EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

Proposed law provides for the creation, purpose and activities of the Coastal Port Advisory Authority but specifies that the Authority shall serve without salary, mileage or expense reimbursement from the authority. However, this bill does authorize executive agencies and departments of the state represented on the authority to enter into interagency agreements to share costs necessary to perform the duties and functions of the authority. The executive branch agencies included on the authority are: Governor's Office, DOTD, Economic Development, and Natural Resources. To the extent the authority incurs any expenditures, these state departments could be impacted.

This bill sunsets the created authority on June 30, 2018.

REVENUE EXPLANATION
