HB No. 580

Abstract: Requires the La. State Uniform Construction Code (LSUCCC) to review, evaluate, and update the state uniform construction code; adopts Part V-Mechanical of the International Residential Code; provides for the regulation of certain construction or improvement of industrial facilities.

Present law requires the LSUCCC to review, evaluate, and update the state uniform construction code prior to the second regular legislative session after the release of the latest edition of the appropriate code as provided for in present law.

Proposed law requires the LSUCCC to review, evaluate, and update the state uniform construction code no later than five years from the date of publication of the appropriate code as provided for proposed law.

Present law requires the LSUCCC to evaluate, adopt, and amend, as part of the state uniform construction code, only the latest editions of the International Residential Code, not including Parts I-Administrative, V-Mechanical, VII-Plumbing and VIII-Electrical.

Proposed law retains present law but repeals the exception for Part V-Mechanical.

Present law requires the LSUCCC to adopt the latest edition of Part IV-Energy Conservation of the International Residential Code and amends it to require that supply and return ducts be insulated to a minimum of R-6.

Proposed law retains present law except requires the adoption of the 2009 edition of Part IV-Energy Conservation of the International Residential Code instead of the latest edition.

Proposed law requires all plumbing and sanitary references in Part V-Mechanical in the International Residential Code to be replaced with the applicable provisions of the La. State Plumbing Code [Part XIV (Plumbing) of the State Sanitary Code].

Present law provides that, excluding the applicable requirements of the La. State Plumbing Code, the state uniform construction code shall not apply to the construction or improvement of the following types of industrial facilities that are engaged in activities defined or classified under one or more of the following subsectors, industry groups, or industries of the 1997 North American Industry Classification System (NAICS):

- (1) 22111 electric power generation.
- (2) 321 wood products manufacturing.
- (3) 322 paper manufacturing.
- (4) 324 petroleum and coal products manufacturing.
- (5) 325 chemical manufacturing.
- (6) 326 plastics and rubber products manufacturing.
- (7) 331 primary metals manufacturing.
- (8) 562211/562212 hazardous and solid waste landfills.
- (9) 422710 bulk stations and materials.
- (10) 486110 crude oil pipelines.
- (11) 486910 refined petroleum products pipelines.
- (12) 486210 natural gas pipelines.
- (13) 486990 other pipelines.
- (14) 211112 natural gas processing plants.

Proposed law provides that, excluding the applicable requirements of the La. State Plumbing Code, the state uniform construction code shall not apply to the construction or improvement inside the secured or fenced confines of the following types of industrial facilities that are engaged in activities defined or classified under one or more of the following:

- (1) 22111 electric power generation.
- (2) 3211 saw mills and wood preservation.
- (3) 322 paper manufacturing.
- (4) 324 petroleum and coal products manufacturing.
- (5) 325 chemical manufacturing.
- (6) 326 plastics and rubber products manufacturing.

- (7) 331 primary metals manufacturing.
- (8) 562211 hazardous waste treatment and disposal.
- (9) 562212 solid waste landfill.
- (10) 424710 petroleum bulk stations and terminals.
- (11) 486110 pipeline transportation of refined petroleum products.
- (12) 486910 pipeline transportation of refined petroleum products.
- (13) 486210 pipeline transmission of natural gas.
- (14) 486990 all other pipeline transportation.
- (15) 211112 natural gas liquid extraction.
- (16) 211 oil and gas extraction.
- (17) 3212 veneer, plywood, and engineered wood product manufacturing.
- (18) 486 pipeline transportation.
- (19) 213 support activities for mining.

Proposed law authorizes the LSUCCC to adopt by rule compatible NAICS code designations updates.

Effective Jan. 1, 2014.

(Amends R.S. 40:1730.26(2), 1730.28(A)(3)(a) and (e), and 1730.29; Adds R.S. 40:1730.28(A)(3)(h))

Summary of Amendments Adopted by House

House Floor Amendments to the engrossed bill.

1. Required the adoption of Part IV-Energy Conservation 2009 edition of the International Residential Code as amended to require that supply and return ducts be insulated to a minimum of R-6.
2. Made technical changes to the names of certain subsectors, industry groups, or industries of the 2012 North American Industry Classification System (NAICS).

3. Provided for an effective date of Jan. 1, 2014.
