

Regular Session, 2013

HOUSE RESOLUTION NO. 214

BY REPRESENTATIVE HAVARD

SCHOOLS/FINANCE-MFP: Requests the House Committee on Education to study issues relative to the MFP

1 A RESOLUTION

2 To urge and request the House Committee on Education to study issues relative to the
3 minimum foundation program formula and to submit a written report of findings and
4 recommendations to the House of Representatives not later than February 1, 2014.

5 WHEREAS, the minimum foundation program (MFP), required by the Constitution
6 of Louisiana, is the core of Louisiana's commitment to ensuring a minimum level of public
7 school funding; and

8 WHEREAS, in the 1990's the MFP changed from a cost-driven formula to one that
9 is primarily controlled by an anticipated appropriation, rather than an evaluation of the actual
10 costs of public education; and

11 WHEREAS, the MFP has been the subject of recent litigation, and there is confusion
12 over the purpose of the MFP and how the funding is intended to be used; and

13 WHEREAS, the MFP has been co-opted by other programs as a means of
14 determining charter school funding and online course provider funding and delivering
15 certain state-mandated retirement funding; and

16 WHEREAS, there appears to be a lack of consistency in the understanding various
17 stakeholders have of the purpose and function of the MFP and the nature of the funding that
18 should be included within it; and

19 WHEREAS, the diversion of MFP dollars away from public school classrooms
20 causes public confusion as to how much funding the state is really providing to the actual
21 education of children.

1 THEREFORE, BE IT RESOLVED that the House of Representatives of the
2 Legislature of Louisiana does hereby urge and request the House Committee on Education
3 to study issues relative to the minimum foundation program and to submit a written report
4 of findings and recommendations to the House of Representatives not later than February
5 1, 2014.

6 BE IT FURTHER RESOLVED that in conducting the study the committee shall
7 consider and review:

8 (1) The process by which the MFP is formulated.

9 (2) The factors that should be included in the MFP formula.

10 (3) The appropriateness of including retirement costs in the MFP.

11 (4) The nature and extent to which the development and adoption of the MFP should
12 be subject to the Open Meetings Law and Public Records Law.

13 (5) The feasibility of reestablishing an MFP study commission and determining
14 appropriate stakeholders to be included as members of such commission.

15 BE IT FURTHER RESOLVED that in conducting the study the committee shall
16 invite the following stakeholders to provide information:

17 (1) The Louisiana School Boards Association.

18 (2) The Louisiana Association of School Superintendents.

19 (3) The Louisiana Association of School Executives.

20 (4) The Louisiana Association of Educators.

21 (5) The Louisiana Federation of Teachers.

22 (6) The Louisiana Association of Public Charter Schools.

23 (7) The Louisiana Department of Education.

24 (8) The State Board of Elementary and Secondary Education.
