Dept./Agy.: Attorney General		Analyst: Shawn Hotstream
Subject: Health insurance Exchange Enforcement		

HEALTH CARE OR NO IMPACT See Note Page 1 of 1
Exempts Louisiana's citizens from the mandates in the Affordable Care Act

Proposed law prohibits an agency, officer, or employee of this state, acting on behalf of the state, from engaging in an activity that aids any agency in the enforcement of those provisions of Patient Protection and Affordable Care Act of 2010 (PPACA) and any subsequent federal act that amends PPACA that exceed the authority of the United States Constitution.

Proposed law authorizes the attorney general, whenever there is reasonable cause to believe that a person or business in this state is being harmed by implementation of PPACA and that proceedings would be in the public interest, to bring an action in the name of the state against the person or entity causing the harm to restrain the use of the method, act, or practice by temporary restraining order, temporary injunction, or permanent injunction.

Proposed law prohibits the state or a political subdivision including but not limited to parishes, municipalities, or special districts of the state from establishing a health care exchange for the purchase of health insurance or from participating in or purchasing insurance from a health care exchange established by a nonprofit organization.

EXPENDITURE EXPLANATION

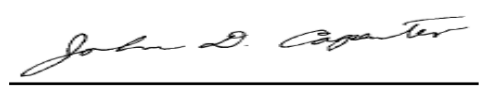

There is no anticipated direct material effect on Department of Health and Hospital expenditures as a result of this measure, as this measure prevents an agency, officer, or employee of the state or Louisiana from enforcing provisions of the Patient Protection and Affordable Care Act of 2010 that exceed the authority of the U.S. Constitution.

The Attorney General's Office would likely handle any investigations and prosecution of cases that violate the conditions of the proposed legislation with existing resources.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
