

Existing law prohibits a contractor who holds a contract with an agency to develop bid specifications or request for proposals to compete for the same contract.

New law provides exceptions from existing law for architectural and engineering programming, master planning, budgeting, feasibility analysis, constructability review, furnishing specification data or other product information, or any other services that do not establish selection qualifications or evaluation criteria for the procurement of an architect or engineer.

Effective August 15, 2009.

(Amends R.S. 38:2212.7 and R.S. 39:1496.2 and 1594.3)
