TREASURER EG +\$56,336 SG EX See Note Page 1 of 1
(Constitutional Amendment) Provides for the duties of the treasurer in certain circumstances

To be submitted at the statewide election to be held on November 4, 2014.

EXPENDITURE EXPLANATION

The proposed legislation is anticipated to result in an increase in self-generated revenue expenditures in the amount of \$56,336 and 1 additional position within the State Treasury. The agency believes the required analysis of reviewing the annual appropriations bill in conjunction with the constitutional and statutory authority of various state departments will require an additional State Treasury Fiscal Analyst (salary - \$41,000, related benefits - \$12,886). Additional expenditures anticipated in the first year include acquisitions in the amount of \$2,450. The anticipated expenditure impact in subsequent fiscal years assumes a 4% salary performance adjustment for the additional position.

The State Treasury currently provides accounting, fund reporting, banking and custodial functions for approximately 400 special funds within the State Treasury and the requirements of the proposed constitutional amendment are outside the scope of their normal activities and functions.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
