**Bill Information:**

**Current Law**

Current law provides that the board of trustees for the Municipal Employees' Retirement System consists of nine members determined in the following manner.

1. Six active and contributing members of MERS with at least 10 or more years of service, elected by system members.
2. One member who is the president of the Louisiana Municipal Association, ex officio.

ACTUARIAL NOTE SB 2**

3. One member who is the chairman of the Senate Retirement Committee, ex officio, or his designee.
4. One member who is the chairman of the House Retirement Committee, ex officio, or his designee.

**Proposed Law**

Under SB 2, two new members will be added to the MERS board of trustees. These members shall be nonvoting members and will be determined as follows.

1. One member who shall be the commissioner of administration, or his designee.
2. One member who shall be the state treasurer, or his designee.

**Implications of the Proposed Changes**

As a result of SB 2, the number of members serving on the MERS board of trustees will increase from nine to eleven. Representation by members of the system will remain at 6 members, the number of trustee representing the interests of the plan sponsor and government will increase from 3 members to 5 members.

**Cost Analysis:**

**Analysis of Actuarial Costs**

**Retirement Systems**

There are no actuarial costs associated with SB 2.

**Other Post Retirement Benefits**

SB 2 has no effect on actuarial costs associated with post-retirement benefits other than pensions.

**Analysis of Fiscal Costs**

Administrative costs associated with the addition of two additional members to the board of trustees will be negligible. The new trustees are likely to be state employees and therefore will not be eligible for per diem expenses. Incidental travel expenses should also be negligible.

Paul T. Richmond is the Manager of Actuarial Services for the Louisiana Legislative Auditor. He is an Enrolled Actuary, a member of the American Academy of Actuaries, a member of the Society of Actuaries and has met the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.
