### DIGEST

Present law authorizes any parish coroner or judge of a court of competent jurisdiction to order a person to be taken into protective custody and transported to a treatment facility or to the office of the coroner for immediate examination when a peace officer or other credible person executes a statement under private signature specifying that, to the best of his knowledge and belief and personal observations, the person is mentally ill or suffering from substance abuse and is in need of immediate treatment to protect the person or others from physical harm.

Proposed law retains present law and further authorizes the statement to be made by video conferencing if the affiant is located in Kenner, Jean Lafitte, or Grand Isle and the signature of the affiant is witnessed on the video and immediately faxed to the coroner's office at the conclusion of the interview.

Effective Aug. 1, 2013.
