DIGEST

Cortez (SB 666)

Present law provides that for the purpose of funding, a Type 1, Type 3, Type 3B, and Type 4 charter school shall be considered an approved public school of the local school board entering into the charter agreement and shall receive a per pupil amount each year from the local school board based on the October first membership count of the charter school. The per pupil amount provided to a Type 1, 1B, 2, 3, 3B, or 4 charter school shall be computed annually and shall be equal to no less than the per pupil amount received by the school district in which the charter school is located from the following sources based on the district's October first membership count:

- (1) The state-funded per pupil allocation received by the district pursuant to the most recent legislatively approved minimum foundation program formula resolution.
- (2) Local revenues received during the prior year by the school district from the following sources:
 - (a) Sales and use taxes, less any collection fee paid by the school district.
 - (b) Ad valorem taxes, less any collection fee paid by the school district.
 - (c) Earnings from sixteenth section lands owned by the school district.

Present law provides that local revenues shall exclude any portion which has been specifically dedicated by the legislature or by voter approval to capital outlay or debt service.

Proposed law retains present law but adds to the list of exclusions from local revenues any portion which has been specifically dedicated by the legislature or by voter approval to teacher and school employee salaries and benefits or the expenses of maintaining and repairing schools.

Present law provides that the exclusion from local revenues for any portion which has been specifically dedicated by the legislature or by voter approval to capital outlay or debt service, shall be applicable only to a charter school housed in a facility or facilities provided by the district in which the charter school is located.

Proposed law repeals present law.

Proposed law provides that the amount of the per pupil allocation for all charter schools shall be reduced by an amount equal to the proportionate amount the local school board is required to contribute to the Teachers' Retirement System of Louisiana from the minimum foundation

program for its share of the unfunded accrued liability of Teachers' Retirement System of Louisiana. The amount of the reduction to the per pupil allocation shall be transferred to the Teachers' Retirement System of Louisiana for payment towards the unfunded accrued liability.

Effective July 1, 2014.

(Amends R.S. 17:3995(A)(1)(b)(ii); adds R.S. 17:3995(A)(1)(d); repeals R.S. 17:3995(A)(1)(c))
