APPROPRIATIONS: Provides for the ordinary operating expenses of state government for Fiscal Year 2013-2014

1 AN ACT

2 Making annual appropriations for Fiscal Year 2013-2014 for the ordinary expenses of the
3 executive branch of state government, pensions, public schools, public roads, public
4 charities, and state institutions and providing with respect to the expenditure of said
5 appropriations.

6 Be it enacted by the Legislature of Louisiana:

7 Section 1. The appropriations in this Act from state revenue shall be payable out of the
8 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
9 Louisiana Constitution.

10 Section 2. All money from federal, interagency, statutory dedications, or self-generated
11 revenues shall be available for expenditure in the amounts herein appropriated. Any increase
12 in such revenues shall be available for allotment and expenditure by an agency on approval
13 of an increase in the appropriation by the commissioner of administration and the Joint
14 Legislative Committee on the Budget. Any increase in such revenues for an agency without
15 an appropriation from the respective revenue source shall be incorporated into the agency's
16 appropriation on approval of the commissioner of administration and the Joint Legislative
17 Committee on the Budget. In the event that these revenues should be less than the amount
18 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
19 were included in the budget on a matching basis with state funds, a corresponding decrease
20 in the state matching funds may be made. Any federal funds which are classified as disaster
21 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative

1 Committee on the Budget upon the secretary's certifying to the governor that any delay
2 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be
3 notified in writing of such declaration and shall meet to consider such action, but if it is
4 found by the committee that such funds were not needed for an emergency expenditure, such
5 approval may be withdrawn and any balance remaining shall not be expended.

6 Section 3.A. Notwithstanding any other law to the contrary, the functions of any
7 department, agency, program, or budget unit of the executive branch, except functions in
8 departments, agencies, programs, or budget units of other statewide elected officials or the
9 Department of Wildlife and Fisheries, may be transferred to a different department, agency,
10 program, or budget unit for the purpose of economizing the operations of state government
11 by executive order of the governor. Provided, however, that each such transfer must, prior
12 to implementation, be approved by the commissioner of administration and Joint Legislative
13 Committee on the Budget. Further, provided that no transfers pursuant to this Section shall
14 violate the provisions of Title 36, Organization of the Executive Branch of State
15 Government.

16 B. In the event that any agency, budget unit, program, or function of a department is
17 transferred to any other department, agency, program, or budget unit by other Act or Acts
18 of the legislature, the commissioner of administration shall make the necessary adjustments
19 to appropriations through the notification of appropriation process, or through approval of
20 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions
21 of the Act or Acts which provide for the transfers.

22 C. Notwithstanding any other law to the contrary and before the commissioner of
23 administration shall authorize the purchase of any luxury or full-size motor vehicle for
24 personal assignment by a statewide elected official other than the governor and lieutenant
25 governor, such official shall first submit the request to the Joint Legislative Committee on
26 the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such
27 vehicles as defined or used in rules or guidelines promulgated and implemented by the
28 Division of Administration.

29 D. Notwithstanding any provision of law to the contrary, each agency which has
30 contracted with outside legal counsel for representation in an action against another agency,

1 shall submit a detailed report of all litigation costs incurred and payable to the outside
2 counsel to the commissioner of administration, the legislative committee charged with
3 oversight of that agency, and the Joint Legislative Committee on the Budget. The report
4 shall be submitted on a quarterly basis, each January, April, July, and October, and shall
5 include all litigation costs paid and payable during the prior quarter. For purposes of this
6 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
7 agency and of the other party if the agency was required to pay such costs and fees. The
8 commissioner of administration shall not authorize any payments for any such contract until
9 such report for the prior quarter has been submitted.

10 E. Notwithstanding any provision of law to the contrary, each agency may use a portion
11 of its appropriations contained in this Act for the expenditure of funds for salaries and
12 related benefits for smoking cessation wellness programs, including pharmacotherapy and
13 behavioral counseling for state employees of the agency.

14 Section 4. Each schedule as designated by a five-digit number code for which an
15 appropriation is made in this Act is hereby declared to be a budget unit of the state.

16 Section 5.A. The program descriptions, account descriptions, general performance
17 information, and the role, scope, and mission statements of postsecondary education
18 institutions contained in this Act are not part of the law and are not enacted into law by
19 virtue of their inclusion in this Act.

20 B. Unless explicitly stated otherwise, each of the program objectives and the associated
21 performance indicators contained in this Act shall reflect the key performance standards to
22 be achieved for the 2013-2014 Fiscal Year and shall constitute the set of key objectives and
23 key performance indicators which are reportable quarterly for Fiscal Year 2013-2014 under
24 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23)
25 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing
26 board or commission is directed by language in this Act to prepare and submit new or
27 modified performance information, including but not limited to key and supporting
28 objectives, performance indicators, and performance standards, such submission shall be in
29 a format and method to be determined by the commissioner of administration. Unless
30 otherwise specified in this Act, the submission of new or modified performance information

1 shall be made no later than August 15, 2013. Such performance information shall be subject
2 to the review and approval of both the Division of Administration and the Joint Legislative
3 Committee on the Budget, or a subcommittee thereof.

4 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between
5 departments or schedules receiving appropriations. However, any unencumbered funds
6 which accrue to an appropriation within a department or schedule of this Act due to policy,
7 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner
8 of administration and the Joint Legislative Committee on the Budget, be transferred to any
9 other appropriation within that same department or schedule. Each request for the transfer
10 of funds pursuant to this Section shall include full written justification. The commissioner
11 of administration, upon approval by the Joint Legislative Committee on the Budget, shall
12 have the authority to transfer between departments funds associated with lease agreements
13 between the state and the Office Facilities Corporation.

14 B. Pursuant to the authority granted to the Office of Information Technology in R.S.
15 39:15.1 through R.S. 39:15.3 and in conjunction with the assessment of the existing staff,
16 assets, contracts, and facilities of each department, agency, program, or budget unit's
17 information technology resources, upon completion of this assessment and to the extent
18 optimization of these resources will result in the projected cost savings through staff
19 reductions, realization of operational efficiencies, and elimination of asset duplication, the
20 commissioner of administration is authorized to transfer the functions, positions, assets, and
21 funds from any other department, agency, program, or budget units related to this
22 optimization to a different department. The provisions of this Paragraph shall not apply to
23 the Department of Wildlife and Fisheries.

24 Section 7. The state treasurer is hereby authorized and directed to use any available
25 funds on deposit in the state treasury to complete the payment of General Fund
26 appropriations for the Fiscal Year 2012-2013. In order to conform to the provisions of P.L.
27 101-453, the Cash Management Improvement Act of 1990, and in accordance with the
28 agreement executed between the state and Financial Management Service, a division of the
29 U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on federally
30 funded appropriations prior to the receipt of funds from the U.S. Treasury.

1 Section 8.A.(1) The figures in parentheses following the designation of a program are
2 the total authorized/appropriated positions for that program. If there are no figures following
3 a department, agency, or program, the commissioner of administration shall have the
4 authority to set the number of positions.

5 (2) The commissioner of administration, upon approval of the Joint Legislative
6 Committee on the Budget, shall have the authority to transfer positions between departments,
7 agencies, or programs or to increase or decrease positions and associated funding necessary
8 to effectuate such transfers.

9 (3) The number of authorized positions approved for each department, agency, or
10 program as a result of the passage of this Act may be increased by the commissioner of
11 administration in conjunction with the transfer of functions or funds to that department,
12 agency, or program when sufficient documentation is presented and the request is deemed
13 valid.

14 (4) The number of authorized positions approved in this Act for each department,
15 agency, or program may also be increased by the commissioner of administration when
16 sufficient documentation of other necessary adjustments is presented and the request is
17 deemed valid. The total number of such positions so approved by the commissioner of
18 administration may not be increased in excess of three hundred fifty. However, any request
19 which reflects an annual aggregate increase in excess of twenty-five positions for any
20 department, agency, or program must also be approved by the Joint Legislative Committee
21 on the Budget.

22 (5) Any employment freezes or related personnel actions which are necessitated as a
23 result of implementation of this Act shall not have a disparate employment effect based on
24 any suspect classification, i.e., race, sex, color, or national origin or any negative impact
25 upon the Equal Employment proposition as set out in the "McDonnell Douglas Test" or Title
26 VII of the 1964 Civil Rights Act, as amended. The commissioner of administration shall
27 submit a quarterly report to the Joint Legislative Committee on the Budget on any
28 employment freezes or related personnel actions necessitated as a result of the
29 implementation of this Act. Such report shall note the employment effect based on any such
30 suspect classification, i.e. race, sex, color, or national origin, and the impact upon the Equal

1 Employment proposition as set out in the "McDonnell Douglas Test" or Title VII of the 1964
2 Civil Rights Act, as amended.

3 B. Orders from the Civil Service Commission or its designated referee which direct an
4 agency to pay attorney's fees for a successful appeal by an employee may be paid out of an
5 agency's appropriation from the expenditure category professional services; provided,
6 however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
7 in accordance with Civil Service Rule 13.35(a).

8 C. The budget request of any agency with an appropriation level of thirty million dollars
9 or more shall include, within its existing table of organization, positions which perform the
10 function of internal auditing.

11 D. In the event that any cost assessment allocation proposed by the Office of Group
12 Benefits becomes effective during Fiscal Year 2013-2014, each budget unit contained in this
13 Act shall pay out of its appropriation an amount no less than 75% of total premiums for all
14 active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for
15 the state basic health insurance indemnity program.

16 E. In the event that any cost allocation or increase adopted by the Joint Legislative
17 Committee on Retirement as recommended by the Public Retirement Systems' Actuarial
18 Committee becomes effective before or during Fiscal Year 2013-2014, each budget unit
19 shall pay out of its appropriation funds necessary to satisfy the requirements of such
20 increase.

21 Section 9. In the event the governor shall veto any line item expenditure and such veto
22 shall be upheld by the legislature, the commissioner of administration shall withhold from
23 the department's, agency's, or program's funds an amount equal to the veto. The
24 commissioner of administration shall determine how much of such withholdings shall be
25 from the state General Fund.

SPEAKER OF THE HOUSE OF REPRESENTATIVES

PRESIDENT OF THE SENATE

GOVERNOR OF THE STATE OF LOUISIANA

APPROVED: _____

VETO MESSAGE

As authorized by Article III, Section 18(B), and more particularly, Article IV, Section 5(G)(1) of the Constitution of Louisiana, I have exercised my right to veto 31 items of the General Appropriation Bill. I respectfully request that you deliver on my behalf the following message to the members of the Legislature:

Both the House and Senate did great work on a fiscally responsible budget that is good for the people of Louisiana. The single biggest challenge facing the budget was the Medicaid rate change made by Congress last July, lowering Louisiana's FMAP rate to the lowest it's been in 25 years, with a total impact to Louisiana's healthcare budget of \$1.8 billion. Despite this challenge, the budget protects funding for healthcare. The budget also includes tens of millions of dollars more for higher education next year.

The hard work of legislators from both parties and increased revenue projections have produced a balanced budget that invests in our top priorities and protects our reforms. We've made an investment of an additional \$69 million in K-12 education, half of which will go toward teacher pay raises, and protected our historic education reforms from last session, including the Louisiana Scholarship Program and our changes to teacher tenure—all without raising taxes. We've also rejected the ObamaCare Medicaid expansion that could have cost Louisianians \$1.7 billion while moving over 240,000 of our citizens off of private insurance.

With this budget, Louisiana continues to chart a path that expands economic opportunities for our people while reducing government's footprint, not only shrinking its size and cost, but making government more effective and efficient by consolidating functions and applying smarter technologies that save taxpayer dollars.

By pursuing such initiatives, the FY 14 Budget reflects the strategic reduction of more than 12,000 full-time executive branch positions, a number that brings the total of state government positions reduced since the beginning of our administration to over 28,000. Even before the new position reductions passed in this budget, the number of state government employees is already at its lowest level in over 20 years.

While protecting critical services and restructuring government operations, the FY 14 Budget includes total funding of \$25.4 billion, a decrease of \$350 million, compared to the FY 13 total existing operating budget of \$25.75 billion.

As such, the budget reflects our belief that Louisiana's future success doesn't depend on a larger government that takes more resources away from our private sector economy, nor a larger role for government in the lives of our citizens. Instead, it continues our efforts to make government nimbler, more compact, and more modernized, saving money while at the same time improving and protecting critical services.

I commend the Legislature for its work.

This letter is to communicate that I have vetoed items in House Bill No. 1, as follows:
