## **EXPENDITURE EXPLANATION**

The proposed legislation will result in an increase in statutory dedicated expenditures from the Sex Offender Registry Technology Fund. As result of reviewing and determining a sex offender's end date of the period to register and notify, the Attorney General's Office will need an additional attorney.

The salary and related benefits for 1 attorney would be \$78,000 (\$50,000 salary + \$28,000 related benefits). Travel and supplies would cost approximately \$8,700. Operating services including printing, postage, rent, and telephone would cost approximately \$10,500. Acquisitions for a laptop, desktop, and office furniture is approximately \$5,800; however, if surplus furniture is available, the potential amount may decrease.

The total cost for 1 attorney would be \$103,000 (\$78,000 salary and benefits + \$8,700 travel and supplies + \$10,500 operating services + \$5,800 acquisitions). The subsequent fiscal years would not include acquisitions, which is a one-time expense, and would be \$97,200.

NOTE: The \$100,000 in expenses would be covered by the increase in funding to the Attorney General's Office from HB 637. Any additional costs beyond \$100,000 would likely be absorbed within the Attorney General's existing operating budget.

## **REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.

NOTE: HB 637 amends the distribution of the Sex Offender Registry Technology Fund and allows the Attorney General's Office to receive an additional \$100,000 allocation and a like amount will be reduced from the distribution to the sheriffs of each parish.
