

1 (F) Reappraisal. ~~(1)~~ All property subject to taxation shall be reappraised
2 and valued in accordance with this Section, at intervals of not more than four years.

3 (2)(a) In the year of implementation of a reappraisal of all property as
4 required in Subparagraph (1), solely for purposes of determining the ad valorem tax
5 imposed on such property, if the assessed value of real or immovable property
6 increases by an amount which is greater than fifteen percent of the property's
7 assessed value in the previous year, the assessor shall phase in the amount of the
8 increase in the property's assessed value over a three-year period as follows:

9 (i) In the first year following reappraisal, the assessor shall use the property's
10 assessed value from the previous reappraisal as the base amount and shall increase
11 the assessed value of the property by adding an amount which is equal to one-third
12 of the amount of the increase in the property's assessed value as a result of the
13 reappraisal. This resulting amount shall constitute the property's assessed value
14 solely for purposes of ad valorem taxation for that taxable year.

15 (ii) In the second year following reappraisal, the assessor shall use the
16 property's assessed value from the previous year as the base amount and shall
17 increase the assessed value of the property by adding an amount which is equal to
18 one-third of the amount of the increase in the property's assessed value as a result of
19 the reappraisal. This resulting amount shall constitute the property's assessed value
20 solely for purposes of ad valorem taxation for that taxable year.

21 (iii) In the third year following reappraisal, the assessor shall use the
22 property's assessed value from the previous year as the base amount and shall
23 increase the assessed value of the property by adding an amount which is equal to
24 one-third of the amount of the increase in the property's assessed value as a result of
25 reappraisal. This resulting amount shall constitute the property's assessed value
26 solely for purposes of ad valorem taxation for that taxable year and the full amount
27 of the increase in the assessed value of the property shall be fully phased in.

28 (b) Real or immovable property subject to the provisions of this
29 Subparagraph shall not be subject to reappraisal by an assessor until after the three

1 year phase in of the amount of the increase in the property's assessed value is
2 complete.

3 (c) Notwithstanding any provision of this constitution to the contrary, the
4 increase in assessed valuation of property phased in under this Subparagraph shall
5 be included as taxable property for purposes of any subsequent reappraisals and
6 valuation for millage adjustment purposes under Article VII, Section 23(B) of this
7 constitution. The decrease in the total amount of ad valorem tax collected by a
8 taxing authority as a result of this phase in of assessed valuation shall be absorbed
9 by the taxing authority and shall not create any additional tax liability for other
10 taxpayers in the taxing district as a result of any subsequent reappraisal and valuation
11 or millage adjustment. Implementation of this phase in of increase in assessed
12 valuation authorized in this Subparagraph shall neither trigger nor be cause for a
13 reappraisal of property or an adjustment of millages pursuant to the provisions of
14 Article VII, Section 23(B) of this constitution.

15 (d) The provisions of this Subparagraph shall not apply to the extent the
16 increase was attributable to construction on or improvements to the property.

HB No. 514

Abstract: Requires the phase in over a three-year period of the amount of an increase in the assessed value of property if, at the time of reappraisal, the property's assessed value increases by greater than 15% of the assessed value in the previous year.

Present constitution requires property subject to ad valorem taxes to be listed on the assessment rolls at its assessed value which is a percentage of its fair market value. Requires all property subject to taxation to be reappraised and valued at intervals of not more than four years.

Proposed constitutional amendment retains the present constitution but provides that in a reassessment year, if the property's assessed value increases by greater than 15% of the amount of the property's assessed value in the previous year, the assessor shall phase in the amount of the increase in the property's assessed value over a three-year period.

Proposed constitutional amendment prohibits property subject to the provisions of this proposed constitutional amendment from being reappraised by an assessor until after the three-year phase in of the increase in the amount of the property's assessed value is complete.

Proposed constitutional amendment provides that the increase in assessed valuation of property phased in shall be included as taxable property for purposes of any subsequent reappraisals and valuation for millage adjustment purposes under present constitution. Further provides that the decrease in the total amount of ad valorem tax collected by a taxing authority as a result of the phase in of assessed valuation shall be absorbed by the taxing authority and shall not create any additional tax liability for other taxpayers in the taxing district as a result of any subsequent reappraisal and valuation or millage adjustment.

Proposed constitutional amendment provides that implementation of the phase in of increase in assessed valuation shall neither trigger nor be cause for a reappraisal of property or an adjustment of millages pursuant to present constitution. Further provides that proposed constitutional amendment shall not apply to the extent the increase was attributable to construction on or improvements to the property.

Provides for submission of the proposed amendment to the voters at the statewide election to be held Nov. 4, 2014.

(Amends Const. Art. VII, §18(A) and (F))
