

Existing law provides that any person who is convicted of an offense under the laws of another state and who establishes a residence in La. shall be required to register as a sex offender and provide notification pursuant to La. sex offender registration and notification provisions.

Existing law further provides that a person who is convicted under the laws of another state who is required to register as a sex offender pursuant to La. law shall do so for the period of time required by his state of conviction or for the period of time required by La., whichever period is longer.

Existing law requires the bureau to determine the period of registration and the frequency of in-person periodic renewals which would be applicable to such offenders while residing in La. based on a comparison of the elements of the offense of conviction or adjudication with the elements of the most comparable La. offense.

Existing law provides that until the bureau makes this determination, the offender shall appear for in-person renewals every three months and, thereafter, the frequency with which he is required to appear will be based upon the determination by the bureau.

New law retains existing law but provides that if the period of registration required by the offender's jurisdiction of conviction is for the duration of the offender's lifetime, the bureau shall not be required to determine which time period of registration and the frequency of in-person periodic renewals which would be applicable to the offender while residing in La. as required by existing law. The duration of the registration for any such offender shall be for the duration of his lifetime, and the frequency of in-person periodic renewals for the offender shall be every three months from the date of initial registration.

Effective August 1, 2013.
