DIGEST OF THE SENATE BILL AS RETURNED TO THE SENATE

Present law provides that the minimum cumulative grade point average (GPA) required for a student to be eligible for a Taylor Opportunity Program for Students (TOPS) Opportunity, Performance, or Honors award must be calculated using only the grades obtained by the student in courses contained in the TOPS core curriculum as defined by present law. Proposed law additionally provides, beginning with students graduating in the 2017-18 school year, that this GPA calculation shall utilize a five-point scale for grades earned in certain Advanced Placement (AP), International Baccalaureate (IB), gifted courses, and dual enrollment courses as approved by the Board of Regents and the State Board of Elementary and Secondary Education (BESE). Provides that for such courses, five quality points shall be assigned to an "A", four quality points shall be assigned to a "B", three quality points shall be assigned to a "C", two quality points shall be assigned to a "D", and zero quality points shall be assigned to an "F".
