**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The bill serves as a technical amendment to Act 683 of 2010, which initially transferred appeals cases from DHH to DAL. The current statute erroneously provides that appeals shall be heard in the Bureau of Appeals, which ceased to exist January 1, 2011. The appeals are currently being heard by the Division of Administrative Law, therefore, the language of the statute will be revised to reflect these changes.

Note: In FY 13 DAL docketed 5,315 Health and Hospitals cases. Based on the current caseload from January and February 2014, there is expected to be a 20% increase in docketed cases for FY 14.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
