SCR No. 75

Requests the Department of Health and Hospitals and the department's office of behavioral health, study and develop a list of suicide assessment, intervention, treatment and management training programs meeting the Suicide Prevention Resource Center best practices standards to make available for access by medical professionals and the public in the state; that the department further develop a list of which other professional and citizen groups, beyond the medical professions, the department recommends should be offered such training on a voluntary basis; and that the department recommend how best to make such training widely accessible for use in Louisiana, through online access or otherwise.
