HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

APPROPRIATIONS: Provide for the ordinary operating expenses of state government for  
Fiscal Year 2011-2012

1 AN ACT

2 Making appropriations for the ordinary expenses of the executive branch of state  
3 government, pensions, public schools, public roads, public charities, and state  
4 institutions and providing with respect to the expenditure of said appropriations.

5 Be it enacted by the Legislature of Louisiana:

6 Section 1. The appropriations in this Act from state revenue shall be payable out of the  
7 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the  
8 Louisiana Constitution.

9 Section 2. All money from federal, interagency, statutory dedications, or self-generated  
10 revenues shall be available for expenditure in the amounts herein appropriated. Any increase  
11 in such revenues shall be available for allotment and expenditure by an agency on approval  
12 of an increase in the appropriation by the commissioner of administration and the Joint  
13 Legislative Committee on the Budget. Any increase in such revenues for an agency without  
14 an appropriation from the respective revenue source shall be incorporated into the agency's  
15 appropriation on approval of the commissioner of administration and the Joint Legislative  
16 Committee on the Budget. In the event that these revenues should be less than the amount  
17 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds  
18 were included in the budget on a matching basis with state funds, a corresponding decrease  
19 in the state matching funds may be made. Any federal funds which are classified as disaster  
20 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative  
21 Committee on the Budget upon the secretary's certifying to the governor that any delay

1 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be  
2 notified in writing of such declaration and shall meet to consider such action, but if it is  
3 found by the committee that such funds were not needed for an emergency expenditure, such  
4 approval may be withdrawn and any balance remaining shall not be expended.

5 Section 3.A. Notwithstanding any other law to the contrary, the functions of any  
6 department, agency, program, or budget unit of the executive branch, except functions in  
7 departments, agencies, programs, or budget units of other statewide elected officials, may  
8 be transferred to a different department, agency, program, or budget unit for the purpose of  
9 economizing the operations of state government by executive order of the governor.  
10 Provided, however, that each such transfer must, prior to implementation, be approved by  
11 the commissioner of administration and Joint Legislative Committee on the Budget. Further,  
12 provided that no transfers pursuant to this Section shall violate the provisions of Title 36,  
13 Organization of the Executive Branch of State Government.

14 B. In the event that any agency, budget unit, program, or function of a department is  
15 transferred to any other department, agency, program, or budget unit by other Act or Acts  
16 of the legislature, the commissioner of administration shall make the necessary adjustments  
17 to appropriations through the notification of appropriation process, or through approval of  
18 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions  
19 of the Act or Acts which provide for the transfers.

20 C. Notwithstanding any other law to the contrary and before the commissioner of  
21 administration shall authorize the purchase of any luxury or full-size motor vehicle for  
22 personal assignment by a statewide elected official other than the governor and lieutenant  
23 governor, such official shall first submit the request to the Joint Legislative Committee on  
24 the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such  
25 vehicles as defined or used in rules or guidelines promulgated and implemented by the  
26 Division of Administration.

27 D. Notwithstanding any provision of law to the contrary, each agency which has  
28 contracted with outside legal counsel for representation in an action against another agency,  
29 shall submit a detailed report of all litigation costs incurred and payable to the outside  
30 counsel to the commissioner of administration, the legislative committee charged with

1 oversight of that agency, and the Joint Legislative Committee on the Budget. The report  
2 shall be submitted on a quarterly basis, each January, April, July, and October, and shall  
3 include all litigation costs paid and payable during the prior quarter. For purposes of this  
4 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the  
5 agency and of the other party if the agency was required to pay such costs and fees. The  
6 commissioner of administration shall not authorize any payments for any such contract until  
7 such report for the prior quarter has been submitted.

8 E. Notwithstanding any provision of law to the contrary, each agency may use a portion  
9 of its appropriations contained in this Act for the expenditure of funds for salaries and  
10 related benefits for smoking cessation wellness programs, including pharmacotherapy and  
11 behavioral counseling for state employees of the agency.

12 Section 4. Each schedule as designated by a five-digit number code for which an  
13 appropriation is made in this Act is hereby declared to be a budget unit of the state.

14 Section 5.A. The program descriptions, account descriptions, general performance  
15 information, and the role, scope, and mission statements of postsecondary education  
16 institutions contained in this Act are not part of the law and are not enacted into law by  
17 virtue of their inclusion in this Act.

18 B. Unless explicitly stated otherwise, each of the program objectives and the associated  
19 performance indicators contained in this Act shall reflect the key performance standards to  
20 be achieved for the 2011-2012 Fiscal Year and shall constitute the set of key objectives and  
21 key performance indicators which are reportable quarterly for Fiscal Year 2011-2012 under  
22 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23)  
23 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing  
24 board or commission is directed by language in this Act to prepare and submit new or  
25 modified performance information, including but not limited to key and supporting  
26 objectives, performance indicators, and performance standards, such submission shall be in  
27 a format and method to be determined by the commissioner of administration. Unless  
28 otherwise specified in this Act, the submission of new or modified performance information  
29 shall be made no later than August 15, 2011. Such performance information shall be subject

1 to the review and approval of both the Division of Administration and the Joint Legislative  
2 Committee on the Budget, or a subcommittee thereof.

3 Section 6. Unless expressly provided in this Act, funds cannot be transferred between  
4 departments or schedules receiving appropriations. However, any unencumbered funds  
5 which accrue to an appropriation within a department or schedule of this Act due to policy,  
6 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner  
7 of administration and the Joint Legislative Committee on the Budget, be transferred to any  
8 other appropriation within that same department or schedule. Each request for the transfer  
9 of funds pursuant to this Section shall include full written justification. The commissioner  
10 of administration, upon approval by the Joint Legislative Committee on the Budget, shall  
11 have the authority to transfer between departments funds associated with lease agreements  
12 between the state and the Office of Facilities Corporation.

13 Section 7. The state treasurer is hereby authorized and directed to use any available  
14 funds on deposit in the state treasury to complete the payment of General Fund  
15 appropriations for the Fiscal Year 2010-2011, and to pay a deficit arising there from out of  
16 any revenues accruing to the credit of the state General Fund during the Fiscal Year 2011-
