A CONCURRENT RESOLUTION

2	To authorize and direct the Louisiana State Law Institute to study and make
3	recommendations relative to the feasibility of creating a central database for
4	testaments and to report its findings and recommendations to the Louisiana
5	Legislature no later than January 1, 2015.
6	WHEREAS, executing a testament is one of the most important aspects of estate
7	planning; and
8	WHEREAS, a testament is crucial to the orderly handling of a person's estate, not
9	only for financial matters, but also for personal matters such as tutorship and the caring for
10	the family of the testator; and
11	WHEREAS, properly executed testaments are occasionally misplaced or even
12	improperly concealed or destroyed in order to subvert the decisions of the testator as to his
13	estate; and
14	WHEREAS, in order to alert interested parties that a testament has been executed and
15	to deter the improper concealment or destruction of a testament, it may be beneficial to
16	establish a voluntary central database to store testaments, the contents of a testament, or
17	information noting the existence of a testament; and
18	WHEREAS, a central database could be created within the office of the secretary of
19	state or the clerk of court for the parish in which the testator is domiciled.
20	THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
21	authorize and direct the Louisiana State Law Institute to study and make recommendations
