HB No. 373

**Abstract:** Authorizes certain nonpublic schools to offer pre-K and provides that the minimum entrance age shall be three years old by Sept. 30 of the year of such pre-K entrance.

Present law authorizes public school boards to develop and offer prekindergarten instruction (pre-K). Proposed law additionally grants this authority to approved nonpublic elementary schools and provides that the minimum age for pre-K entrance at such schools shall be three years old by Sept. 30 of the year of pre-K entrance. Further requires the State Board of Elementary and Secondary Education, in consultation with the Nonpublic School Commission, to adopt rules and regulations to protect the health and safety of three-year-old children who attend pre-K at such schools.

Present law requires public school boards, prior to implementing a pre-K program, to set forth a statement of needs the program is intended to address, the anticipated results, and the basis upon which such results are expected, an outline of implementation steps, a plan for staff usage, a budget, and a plan for results evaluation. Proposed law applies this same requirement to approved nonpublic elementary schools.

Present law (R.S. 17:222(A)) requires a child to be six years old on or before Sept. 30 of the calendar year in which the school year begins to enter first grade at any public school. Proposed law retains present law.

Present law (R.S. 17:222(C)(1) and (2)) provides for an exception to the first grade minimum age requirement through the 1995-1996 school year. Proposed law deletes present law.

(Amends R.S. 17:24.8 and 222(C))
