HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

1	AN ACT
2	Making appropriations for the ordinary expenses of the executive branch of state
3	government, pensions, public schools, public roads, public charities, and state
4	institutions and providing with respect to the expenditure of said appropriations.
5	Be it enacted by the Legislature of Louisiana:
6	Section 1. The appropriations in this Act from state revenue shall be payable out of the
7	sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
8	Louisiana Constitution.
9	Section 2. All money from federal, interagency, statutory dedications, or self-generated
10	revenues shall be available for expenditure in the amounts herein appropriated. Any increase
11	in such revenues shall be available for allotment and expenditure by an agency on approval
12	of an increase in the appropriation by the commissioner of administration and the Joint
13	Legislative Committee on the Budget. Any increase in such revenues for an agency without
14	an appropriation from the respective revenue source shall be incorporated into the agency's
15	appropriation on approval of the commissioner of administration and the Joint Legislative
16	Committee on the Budget. In the event that these revenues should be less than the amount
17	appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
18	were included in the budget on a matching basis with state funds, a corresponding decrease
19	in the state matching funds may be made. Any federal funds which are classified as disaster
20	or emergency may be expended prior to approval of a BA-7 by the Joint Legislative
21	Committee on the Budget upon the secretary's certifying to the governor that any delay
22	would be detrimental to the state. The Joint Legislative Committee on the Budget shall be

ENROLLED

1 notified in writing of such declaration and shall meet to consider such action, but if it is 2 found by the committee that such funds were not needed for an emergency expenditure, such 3 approval may be withdrawn and any balance remaining shall not be expended.

4 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 5 department, agency, program, or budget unit of the executive branch, except functions in 6 departments, agencies, programs, or budget units of other statewide elected officials, may 7 be transferred to a different department, agency, program, or budget unit for the purpose of 8 economizing the operations of state government by executive order of the governor. 9 Provided, however, that each such transfer must, prior to implementation, be approved by 10 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 11 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 12 Organization of the Executive Branch of State Government.

13 B. In the event that any agency, budget unit, program, or function of a department is 14 transferred to any other department, agency, program, or budget unit by other Act or Acts 15 of the legislature, the commissioner of administration shall make the necessary adjustments 16 to appropriations through the notification of appropriation process, or through approval of 17 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions 18 of the Act or Acts which provide for the transfers.

19 C. Notwithstanding any other law to the contrary and before the commissioner of 20 administration shall authorize the purchase of any luxury or full-size motor vehicle for 21 personal assignment by a statewide elected official other than the governor and lieutenant 22 governor, such official shall first submit the request to the Joint Legislative Committee on 23 the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such 24 vehicles as defined or used in rules or guidelines promulgated and implemented by the 25 Division of Administration.

26 D. Notwithstanding any provision of law to the contrary, each agency which has 27 contracted with outside legal counsel for representation in an action against another agency, 28 shall submit a detailed report of all litigation costs incurred and payable to the outside 29 counsel to the commissioner of administration, the legislative committee charged with 30 oversight of that agency, and the Joint Legislative Committee on the Budget. The report 31 shall be submitted on a quarterly basis, each January, April, July, and October, and shall

ENROLLED

include all litigation costs paid and payable during the prior quarter. For purposes of this
Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
agency and of the other party if the agency was required to pay such costs and fees. The
commissioner of administration shall not authorize any payments for any such contract until
such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion
of its appropriations contained in this Act for the expenditure of funds for salaries and
related benefits for smoking cessation wellness programs, including pharmacotherapy and
behavioral counseling for state employees of the agency.

Section 4. Each schedule as designated by a five-digit number code for which an
appropriation is made in this Act is hereby declared to be a budget unit of the state.

Section 5.A. The program descriptions, account descriptions, general performance information, and the role, scope, and mission statements of postsecondary education institutions contained in this Act are not part of the law and are not enacted into law by virtue of their inclusion in this Act.

16 B. Unless explicitly stated otherwise, each of the program objectives and the associated 17 performance indicators contained in this Act shall reflect the key performance standards to 18 be achieved for the 2011-2012 Fiscal Year and shall constitute the set of key objectives and 19 key performance indicators which are reportable quarterly for Fiscal Year 2011-2012 under 20 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23) 21 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing 22 board or commission is directed by language in this Act to prepare and submit new or 23 modified performance information, including but not limited to key and supporting 24 objectives, performance indicators, and performance standards, such submission shall be in 25 a format and method to be determined by the commissioner of administration. Unless 26 otherwise specified in this Act, the submission of new or modified performance information 27 shall be made no later than August 15, 2011. Such performance information shall be subject 28 to the review and approval of both the Division of Administration and the Joint Legislative 29 Committee on the Budget, or a subcommittee thereof.

Section 6. Unless expressly provided in this Act, funds cannot be transferred between
 departments or schedules receiving appropriations. However, any unencumbered funds

ENROLLED

1 which accrue to an appropriation within a department or schedule of this Act due to policy, 2 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner 3 of administration and the Joint Legislative Committee on the Budget, be transferred to any 4 other appropriation within that same department or schedule. Each request for the transfer 5 of funds pursuant to this Section shall include full written justification. The commissioner 6 of administration, upon approval by the Joint Legislative Committee on the Budget, shall 7 have the authority to transfer between departments funds associated with lease agreements 8 between the state and the Office of Facilities Corporation.

9 Section 7. The state treasurer is hereby authorized and directed to use any available 10 funds on deposit in the state treasury to complete the payment of General Fund 11 appropriations for the Fiscal Year 2010-2011, and to pay a deficit arising there from out of 12 any revenues accruing to the credit of the state General Fund during the Fiscal Year 2011-13 2012, to the extent such deficits are approved by the legislature. In order to conform to the 14 provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in 15 accordance with the agreement to be executed between the state and Financial Management 16 Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release 17 checks drawn on federally funded appropriations prior to the receipt of funds from the U.S. 18 Treasury.

Section 8.A.(1) The figures in parentheses following the designation of a program are
the total authorized/appropriated positions for that program. If there are no figures following
a department, agency, or program, the commissioner of administration shall have the
authority to set the number of positions.

(2) The commissioner of administration, upon approval of the Joint Legislative
 Committee on the Budget, shall have the authority to transfer positions between departments,
 agencies, or programs or to increase or decrease positions and associated funding necessary
 to effectuate such transfers.

(3) The number of authorized positions approved for each department, agency, or
program as a result of the passage of this Act may be increased by the commissioner of
administration in conjunction with the transfer of functions or funds to that department,
agency, or program when sufficient documentation is presented and the request deemed
valid.

1 (4) The number of authorized positions approved in this Act for each department, 2 agency, or program may also be increased by the commissioner of administration when 3 sufficient documentation of other necessary adjustments is presented and the request is 4 deemed valid. The total number of such positions so approved by the commissioner of 5 administration may not be increased in excess of three hundred fifty. However, any request 6 which reflects an annual aggregate increase in excess of twenty-five positions for any 7 department, agency, or program must also be approved by the Joint Legislative Committee 8 on the Budget.

9 (5) Any employment freezes or related personnel actions which are necessitated as a 10 result of implementation of this Act shall not have a disparate employment effect based on 11 any suspect classification, i.e., race, sex, color, or national origin or any negative impact 12 upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title 13 VII of the 1964 Civil Rights Act, as amended.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney's fees for a successful appeal by an employee may be paid out of an
agency's appropriation from the expenditure category professional services; provided,
however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
in accordance with Civil Service Rule 13.35(a).

C. The budget request of any agency with an appropriation level of thirty million dollars
or more shall include, within its existing table of organization, positions which perform the
function of internal auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group Benefits becomes effective during Fiscal Year 2011-2012, each budget unit contained in this Act shall pay out of its appropriation an amount no less than 75% of total premiums for all active employees and those retirees with Medicare in accordance with R.S. 42:851(A)(1) for the state basic health insurance indemnity program.

E. In the event that any cost allocation or increase adopted by the Joint Legislative Committee on Retirement as recommended by the Public Retirement Systems' Actuarial Committee becomes effective before or during Fiscal Year 2011-2012, each budget unit shall pay out of its appropriation funds necessary to satisfy the requirements of such increase.

shall be upheld by the legislature, the commissioner of administration shall withhold from the department's, agency's, or program's funds an amount equal to the veto. The commissioner of administration shall determine how much of such withholdings shall be from the state General Fund.

6 Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of 7 the constitution, if at any time during Fiscal Year 2011-2012 the official budget status report 8 indicates that appropriations will exceed the official revenue forecast, the governor shall 9 have full power to reduce appropriations in accordance with R.S. 39:75. The governor shall 10 have the authority to make additions and reductions to other means of financing and 11 positions necessary to balance the budget as authorized by R.S. 39:75(C).

12 B. The governor shall have the authority within any month of the fiscal year to direct 13 the commissioner of administration to disapprove warrants drawn upon the state treasury for 14 appropriations contained in this Act which are in excess of amounts approved by the 15 governor in accordance with R.S. 39:74.

16 C. The governor may also, and in addition to the other powers set forth herein, issue 17 executive orders in a combination of any of the foregoing means for the purpose of 18 preventing the occurrence of a deficit.

19 Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner 20 of administration shall make such technical adjustments as are necessary in the interagency 21 transfers means of financing and expenditure categories of the appropriations in this Act to 22 result in a balance between each transfer of funds from one budget unit to another budget 23 unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this 24 balance and shall in no way have the effect of changing the intended level of funding for a 25 program or budget unit of this Act.

26 Section 12.A. For the purpose of paying appropriations made herein, all revenues due 27 the state in Fiscal Year 2011-2012 shall be credited by the collecting agency to Fiscal Year 28 2011-2012 provided such revenues are received in time to liquidate obligations incurred 29 during Fiscal Year 2011-2012.

30 B. A state board or commission shall have the authority to expend only those funds that 31 are appropriated in this Act, except those boards or commissions which are solely supported

from private donations or which function as port commissions, levee boards or professional
 and trade organizations.

3 Section 13.A. Notwithstanding any other law to the contrary, including any provision 4 of any appropriation act or any capital outlay act, no special appropriation enacted at any 5 session of the legislature, except the specific appropriations acts for the payment of 6 judgments against the state, of legal expenses, and of back supplemental pay, the 7 appropriation act for the expenses of the judiciary, and the appropriation act for expenses of 8 the legislature, its committees, and any other items listed therein, shall have preference and 9 priority over any of the items in the General Appropriation Act or the Capital Outlay Act for 10 any fiscal year.

B. In the event that more than one appropriation is made in this Act which is payable from any specific statutory dedication, such appropriations shall be allocated and distributed by the state treasurer in accordance with the order of priority specified or provided in the law establishing such statutory dedication and if there is no such order of priority such appropriations shall be allocated and distributed as otherwise provided by any provision of law including this or any other act of the legislature appropriating funds from the state treasury.

18 C. In accordance with R.S. 49:314.B(1),(2) appropriations from the Transportation Trust 19 Fund in the General Appropriation Act and the Capital Outlay Act shall have equal priority. 20 In the event revenues being received in the state treasury and being credited to the fund 21 which is the source of payment of any appropriation in such acts are insufficient to fully fund 22 the appropriations made from such fund source, the treasurer shall allocate money for the 23 payment of warrants drawn on such appropriations against such fund source during the fiscal 24 year on the basis of the ratio which the amount of such appropriation bears to the total 25 amount of appropriations from such fund source contained in both acts.

26 Section 14. Pay raises or supplements provided for by this Act shall in no way supplant 27 any local or parish salaries or salary supplements to which the personnel affected would be 28 ordinarily entitled.

Section 15. Any unexpended or unencumbered reward monies received by any state
 agency during Prior Fiscal Years pursuant to the Exceptional Performance and Efficiency
 Incentive Program may be carried forward for expenditure in Fiscal Year 2011-2012, in

ENROLLED

accordance with the respective resolution granting the reward. The commissioner of
 administration shall implement any internal budgetary adjustments necessary to effectuate
 incorporation of these monies into the respective agencies' budgets for Fiscal Year 2011 2012, and shall provide a summary list of all such adjustments to the Performance Review
 Subcommittee of the Joint Legislative Committee on the Budget by September 16, 2011.

6 Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act 7 for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions 8 shall not affect the remaining provisions of the Act, and the legislature hereby declares that 9 it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part 10 thereof, irrespective of the fact that one or more of the sections, subsections, clauses, 11 sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the 12 provisions of this Act are hereby declared severable.

13 Section 17.A. All BA-7 budget transactions, including relevant changes to performance 14 information, submitted in accordance with this Act or any other provisions of law which require approval by the Joint Legislative Committee on the Budget or joint approval by the 15 16 commissioner of administration and the Joint Legislative Committee on the Budget shall be 17 submitted to the commissioner of administration, Joint Legislative Committee on the 18 Budget, and Legislative Fiscal Office a minimum of sixteen working days prior to 19 consideration by the Joint Legislative Committee on the Budget. Each submission must 20 include full justification of the transaction requested, but submission in accordance with this 21 deadline shall not be the sole determinant of whether the item is actually placed on the 22 agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not 23 submitted in accordance with the provisions of this Section shall only be considered by the 24 commissioner of administration and Joint Legislative Committee on the Budget when 25 extreme circumstances requiring immediate action exist.

B. Notwithstanding any contrary provision of this Act or any contrary provision of law, no funds appropriated by this Act shall be released or provided to any recipient of an appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension of time granted by the legislative auditor or the Legislative Audit Advisory Council. The

ENROLLED

legislative auditor may grant a recipient, for good cause shown, an extension of time to
comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may
grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient
entities of an appropriation contained in this Act with recommendation by the legislative
auditor pursuant to R.S. 39:72.1.

6 Section 18.A. Except for the conditions set forth in Subsection B of this Section, the 7 following sums or so much thereof as may be necessary are hereby appropriated out of any 8 monies in the state treasury from the sources specified; from federal funds payable to the 9 state by the United States Treasury; or from funds belonging to the State of Louisiana and/or 10 collected by boards, commissions, departments, and agencies thereof, for purposes specified 11 herein for the year commencing July 1, 2011, and ending June 30, 2012. Funds appropriated 12 to auxiliary accounts herein shall be from prior and current year collections, with the 13 exception of state General Fund direct. The commissioner of administration is hereby 14 authorized and directed to correct the means of financing and expenditures for any 15 appropriation contained in Schedule 20-901 Sales Tax Dedications to reflect the enactment 16 of any law enacted in any 2011 session of the Legislature which affects any such means of 17 financing or expenditure. Further provided with regard to auxiliary funds, that excess cash 18 funds, excluding cash funds arising from working capital advances, shall be invested by the 19 state treasurer with the interest proceeds therefrom credited to each account and not 20 transferred to the state General Fund. This Act shall be subject to all conditions set forth in 21 Title 39 of the Louisiana Revised Statutes of 1950 as amended.

22 B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public 23 agency or entity which is not a budget unit of the state unless the intended recipient of those 24 funds submits, for approval, a comprehensive budget to the legislative auditor and the 25 transferring agency showing all anticipated uses of the appropriation, an estimate of the 26 duration of the project, and a plan showing specific goals and objectives for the use of such 27 funds, including measures of performance. In addition, and prior to making such 28 expenditure, the transferring agency shall require each recipient to agree in writing to 29 provide written reports to the transferring agency at least every six months concerning the use of the funds and the specific goals and objectives for the use of the funds. In the event 30 31 the transferring agency determines that the recipient failed to use the funds set forth in its

ENROLLED

1 budget within the estimated duration of the project or failed to reasonably achieve its 2 specific goals and objectives for the use of the funds, the transferring agency shall demand 3 that any unexpended funds be returned to the state treasury unless approval to retain the 4 funds is obtained from the division of administration and the Joint Legislative Committee 5 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 6 amount of the public funds received by the provider is below the amount for which an audit 7 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 8 the funds to ensure effective achievement of the goals and objectives. The transferring 9 agency shall forward to the legislative auditor, the division of administration, and the Joint 10 Legislative Committee on the Budget a report showing specific data regarding compliance 11 with this Section and collection of any unexpended funds. This report shall be submitted no 12 later than May 1, 2012.

(2) Transfers to public or quasi-public agencies or entities that have submitted a budget
request to the division of administration in accordance with Part II of Chapter 1 of Title 39
of the Louisiana Revised Statutes of 1950 and transfers authorized by specific provisions of
the Louisiana Revised Statutes of 1950 and the Constitution of the State of Louisiana to local
governing authorities shall be exempt from the provisions of this Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name
of an entity subject to Paragraph (B) of this Section is misspelled or misstated in this Act or
any other Act, the state treasurer may pay the funds appropriated to the entity without
obtaining the approval of the Joint Legislative Committee on the Budget, but only after the
entity has provided proof of its correct legal name to the state treasurer and transmitted a
copy to the staffs of the House Committee on Appropriations and the Senate Committee on
Finance.

C.(1) Appropriations contained in this Act in the amount of \$343,331,242 are designated
 as "SUPPLEMENTARY BUDGET RECOMMENDATIONS FROM THE LOUISIANA
 MEDICAL ASSISTANCE TRUST FUND (Contingent upon the legislative approval of
 transfer of fund balances delineated in House Bill No. 477 to the Louisiana Medical
 Assistance Trust Fund)". To the extent that the additional revenues incorporated for
 appropriation from these sources are not sufficient to fully fund the supplementary budget

1

recommendations designated from these sources, such supplementary budget 2 recommendations shall be funded on a pro rata basis.

3 (2) Appropriations contained in this Act in the amount of \$52,770,208 are designated "SUPPLEMENTARY BUDGET RECOMMENDATIONS FROM THE 4 as 5 OVERCOLLECTIONS FUND (Contingent upon the legislative approval of transfer of fund 6 balances, not including the sale of correctional facilities, delineated in the funds bill to the 7 Overcollections Fund). To the extent that the additional revenues incorporated for 8 appropriation from these sources are not sufficient to fully fund all of the supplementary 9 budget recommendations designated from these sources, such supplementary budget 10 recommendations shall be funded on a pro rata basis. Funding for the Death and Disability 11 benefits shall not be reduced by this pro rata reduction.

12 (3) The commissioner of administration is authorized to adjust other means of financing 13 only to the extent necessary as a result of funding items contained herein from any 14 supplementary budget recommendation.

15 D. The commissioner of administration is hereby authorized and directed to reduce the State General Fund (Direct) appropriations and other means of financing appropriations 16 17 contained in each department and budget unit contained in this Act and the Ancillary Act for 18 the office of group benefits for annual adjustments and premium rate increases relative to 19 the Fiscal Year 2011-2012 of the health insurance premium to achieve a State General Fund 20 (Direct) savings of not less than \$30,000,000.

4 Provided, however, that the department is hereby authorized and directed to engage in 5 deliberations with municipal mass transit programs across the state in an effort to develop 6 a reimbursement methodology utilizing the certification of public expenditure (CPE) or 7 intergovernmental transfer (IGT) processes to compensate said programs for the 8 transportation of Medicaid recipients to Medicaid-covered health care services currently 9 being provided. Provided, further, the department shall submit a report to the Joint 10 Legislative Committee on the Budget, no later than February 1, 2012, on the overall 11 viability, services to be covered and five-year estimated cost of the state partnering with 12 these municipal mass transit programs to implement such a reimbursement methodology.

36 Expenditure Controls:

37 Provided, however, that the Department of Health and Hospitals may, to control 38 expenditures to the level appropriated herein for the Medical Vendor Payments program, 39 negotiate supplemental rebates for the Medicaid pharmacy program in conjunction with the 40 preferred drug list. In these negotiations, the preferred drug list may be adjusted to limit 41 brand name drug products in each therapeutic category while ensuring appropriate access 42 to medically necessary medication. Provided, further, that the Department of Health and 43 Hospitals may redefine the reimbursement methodology for multiple source drugs in 44 establishing the state maximum allowable cost (MAC) in order to control expenditures to 45 the level appropriated in this schedule for the Medical Vendor Payments program. Provided, 46 further, that the Department of Health and Hospitals is authorized to implement a dispensing 47 fee for pharmacies reflective of the cost of dispensing up to a level approved for federal 48 match by the Centers for Medicare and Medicaid Services and determined by the 49 Department of Health and Hospitals to be budget neutral.

Field Services - Authorized Positions (3,193) Program Description: Determines the eligibility of families for benefits and services available under the Family Independence Temporary Assistance Program (FITAP). Provides case management services to FITAP recipients to assist them in becoming self-supporting. Facilitates mechanisms for other TANF-funded services. These services include: coordination of contract work training activities; providing transitional assistance services, including subsidized child day care and transportation; and contracting for the provision of job readiness, job development, job placement services, and other relevant TANF-funded services. Also determines the eligibility for Food Stamp benefits, cash grants to low-income refugees, repatriated impoverished U.S. citizens and disaster victims. Also contracts for the determination of eligibility for federal Social Security Disability Insurance (SSDI), and Social Security Insurance (SSI) benefits, and operates the support enforcement program which establishes paternity, locates absent parents, and collects and distributes payments made by an absent parent on behalf of the child(ren) in the custody of the parent. Determines eligibility and administers childcare assistance, which includes quality childcare projects, provider training, and development. The child protection investigation activity investigates reports of child abuse and neglect and substantiates an average of about 28% of the cases investigated. Should a report be validated, the child and family are provided social services within the resources available to the agency, which may include protective day care, with the focus of keeping the family intact. If the child remains at risk for serious endangerment or substantially threatened or impaired due to abuse or neglect while in the family home s(he) is removed, enters into a permanency planning process, and is placed into state custody in a relative placement, foster home or therapeutic residential setting. Adoption services are provided to children permanently removed from their homes, and free for adoption. Other services offered by the agency include foster and adoptive recruitment and training of foster and adoptive parents, subsidies for adoptive parents of special needs children, and child care quality assurance. This program also manages federally funded assistance payments for prevention and sheltering to local governments and community partners to operate homeless shelters.
