Provides relative to payments under public contracts.(8/1/14)

Current law requires all public entities to promptly pay all obligation arising under public contracts. Requires public entities to pay progressive stage payments and final payments when they become due and payable under the contract. Current law provides that any public entity failing to make any final payments after formal final acceptance and within 45 days following receipt of a clear lien certificate by the public entity is liable for reasonable attorney fees. Proposed law retains present law and adds liability for reasonable attorney fees when a public entity fails to pay any progressive stage payment within 45 days following receipt of a certified request for payment by the public entity without reasonable cause. Proposed law provides that a public entity is subject to mandamus to compel payment of authorized plan changes. Effective August 1, 2014.

EXPENDITURE EXPLANATION

To the extent a public entity fails to pay any progressive stage payments without reasonable cause within the 45 day timeframe to a private contractor and this results in incurred attorneys fees by the private contractor, this legislation may result in an indeterminable increase in local expenditures as this bill provides for the public entity to pay the attorneys fees incurred by that private contractor.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
