

Prior law provided that in addition to other costs, a person convicted of a felony, a misdemeanor, or ordinance of any local government was assessed \$2 as a special court cost used for the implementation of a master plan for the development of a trial court case management information system and for the fast-tracked prototype development of the criminal disposition component thereof.

New law increases the special court cost from \$2 to \$3 and provides that the proceeds shall also be used for the implementation of an integrated juvenile justice information system.

Effective August 15, 2011.
