
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Greg Waddell.

DIGEST

Mills (SB 60)

Present law allows a pharmacist to administer the influenza vaccination to any person seven years of age or older.

Proposed law retains present law but expands the types of vaccinations which can be administered by a pharmacist to persons 18 years of age or older to include the following:

- (1) Pneumococcal
- (2) Zoster
- (3) Tetanus and Diphtheria Toxoids Adsorbed for Adult Use (Td)
- (4) Tetanus Toxoid, Reduced Diphtheria Toxoid and Acellular Pertussis Vaccine Adsorbed (Tdap)

Effective August 15, 2011.

(Amends R.S. 37:1218)

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Health and Welfare to the original bill.

1. Adds provision which requires the administration of immunizations by a pharmacist to be in conformance with guidance published in the Louisiana State Immunization Manual.
2. Changes the age at which the pharmacist may administer a vaccine for Pneumococcal, Zoster, Tetanus and Diphtheria Toxoids Adsorbed for Adult Use (Td), and Tetanus Toxoid, Reduced Diphtheria Toxoid and Acellular Pertussis Vaccine Adsorbed (Tdap) to a person without prescription or medical order from 7 to 18 years of age.
3. Technical amendments
