Guinn HB No. 427

Abstract: Repeals the exemption to the state licensing requirement for contractors bidding work partially funded by the federal government.

Present law provides that persons bidding work partially funded by the federal government, if a federal regulation or law prohibits the requirement of a contractor's license, are not required to have a license issued by the State Licensing Board for Contractors; however, the successful bidder shall apply for a license and meet all requirements of the law and rules and regulations of the board prior to commencement of work.

Proposed law repeals present law.
