Table with metadata: Date: April 30, 2013 3:30 PM; Author: NEVERS; Dept./Agy.: Parish Government with a Population of 115,000 to 125,000; Subject: Additional Sales Tax; Analyst: Steven Kraemer

TAX/SALES OR +\$9,038,000 LF RV See Note Page 1 of 1
Authorizes certain parishes to levy a one-half cent sales tax. (8/1/13)

Purpose of Bill: This bill authorizes the governing authority of a parish governed by a home rule charter and having a population between 115,000 and 125,000 to levy and collect an additional sales and use tax not to exceed 0.5% within the parish (currently only applies to Tangipahoa Parish Council). This tax must be approved by parish voters, and be imposed by an ordinance of the parish governing authority. The proceeds of the tax shall be deposited into the parish's general fund.

Table with 7 columns: EXPENDITURES, REVENUES, 2013-14, 2014-15, 2015-16, 2016-17, 2017-18, 5-YEAR TOTAL. Rows include State Gen. Fd., Agy. Self-Gen., Ded./Other, Federal Funds, Local Funds, and Annual Total.

EXPENDITURE EXPLANATION

This bill may increase local governmental expenditures by approximately \$93,700 for initial election and administrative costs.

An official with the Tangipahoa Parish School Board indicated that this bill may increase expenditures of the School Board by approximately \$3,300 in Fiscal Year 2013-14 for software enhancements, report modifications, and notices to tax payers.

Voter approval is required for the sales tax. According to an official with the Secretary of State, the state will initially pay all election costs (approximately \$90,400) and then bill these costs to the entities responsible for items on the ballot. Assuming the tax proposition is the only item on the ballot, the Tangipahoa Parish Government would pay 100% of the election cost.

An official with the Tangipahoa Parish Government indicated that proceeds from the tax would be used to pay for costs associated with housing parish prisoners.

REVENUE EXPLANATION

This bill may increase local government revenues by approximately \$3.5 million starting in 2013-14 (for 5 months of collections), increasing to approximately \$9 million by 2017-18.

Based on information obtained from the Tangipahoa Parish School Board, we estimate this bill may increase Parish revenues by approximately \$3.5 million starting in 2013-14 (for 5 months of collections) and revenue may increase to approximately \$9 million by 2017-18.

An official with the Tangipahoa Parish School Board indicated that the School Board retains 0.65% of tax collections to cover its cost of collecting, distributing, and auditing tax collections. Therefore, this bill may increase School Board revenues by approximately \$22,600 starting in 2013-14 (assuming that the tax goes into effect on January 1, 2014), increasing to approximately \$58,700 by 2017-18.
