HB No. 190

Abstract: Provides that a statement for the preservation of a claim or privilege under the Private Works Act shall contain a general description of the materials supplied or services rendered.

Present law provides that if a notice of contract is properly and timely filed, the persons to whom a claim or privilege is granted shall, within 30 days after the filing of a notice of termination of the work, file a statement of their claims or privilege, and deliver to the owner a copy of the statement of claim or privilege.

Present law provides that a statement of a claim or privilege shall be in writing, shall be signed by the person asserting the same or his representative, shall reasonably identify the immovable with respect to which the work was performed or movables or services were supplied or rendered and the owner, and shall set forth the amount and nature of the obligation giving rise to the claim or privilege and reasonably itemize the elements comprising it, including the person for whom or to whom the contract was performed, material supplied, or services rendered.

Proposed law retains present law, but replaces the requirement to itemize the elements comprising the claim or privilege with the requirement to provide a general description of the materials supplied or services rendered.
