for which an audit is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of the funds to ensure effective achievement of the goals and objectives.

Transfers to public or quasi public agencies or entities that have submitted a budget request to the division of administration in accordance with Part II of Chapter 1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by specific provisions of

(With Senate Amendments)

the Louisiana Revised Statutes of 1950 and the Constitution of the State of Louisiana to local 1 2 governing authorities shall be exempt from the provisions of this Subsection. 3 **SCHEDULE 01 EXECUTIVE DEPARTMENT** 4 5 01-100 EXECUTIVE OFFICE **EXPENDITURES:** 6 7 Administrative - Authorized Positions (56) 36,217,956 8 Program Description: Provides general administration and support services 9 required by the governor; includes staff for policy initiatives such as the Office of 10 Urban Affairs and Development, the Office of Rural Development, Children's 11 Cabinet, the Office of the Louisiana Oil Spill Coordinator, and the Office of Coastal Activities, Louisiana Learn Commission, the Commission on Human Rights, the 13 Office of Disability Affairs, the Office of Environmental Education, the Louisiana 14 State Interagency Coordinating Council, the Economic Development Ombudsman 15 and the Troops to Teachers Program. 16 Objective: Through the Governor's Office of Rural Development, to refer 8% of 17 resource assistance projects to alternate federal, state and local governmental agencies 18 for funding so that by June 30, 2003, 49% of projects use alternative sources of 19 funding. The completion rate of resource assistance projects will be 66% over 2 20 vears. 21 22 23 24 25 **Performance Indicators:** \$10,395,000 Dollar value of projects funded Number of projects funded Percentage of applications directed to other resources 66% Number of resource assistance projects undertaken 175 26 27 28 \$3,014,550 Total dollar value of completed resource assistance projects Completion rate of resource assistance projects by number of projects 66% Objective: Through the Louisiana Oil Spill Coordinator's Office, to remove two 30 abandoned barges from the prioritized state inventory. 31 32 **Performance Indicator:** Number of barges/vessels judged to be most serious removed 2 from the prioritized state inventory **Objective:** Through the Troops to Teachers (TTT), to maintain or exceed a placement 35 36 level of 200 qualified individuals every two years in teaching positions throughout the Louisiana public school system. 37 **Performance Indicators:** Number of individuals recruited by TTT program 100 39 Number of qualified individuals hired by Louisiana public schools 40 **Objective:** Through the Governor's Office of Urban Affairs and Development, to 41 fund nonprofit organizations serving disadvantaged residents in urban areas. 42 **Performance Indicators:** 43 Number of organizations funded 90 Amount of funds disbursed to nonprofit organizations \$8,544,000 45 **Objective:** Through the Governor's Office of Coastal Activities, to work toward the 46 resolution of coastal issues between federal and state agencies, local governments, 47 users groups, coastal residents and the public-at-large, serving as the clearinghouse 48 for idea development and information transfer on coastal issues and sponsoring at least 49 one workshop for the purpose of resolving user conflicts associated with the 50 51 52 53 restoration project implementation. **Performance Indicators:** Number of Wetland Conservation and Restoration Authority meetings 4

3	Program Description: Prevention services are provided primare	
4	contracts with nonprofit providers for a community-based prevention and	
5	system to encourage abstinence from alcohol, tobacco, illicit drug use, a	_
6	and compulsive gambling. OADA provides a continuum of treatmen	
7	detoxification, primary inpatient, community-based, and outpatient. Thes	
8	services include assessment, diagnosis and treatment of alcohol and a	-
9	alcohol and drug addiction, and problem and compulsive gambling. De	
10	services are provided to individuals suffering from prolonged periods	
11	and/or drug abuse in both a medical and nonmedical setting. Outpation	
12	are provided by state and private providers in regular and intensive day	
13	Primary inpatient treatment is provided in both intensive inpatient and	
14	programs. Community-based programs are a bridge from inpati	
15	community and this treatment is provided through Halfway Houses, Thr	ee-Quarter
16	Way Houses, Therapeutic Community and Recovery Homes.	
17	General Performance Information:

1	Atchafalaya Basin - Authorized Positions (3)	\$ 2,421,174
2 3	Program Description: The mission of the Atchafalaya Basin Program is to	
3	coordinate the development and implementation of a cooperative plan for the	
4	Atchafalaya Basin that ensures its services to many people while at the same time	
5		
	protecting its fundamental value. The goal of the Atchafalaya Basin Program is to	
6	conserve, restore and enhance (where possible) the natural habitat of the	
7	Atchafalaya Basin and give all people the opportunity to enjoy the Atchafalaya	
8	experience and to develop and implement a plan that satisfies the needs and	
9	aspirations of all sectors of Louisiana life and economy in a manner that protects	
10	landowner rights and protects the unique environmental values of the entire area.	
11	Objective: To reach a consensus of the state interests concerning the details of Project	
12	Cooperative Agreements (PCA's) and negotiate four (4) agreements with the Corps	
13	of Engineers.	
14	Performance Indicator:	
15	Number of PCA's 4	
13	Tuniber of Leavy	
16	<b>Objective:</b> To complete negotiations with four (4) local sponsors concerning specific	
17	location, size and costs of local programs, operation and maintenance plans and source	
18	of required local funds.	
19	Performance Indicator:	
20	Number of local sponsor contacts 4	
2.1	<b>Objective:</b> To conduct 25 Advisory and Planning Committee meetings in order to	
22	serve as primary liaison on behalf of the state with the Corps of Engineers on the	
22	Atchafalaya Basin Floodway System, Louisiana Project and to represent the policy and	
23 <b>2</b> 4		
∠ <del>4</del> ⊃ <i>5</i>	consensus viewpoint of the state at the federal, regional, state and local levels with	
23 26	respect to the Atchafalaya Basin Floodway System, Louisiana Project.	
21 22 23 24 25 26 27	Performance Indicator:	
21	Number of Advisory and Planning Committee meetings 25	
28	<b>Objective:</b> To provide 28 miles of trail and road improvements and 100 acres of	
29	enhanced habitat in wildlife management areas in order to improve public access to	
28 29 30 31 32 33	publicly owned areas of the Atchafalaya Basin and to enhance the opportunities for	
31	hunting, fishing and other outdoor recreation.	
32	Performance Indicators:	
33	Miles of trail improvements in wildlife management areas 28	
34	Acres of habitat enhanced 100	
35	Objectives To answer that 000% of mirrately award lands which are under the	
36	<b>Objective:</b> To ensure that 90% of privately owned lands, which are under the	
30 27	environmental easement program, conform to the requirements of the easement.	
36 37 38	Performance Indicator:	
38	Percent of land in conformity with the easement 90%	
39	<b>Objective:</b> To restore the hydrology of the E.G. Lake area by opening 60 gaps in spoil	
40	banks blocking natural streams.	
41	Performance Indicator:	
42	Number of gaps and cuts opened 60	
43	<b>Objective:</b> To provide working plans (5) for new facilities at Butte La Rose, Morgan	
<del>4</del> 3 44		
<del>11</del> 15	City, St. Martinville, and for improvements to existing facilities at Belle River and

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	Program Description: The mission of the Technology Assessment Division is to promote and encourage the exploration, production, conservation and efficient use of energy and natural resources in the State of Louisiana. Wise use and conservation of energy and natural resources improve the environment, enhance economic development and ensure a better quality of life for current and future generations. The Technology Assessment Division administers all state and federal energy conservation/management and alternate and renewable energy-related projects implemented through the State Energy Conservation Program (SECP), which manages the remaining elements of the Institutional Conservation Program (ICP) and coordinates funding of applications and reports. Additionally, the program provides technical assistance, information, data, and analysis of the legislature, Secretary, Governor, industry and the public on energy resources, energy use and efficiency. The goal of the Technology Assessment Program is to reduce the wasteful consumption of energy resources in the state. There are three activities in this program: Energy Section, Engineering and Economic Evaluation Section and Auxiliary Residential Energy Efficiency Program.	\$	17,843,480
18 19 20 21 22 23	Objective: To conduct and maintain a total of 50 broad-based statewide energy efficiency, renewable energy or alternative energy products, through the Federal State Energy Program and other Federal programs, that will provide for energy savings to the citizens of Louisiana.  Performance Indicator:  Number of continuing projects maintained  50		
	Number of continuing projects maintained		
24 25 26 27 28	Objective: To complete four major technical analysis reports annually in anticipation of the information and analysis needs for all major decision makers on energy resources, energy use and efficiency topics.  Performance Indicator:  Number of reports that correctly anticipate needs  4		
29 30 31 32 33	Objective: To enhance energy efficiency and implement energy codes and standards in Louisiana that will save 7.0 trillion BTUs of energy.  Performance Indicator:  Annual energy saved from currently active projects, (in trillion		
33	BTU's per year) 7.00		
34 35 36 37 38 39 40 41	Auxiliary Account  Account Description: It is the goal of this program to promote energy efficient new housing and cost effective energy efficient retrofits in existing housing. The mission of the program is to provide home energy standards, ratings and a certification program to enable the private sector to have a method to measure energy efficiency in new houses and energy efficiency improvements in existing housing. This assists private sector lenders to implement Energy efficiency Mortgages and Home Energy Improvement Loans.	\$	14,036,852

8	Oil and Gas Regulatory - Authorized Positions (132)	\$	8,828,468
9	<b>Program Description:</b> Mineral property rights are important to the economy of	Ψ.	0,020,.00
10	Louisiana. A system of regulations is required to ensure that the rights of all parties		
11	in the exploration and production of oil and gas can be respected. To this end, this		
12	program pursues its mission of regulating the exploration and production of oil and		
13	gas under the guidance of, and in support of the Commissioner of Conservation.		
14	This effort requires extensive geological and engineering study of requests for new		
15	wells, unitization requests and other activities related to mineral exploration and		
16	production as well as the maintenance of a depository of records. The mission of		
17	this program is to protect the correlative rights of all parties involved in the		
18	exploration and production of oil and gas resources while minimizing the waste of		
19	these mineral resources and of capital investments to acquire them. The goal of this		
20	program is to serve the citizens of Louisiana by managing and preserving non-		
21	recurring natural resources in the state. This program contains three activities: Oil		
22	and Gas Regulation, Remote Site Services, and Plug and Abandoned.		
23	<b>Objective:</b> In an effort to provide a system that protects the rights of all parties		
24	involved in oil and gas exploration, this program will ensure that 95% of the		
25	Conservation Orders issued as a result of oil and gas hearings are issued within thirty		
26	days of the hearing date and that 98% of the Critical Date Orders are issued within the		
27	requested time frame.		
28	Performance Indicators:		
29	Percent of unitization orders issued within 30 days  95%		
30 31	Percent of critical date requests issued within time frame 98% Number of field inspection reports 9,000		
32 33 34	<b>Objective:</b> To maximize the number of orphaned well sites restored to 160 with available funds (pursuant to Act 404 of 1993) <b>Performance Indicator:</b>		
35	Number of orphaned well sites restored each fiscal year 160		
36	Public Safety - Authorized Positions (57)	\$	4,224,736
37	<b>Program Description:</b> The exploration, production, distribution and disposal of		
38	natural gas, oil and wastes can threaten public safety and the environment. This		
39	program, as its mission, provides regulation, surveillance and enforcement activities		
40	to ensure the safety of the public and the integrity of the environment. It is the goal		
41	of this program to serve the citizens of Louisiana by managing and preserving non-		
42	recurring natural resources in the state. There are three activities in this program:		
43 44	Pipeline Safety, Injection Wells and Oilfield Waste Disposal facilities, and Surface Mining.		
45	Objective: To ensure the level of protection to the public and compliance in the		
46	<b>Objective:</b> To ensure the level of protection to the public and compliance in the pipeline transportation of oil, gas, and related products by ensuring that the percentage		
47	of reportable pipeline facility (operator) accidents is 3 percent of the total pipeline		
48	facilities (operators).		
49	Performance Indicator:		
50	Percentage of natural gas and hazardous liquids pipeline facilities		
51	(operators) resulting in reportable accidents  3.0%		
52	Objective: To ensure the level of compliance achieved for jurisdictional pipeline		
53	operators by ensuring that the percentage of inspection citations issued is 15 percent		
54	of the total annual inspections performed.		
55	Performance Indicator:		
56	Percentage of annual pipeline inspections resulting in citations 15.0%		

1 2 3 4 5 6 7	Objective: To increase the level of environmental protection and regulatory compliance in the injection/disposal of hazardous waste and exploration and production waste by ensuring that 40 percent of injection/disposal wells with enforcement action are returned to compliance annually.  Performance Indicator:  Percent injection/disposal wells under enforcement action returned to compliance 40%		
8 9 10 11 12 13 14 15 16	Objective: Through the Underwater Obstructions and Site Clearance activity, to ensure that the state's water bottoms are restored to original conditions by approving 75 site clearance applications and removing 25% of the underwater obstructions identified. ### 11-434 OFFICE OF MINERAL RESOURCES

2	EXPENDITURES:		
3	Mineral Resources Management - Authorized Positions (81)	\$	12,184,211
4 5	<b>Program Description:</b> The State of Louisiana holds title to vast areas of land and		
5	water bottoms which produce or have the potential to produce minerals (primarily		
6 7	oil and gas). Leasing of these areas for mineral production provides a large		
8	revenue source for the state. The Mineral Resources Management Program provides staff support to the state Mineral Board which ensures that the state is		
9	obtaining the highest possible returns from the leasing of theses lands. The mission		
10	of this program is to provide staff support to the State Mineral Board in granting		
11	and administering leases on state-owned lands and water bottoms for the production		
12	and development of minerals, primarily oil and gas. The goal of this program is to		
13	support the Mineral Board and ensure that the state-owned lands and water bottoms		
14	produce an optimal return on investments for the State of Louisiana annually. There		
15	are two activities in this program: Mineral Resources Management, and Mineral		
16	Income Auditing.		
17	Objective: To increase the percentage of productive acreage to total acreage leased		
18	from 32% to 33%.		
19	Performance Indicator:		
20	Percentage of productive acreage to total acreage leased 33%		
21	Objective: To increase the percentage of royalties audited to total royalties paid from		
22	26% to 27% in order to maximize revenue derived from mineral production.		
23	Performance Indicator:		
24	Percentage of total royalties paid which are audited 27.0%

/	11-455 OFFICE OF COASTAL RESTORATION AND MANAGEM	IEN	1
8	EXPENDITURES:		
9	Coastal Restoration and Management - Authorized Positions (128)	\$	35,391,129
10	Program Description: Each year, thousands of acres of productive coastal		
11	wetlands are lost to erosion and human activities. The mission of the Coastal		
12	Restoration and Management Program is to serve as the leader for the development,		
13	implementation, operation, maintenance and monitoring of coastal restoration plans		
14	and projects and is the designated state cost-share partner for said projects. The		
15	Coastal Restoration and Management Program coordinates point with various		
16 17	federal and state task forces, other federal and state agencies, the Governor's Office		
18	of Coastal Activities (GOCA), the public, the Louisiana Legislature, and the Louisiana Congressional Delegation on matters relating to the conservation,		
19	restoration, enhancement, management and permitting of Louisiana's coastal		
20	wetlands carried out through its two major divisions: Coastal Restoration Divisions		
21	and Coastal Management Division. The goal of this program is to continue to		
22	implement duly authorized and funded projects to preserve, enhance, restore and		
23	protect the coastal wetlands of Louisiana so they will remain productive and		
24	available for the continued economic and recreational use of the citizens of		
25	Louisiana. There are two activities in this program: Coastal Restoration Projects		
26	and Coastal Permitting.		
27	Objective: To ensure that the loss of wetlands resulting from activities regulated by		
28	the program will be offset by actions which compensate 100% for their loss (as		
29	stipulated by permit conditions).		
30 31	Performance Indicator: Percentage of disturbed acreage mitigated by full		
32	compensation of loss 100%		
33	<b>Objective:</b> To participate in 100% of the state's responses to all oil spills which cause		
34	significant damages to coastal resources and participate in 100% of the Natural		
35	Resource Damage Assessments of all areas damaged by oil spills.		
36	Performance Indicators:		
37	Percentage of participation in 100% of the state's responses to oil		
38	spills which cause significant damages to coastal resources 100%		
39	Percentage of participation in Natural Resource Damage Assessments		
40	involving coastal resources 100%		
41 42	<b>Objective:</b> To develop projects that create, restore, enhance or conserve 13,752 acres of vegetated coastal wetlands.		
43	Performance Indicator:		
44	Acres directly benefited by projects constructed (actual for each		
45	fiscal year) 13,752

### 13-851 OFFICE OF AIR QUALITY AND RADIATION PROTECTION

2	EXPENDITURES:		
3	Air Quality - Authorized Positions (235)	\$	13,371,875
4	<b>Program Description:</b> The mission of the Air Quality Program is to protect and		, ,
5	enhance the air quality in Louisiana and to promote the health, welfare, and		
6	productive capacity of its citizens. Louisiana contains 25% of the nation's chemical		
7	industry and is one of the most heavily industrialized states in the nation. Of the 50		
8	·		
9	states, it has been ranked in the top 5 in the amount of air toxins reported for the		
	years that data has been released by the Environmental Protection Agency. Toward		
10	meeting its goal, this program provides an efficient means to develop, implement		
11	and enforce regulations, inventory and monitor emissions, and permit activities		
12	consistent with laws and regulations. The goal of the Air Quality Program is to		
13	improve air quality in Louisiana by meeting and maintaining ambient air quality		
14	standards for criteria pollutants, reducing emissions of toxic air pollutants and		
15	implementing asbestos and lead public outreach and compliance programs. The		
16	activities in this program are: Air Quality, Asbestos, and Lead.		
17	<b>Objective:</b> To maintain emissions of Volatile Organic Compounds (manmade) to 78		
18	thousand tons or less in the 5-parish Baton Rouge area.		
19	Performance Indicator:		
20	Emissions volatile organic compounds (in thousand tons) in Baton Rouge		
21	5-parish area 78		
	1		
22	<b>Objective:</b> To ensure that 59 parishes continue to meet National Ambient Air Quality		
23	Standards for six (6) criteria pollutants.		
24	Performance Indicator:		
25	Number of parishes meeting standards for 6 criteria pollutants 59		
2.5			
26	<b>Objective:</b> To track the Toxic Emission Data Inventory to ensure that the reduction		
27	of emissions from 1991 level of 126 million pounds is 50.0%.		
28	Performance Indicator:		
29	Percent reduction of emissions 50.0%		
30	<b>Objective:</b> To reduce the public's exposure to asbestos hazards by ensuring that 90%		
31	of priority projects are inspected for compliance with federal and state regulations.		
32	Performance Indicator:		
33	Percent of asbestos projects inspected 90%		
34	<b>Objective:</b> To reduce the public's exposure to lead hazards by ensuring that 90% of		
35	priority projects are inspected for compliance with federal and state regulations during		
36	the current fiscal year relative to the use of certified individuals and proper work		
37	practices related to removal of lead contaminated materials.		
38	Performance Indicator:		
39	Percent of lead hazard projects inspected 90%		
40	Radiation Protection - Authorized Positions (43)	\$	2,510,677
	` '	Φ	2,310,077
41	<b>Program Description:</b> The mission of the Radiation Protection Program is to		
42	ensure the public and occupational safety and welfare of the people and environ-		
43	mental resources of Louisiana by minimizing the risk and maximizing the benefits		
44	of using sources of radiation. The Radiation Protection Program maintains a		
45	comprehensive radiation regulatory program that will protect the public and		
46	occupational safety of the citizens and protect the environment of the state of		
47	Louisiana from the harmful effects of radiation, while maximizing the benefits of		
48	radiation processes. The division coordinates state off-site activities related to		
49	nuclear power plants, high and low-level radioactive waste management, decommis-		
50	sioning of nuclear facilities, transportation of radioactive material, environmental		
51	assessment of radiation emissions, naturally-occurring radioactive materials		
52	(NORM) and emergency preparedness for response to radiation accidents of all		
53	descriptions. The division strives to minimize the risks and maximize the benefits of		
54	radiation activities through strict requirements and guidelines for the use of		
55	radioactive material licenses, thousands of NORM sites throughout the state, and		
56	two nuclear power plants within Louisiana and one on its eastern border. The goal		
57			
58	of the Radiation Program is to ensure radiation protection for the public, radiation		
59	workers, and the environment in Louisiana by maintaining radiation protection		
60	standards for all who possess, use or store sources of radiation, excluding federally		
JU	regulated facilities, and by providing a radiological response plan to respond to		

1 2 3	nuclear power plan accidents. The Radiation Program includes the following activities: Radiation, Radioactive Materials and Equipment, Nuclear Power Plants Emergency Planning and Response.	
4 5 6 7 8	<b>Objective:</b> To maintain and enhance an effective radiation program for the registration of radiation-producing machines, licensing of radioactive materials, including naturally-occurring radioactive material (NORM), and certification of industrial radiographers by processing 98% of all action requests within 30 days of receipt.	
9 10	Performance Indicator: Percent of applications processed within 30 days of receipt  98%	
11 12 13 14	<b>Objective:</b> To maintain an effective radiation protection program by having no more than 5% of field inspections of x-ray registration and radioactive material specific license facilities overdue. <b>Performance Indicators:</b>	
15 16	Percentage of license inspections overdue 5% Percentage of FDA mammography inspections performed annually 100%	
17 18 19	<b>Objective:</b> To maintain an effective radiation program by issuing 100% of enforcement actions within 70 days from date of inspection. <b>Performance Indicator:</b>	
20 21	Percent of enforcement actions issued within 70 days from date of inspection 100%	
22 23 24 25 26 27	<b>Objective:</b> Through the emergency planning activity, to maintain the capability to respond effectively to potential nuclear power plant emergencies and coordinate offsite activities of other state and local agencies as indicated by meeting 100% of the Federal Emergency Management Agency's planning objectives. <b>Performance Indicator:</b> Depositors of emergency planning phiestines appeared the demonstrated at 100%.

37	13-852 OFFICE OF WATER RESOURCES	
38 39	EXPENDITURES: Water Resources - Authorized Positions (232)	\$ 19,221,105
40	Program Description: The mission of the Office of Water Resources is to ensure	
41	that the citizens of Louisiana have clean and healthy water to drink and use for	
42	present and future generations by regulating pollution sources and providing	
43 44	technical support for the restoration of polluted waters. Clean and healthy water is	
45	vital to the survival and progress of the State of Louisiana. Ground water is the primary source of drinking water for 61% of the state's residents (DOTD/USGS	
46	"Water Use Survey", 1995). The goal of this program is to maintain and enhance	
47	the quality of the waters of the state. Louisiana currently leads the nation in the	
48	amount of toxic wastes discharged to surface waters. This program has only one	
49	activity, Surface Water.	
50	<b>Objective:</b> To monitor 100% of the named waterbody subsegments in the Mermentau	
51	and Vermillion basins and ensure that 10% of the designated uses of said waterbodies	
52 53	are attained.	
53 54	Performance Indicators:  Percentage of all waterbody subsegments monitored in the Mermentau

### 13-853 OFFICE OF WASTE SERVICES

2	EXPENDITURES:		
3	Waste Services - Authorized Positions (301)	\$	59,532,547
4	Program Description: The mission of the Waste Services Program is to maintain	Ψ	07,002,017
<del>-1</del>	- · · · · · · · · · · · · · · · · · · ·		
5	and enhance the environment of the state in order to promote and protect the health,		
6	safety, and welfare of the people of Louisiana. The OWS will pursue efforts to		
7	prevent and to remediate contamination of the environment through proper		
8	management of underground storage tanks and solid and hazardous waste facilities.		
9	Furthermore, the OWS will unify, coordinate, and implement programs to provide		
10	for the most advantageous uses of the resources of the state, considering sound		
11	policies regarding economic development. The activities of this program are:		
12	Hazardous Waste, Solid Waste, Underground Storage Tanks, Ground Water		
13	Protection (formerly under the auspices of Water Resources) and Inactive and		
14	Abandoned Sites (formerly under the auspices of the Office of Legal Affairs and		
15	Enforcement).		
16	<b>Objective:</b> Through the groundwater protection activity, to review 94% of the ground		
17	water assessment/corrective action work plans received.		
18	Performance Indicator:		
19	Percentage of groundwater assessment and corrective action work		
20	plans received that have been reviewed 94%		
21

1 2 3	<b>Objective:</b> Through the Appeals activity, to speed up the hearing process so that by June 30, 2000, there are no more than 40 unheard separation cases over 4 months old and no more than 120 unheard cases over 6 months old.	
4	Performance Indicators:	
5	Number of unheard separation cases over 4 months old 40	
6	Number of unheard cases over 6 months old 120	
7 8	<b>Objective:</b> Through the Appeals activity, to speed up the decision process so that by June 30, 2000, 60% of all refereed decisions are rendered within 45 days and no more	
9	than 10% of the decisions are 3 months old or older.	
10	Performance Indicators:	
11 12	Percentage of refereed decisions rendered within 45 days  Percentage of refereed decisions over 3 months old  10%	
12	Percentage of refereed decisions over 3 months old 10%	
13	Objective: Through the Management Information Systems activity and in a	
14	partnership with the Division of Administration, to reach a completion level of 70%	
15	for the new Human Resource Information System.	
16 17	Performance Indicator:	
17 18	Percentage completion of new Human Resource Information System project 70%	
10	project 70%	
19 20 21 22 23	<b>Objective:</b> Through the Management Information Systems activity, to ensure the compliance of all existing production information systems with Year 2000 requirements.	
22 23	Performance Indicator: Percentage of total Year 2000 compliance effort completed 100%	
23	referringe of total Teal 2000 compilance effort completed 100%	
24	Human Resources Management - Authorized Positions (76)	\$ 3,282,681
25	Program Description: Establishes and maintains a uniform job evaluation and	
25 26 27 28	pay system for classified state employees; recruits, tests and certifies applicants for	
27	state employment; enforces compliance with civil service rules; and provides	
28	education and training for personnel staff members and supervisory personnel.	
29	Objective: Through the Personnel Management activity, to develop and implement	
30	a quality assurance program to monitor the performance planning and review system	
29 30 31 32	that was implemented on July 1, 1997.	
32	Performance Indicator:	
33	Number of employees rated using performance planning and review	
34	system 50,000	
35	Objective: Through the Personnel Management activity, to offer different training	
36	courses at various times and various instructional sites across the state, with each	
37	course achieving at least a 95% student satisfaction rating.	
38 39	Performance Indicators:	
39	Total number of students instructed 1,457	
40 41	Total number of classes offered 64	
41	Average percentage of students satisfied with instruction 95%	
42	Objective: Through the Personnel Management activity, to identify and implement	
43	changes that will simplify and improve current layoff procedures.	
44	Performance Indicator:	
45	Number of changes to layoff procedures adopted by Civil Service	
46	Commission 20	
47	Objective: Through Classification and Pay activity, to implement pay practices that	
48	are more responsive to agencies' needs for increased flexibility in organization design	
49	and employee compensation, as well as policies and/or rules that allow agencies to	
50	reward individuals or groups of employees based on significant achievement.	
51	Performance Indicator:	
51 52 53	Number of policies using new flexible options approved by the	
53	Civil Service Commission during fiscal year 10	
<b>5</b>		
54 55	<b>Objective:</b> Through the Examining activity, to maintain at least a 94% service	
55 56	satisfaction rating among applicants for state employment.  Performance Indicators:	
57	Number of test administrations 30,000	
58	Percentage of satisfied applicants 94%	
-	71/V	

1 2 3 4	Objective: Through the Examining activity, to strengthen validity evidence for exams by completing at least two more criterion-related validity studies.  Performance Indicator:  Number of consolidated exams validated during fiscal year 2

#### **UNOFFICIAL REENGROSSMENT**

(With Senate Amendments)

General Program Description for Higher Education: Enhances the quality of life and advances economic development of the state by providing citizens with knowledge and skills required to compete in global economy; provides postsecondary instruction in general academic subjects and professional and technical fields; contributes to creation of new knowledge through organized research activities; and utilizes capabilities of its institutions to provide non-instructional services beneficial to the state and its communities.

**Formula:** The Board of Regents is constitutionally required to develop a formula for the equitable distribution of funds to the institutions of higher education. The formula is an estimator of the funding needs for each institution based on its role, scope, and mission as contained in the Master Plan adopted by the Board of Regents. There are two major components of the formula:

- (1) A workload component, which uses student credit hour production as well as various other factors such as average faculty salaries, average student workloads, average student to faculty ratios, research activities, academic support requirements, operations and maintenance, utilities, and general administrative and general expenses, to calculate a basic funding amount for each institution's operating requirements.
- (2) A mission component, which is applied to the workload component output and is based on the average state funding per full-time equivalent student as determined for each institution's group of peer institutions. Each institution has had a group of ten peer institutions selected from the SREB region - one peer institution from each of ten SREB states. A one hundred percent formula funding implementation level provides the amount of state general fund support required for an institution to be funded at the average state funding rate of its peer group.
- The other sources of revenues used to fund the operations of institutions are self-generated revenues, consisting mostly of tuition and fees, interagency transfers from other state agencies, and unrestricted federal funds. The goals for the student contribution rates as a percentage of education and general expenditures are: (1) twenty-five percent of the cost of education with the remaining seventy-five percent coming from the state for two-year institutions; and (2) thirty percent of the cost of education with the remaining seventy percent from the state for four-year institutions.
- Performance Evaluation: Commencing in Fiscal Year 1999-2000 the formula will include an additional element directed at performance evaluation and functional accountability. The Board of Regents is directed to develop appropriate evaluation mechanisms based on nationally recognized and accepted standards and definitions which will be used to report to the legislature the performance and functional accountability of institutions in the following areas:
  - (1) Student charges/costs, including tuition rates and financial aid;
  - (2) Student advancement, including continuing students, transfer students, graduation rate, licensure pass rate, and placement per employment reports;
    - (3) Program viability, including accreditation information;
  - (4) Faculty activity, including salaries and work description;
  - (5) Administration, including best practices and efficiency; and
- 43 (6) Mission specific goals unique to each institution to include addressing the social, cultural, and economic development needs of its service area.

## **UNOFFICIAL REENGROSSMENT**

(With Senate Amendments)

Section 17.A. Schedule 13 as contained in Section 15 of this Act, relative to the Department of Environmental Quality, and all appropriations, allocations, authorized positions, program descriptions, objectives, and performance indicators shall be null, void, and of no effect and shall be deemed to have been replaced and superseded by Schedule 13 as contained in this Section, but only in the event that House Bill No. 1582 of the 1999 Regular Session of the Legislature is enacted into law.

B. Schedule 13 as contained in this Section shall be subject to the provisions of Sections 1 through 15 of this Act. Schedule 13 as contained in this Section, relative to the Department of Environmental Quality, and all appropriations, allocations, authorized positions, program descriptions, objectives, and performance indicators shall become effective and shall be deemed to have replaced and superseded Schedule 13 as contained in Section 15 of this Act, only in the event that House Bill No. 1582 of the 1999 Regular Session of the Legislature is enacted into law, and shall be as follows:

**SCHEDULE 13** 

## DEPARTMENT OF ENVIRONMENTAL QUALITY

## 13-850 OFFICE OF THE SECRETARY

17	EXPENDITURES:	\$ 5,454,284
18	Administrative - Authorized Positions (74)	
19	<b>Program Description:</b> As the managerial branch of the department, the mission of	
20	the Administrative Program is to facilitate achievement of environmental improve-	
21	ments by coordinating the other program offices' work to reduce quantity and	
22	toxicity of emissions, by representing the department when dealing with external	
23	agencies, and by promoting initiatives that serve a broad environmental mandate.	
24	The Administrative Program fosters improved relationships with DEQ's customers,	
25	including community relations and relations with other governmental agencies. The	
26	Administrative Program reviews objectives and budget priorities to assure they are	
27	in keeping with DEQ mandates. The goal of the program is to improve Louisiana's	
28	environment by enabling the department to provide the people of Louisiana with	
29	comprehensive environmental protection in order to promote and protect health,	
30	safety, and welfare while considering sound economic development and employment	
31	policies. The activities of this program are executive staff, technical advisors, legal	
32	affairs, communications, and internal audit.	
33	Objective: To ensure that 95% of the programs in the department meet their	
34	objectives.	
35	Performance Indicator:	
36	Percentage of DEQ programs meeting objectives 95%	
37	Objective: To promote pollution prevention through non-regulatory programs by	
38	ensuring that the number of companies participating in the Louisiana Environmental	
39	Leadership program increase to 84.	
40	Performance Indicators:	
41	Number of companies belonging to Louisiana Environmental	
42	Leadership Program and submitting pollution prevention	
43	plans to DEQ 84

18 19	<b>Program Description:</b> The mission of the Environmental Services Program is to	
20	ensure that the citizens of Louisiana have a clean and healthy environment to live and work in for present and future generations. This will be accomplished by	
21	regulating pollution sources; permitting activities consistent with laws and	
22	regulations and providing interface between the department and businesses and	
23	customers; providing environmental assistance and improved public participation	
24	to small businesses, schools, complaints hotline, and community/industrial relations.	
25	The permitting activity will provide single entry/contact point for permitting,	
26	including a multimedia team approach; provide technical guidance for permit	
27 28	applications; improve permit tracking; and focus on applications with highest	
29	potential for environmental impact. The activities in this program are environmental assistance and permits.	
30	<b>Objective:</b> Through the permits activity, to track the Toxic Emissions Data Inventory	
31	to ensure that the reduction of emissions from the 1991 level of 126 million pounds	
32	is 50%.	
33	Performance Indicator:	
34	Percentage reduction of emissions 50%	
35	Objective: Through the permits activity, to maintain and enhance an effective	
36	radiation program for the registration of radiation-producing machines, licensing of	
37	radioactive materials, including naturally occurring radioactive material (NORM), and	
38	certification of industrial radiographers by processing 98% of all action requests
