 22 the sum of Ninety Million and No/100 (\$90,000,000.00) Dollars.

23 Section 3. The amount to be distributed annually to each parish from the revenue  
 24 sharing fund shall be the sum of (a) an amount equal to that percentage of eighty percent of  
 25 the total fund which is equal to the ratio which the population of the parish bears to the total  
 26 state population, and (b) an amount equal to that percentage of twenty percent of the total  
 27 fund which is equal to the ratio which the number of homesteads in the parish bears to the  
 28 total number of homesteads in the state. As used in this Section, the term "homesteads" shall  
 29 mean that enumeration of adjusted homestead exemption claims filed with the assessors as  
 30 determined by the Louisiana Tax Commission as of March thirty-first of the current calendar

2 funds herein allocated to the tax collectors of the respective parishes and to the city of New  
3 Orleans.

4           Section 5. That portion of the fund for the parish of Ouachita allocated to the  
5 Monroe City School Board shall be an amount which will reimburse said board, to the extent  
6 available and subject to the provisions of Section 9(C) of this Act, for the taxes lost as a  
7 result of homestead exemptions based on the tax rolls for the current calendar year and shall  
8 be distributed directly to the city treasurer of the city of Monroe, who shall pay therefrom  
9 the statutorily dedicated deductions for retirement systems. For the purpose of distribution  
10 of the balance of the revenue sharing funds the state treasurer may use the amount listed on  
11 the prior year Ouachita Parish tax rolls which were due the Monroe City School Board.

12           Section 6. Eleven and nine-tenths percent of all revenue sharing funds distributed  
13 by the provisions of this Act, excluding such funds as are distributed directly to the city of  
14 New Orleans and the amount listed on the prior year Ouachita Parish tax rolls which were  
15 due the Monroe City School Board (\$1,276,237), shall form a special fund (\$9,737,108) to  
16 be distributed as commissions to the tax collectors of the respective parishes, the city of New  
17 Orleans excepted. Each such tax collector shall receive a percentage of such fund, based on  
18 commissions received by him pursuant to Act 153 of the 1973 Regular Session, as provided  
19 in Section 8 of this Act.

22 the city of New Orleans and the amount listed on the prior year Ouachita tax rolls which  
23 were due the Monroe City School Board (\$1,276,237), shall form a special fund  
24 (\$1,996,516) to be distributed to the various retirement systems which were eligible for  
25 payment pursuant to Act 153 of the 1973 Regular Session, as provided in Section 8 of this  
26 Act for distribution to such retirement systems, and shall make due payment thereof to each  
27 retirement system in the same proportion that the statutory deduction provided by law for  
28 the system bears to the total statutory deductions provided by law for all such retirement  
29 systems. For the purpose of distributing these retirement contributions, the state treasurer  
30 may use the statutory deductions determined by the Public Retirement Systems Actuarial  
31 Committee as per R.S. 11:103 for the previous calendar year.

1           B. The city of New Orleans shall make the deductions legally established for  
 2 retirement systems which were eligible for payment pursuant to Act 153 of the 1973 Regular  
 3 Session and shall make due payment in accordance with the statutory deductions provided  
 4 by law for all such retirement systems. Notwithstanding the above provisions the city of  
 5 New Orleans shall remit the following amounts for the indicated retirement systems for  
 6 Fiscal Year 2014-2015: Assessors' Retirement Fund, \$168,474; Clerks of Court Retirement

14 A. Subject to the provisions of Subsection B of this Section and except as provided  
 15 by Section 5, the tax collector of each parish and the city of New Orleans shall allocate and  
 16 distribute, within fifteen days after receipt thereof, to the tax recipient bodies within his

 19 in 1977, the amount available for the reimbursement of homestead exemption losses shall  
 20 be limited to the amount used for that purpose in 1977, adjusted by the percentage by which  
 21 the number of homesteads in the parish increased or decreased from 1977 to 2013, together

 29 exemption losses in 1977 on the Orleans Levee District's two mill tax. The remaining  
 30 amount shall be adjusted by the percentage by which the number of homesteads in the city  
 31 of New Orleans increased or decreased from 1977 to 2013, together with any additional

7 of fluctuations in millage caused by adjustments for reassessment or other purposes. In no  
8 event shall any amount be deemed available within the meaning of Article VII, Section 26

1           C.(1) If the amount distributed to the tax collector and the city of New Orleans is  
 2 less than the amount required to reimburse tax losses on the basis of the tax rolls of the  
 3 current calendar year as provided in Subsection A of this Section, the tax collector and the  
 4 city of New Orleans shall prorate such lesser amount among the various tax recipient bodies  
 5 within the parish so that the lesser amount received by each tax recipient body shall be  
 6 proportionate to the reduction in the total amount distributed to each parish, and the amount  
 7 distributed by the state treasurer to the city treasurer of the city of Monroe shall be based  
 8 upon similar prorating, if necessary; however, in the parish of St. Bernard, the Lake Borgne  
 9 Levee District shall receive a minimum of \$163,000 and the St. Bernard Port, Harbor and  
 10 Terminal District shall receive a minimum of \$125,000, and, in Allen Parish the Special Law  
 11 Enforcement District shall receive a minimum of \$58,000 and the Assessor shall receive a  
 12 minimum of \$36,500.

13           (2) No bond millages levied to service bonds under the authority of Louisiana  
 14 Constitution Article VI, Section 33(B) or Article XIV, Section 14 of the Louisiana  
 15 Constitution of 1921 or any other constitutional or statutory authority for the issuance of  
 16 general obligation bonds shall share in the proceeds of this Act and the governing authority  
 17 of the issuing political subdivision shall levy and collect or cause to be levied and collected  
 18 on all taxable property in the political subdivision ad valorem taxes sufficient to pay  
 19 principal and interest and redemption premiums, if any, on such bonds as they mature; the  
 20 only exceptions to this prohibition shall be specifically included in this Subsection. In the  
 21 parish of Natchitoches, bond millages shall share and any tax recipient body in said parish  
 22 otherwise eligible to participate in the revenue sharing fund may use the funds for the  
 23 retirement of the principal, interest, or premium, if any, or any combination thereof, of any  
 24 outstanding bonded indebtedness of such tax recipient body. In the parish of Livingston the  
 25 millage authorized in 1975 for the parish health unit shall share as an operation and  
 26 maintenance millage. In the parish of Avoyelles, the Ward 7 School District Construction  
 27 Tax and the Ward 10 School District Construction Tax shall each share as an operation and  
 28 maintenance millage. In the parish of DeSoto, the 150 mills authorized for School District  
 29 #2 shall share as an operation and maintenance millage. In the parish of East Baton Rouge,  
 30 the BREC Capital Improvement Tax shall share as an operation and maintenance millage.  
 31 Bond millages may share in the parish of Sabine; however, if there are no excess funds those

1 millages levied for operation and maintenance of those taxing districts eligible for  
 2 reimbursement shall have priority for reimbursement to the extent that funds are available.  
 3 In the parish of Bossier, bond millages and operation and maintenance millages shall share  
 4 on a pro rata basis and the school bonds listed in Section 9(B)(3) shall share as provided  
 5 therein.

6 (3) In the parish of St. Tammany, the parish governing authority shall make  
 7 available out of its allocated funds a sufficient amount for the operation and maintenance of  
 8 the food stamp offices and the service office for veterans established under R.S. 29:261. In  
 9 the parish of St. Tammany, the parish governing authority shall make available out of its  
 10 allocated funds five thousand dollars for the St. Tammany Humane Society. In the event of  
 11 any decrease in the state's appropriated portion of the salaries of the St. Tammany Parish  
 12 Registrar of Voters Office, the parish governing authority shall make available out of its  
 13 allocated funds a sufficient amount to replace such state funds, not to exceed \$15,537.58.  
 14 Of the funds allocated within the parish of St. Charles, thirty thousand dollars shall be  
 15 distributed to the St. Charles Department of Community Services to be used for the  
 16 operation of an outreach program at the St. Rose Community Center. Of the funds allocated  
 17 within the parish of Acadia, \$180,000 shall be distributed to the law enforcement district.

 21 9 of this Act, then the city of New Orleans and the tax collector in each parish, within fifteen  
 22 days after receipt thereof, shall distribute such remaining excess amount as follows, except  
 23 as otherwise provided in Subsection D of this Section:

24 A. The portion of the excess equal to the ratio that the parish public school  
 25 population bears to the total population of the parish shall be allocated and distributed to the  
 26 respective city and parish school boards in the parish proportionate to the public school  
 27 population of each.

28 B. The next portion of the excess remaining after allocation and distribution to the  
 29 school boards, equal to the ratio that the total population of all incorporated areas in the  
 30 parish bears to the total parish population, shall be allocated and distributed to the respective  
 31 incorporated municipalities of the parish proportionate to the respective population of each.

1           C. The remaining portion of such excess, if any after allocation and distribution to  
 2 the school boards and incorporated areas of a parish, shall be allocated and distributed to the

 19 the funds distributed to the parish governing authority in this Paragraph shall be utilized for  
 20 existing drainage projects and for providing for additional pumps for those projects and

 27 twenty-five percent to the school boards shall be prorated between the parish and city school  
 28 systems on the basis of public school population, and twenty-five percent thereof to the  
 29 incorporated municipalities in the parish, to be distributed to such incorporated  
 30 municipalities pro rata on a population basis, except that in the parish of West Feliciana the  
 31 initial fifteen thousand dollars of such excess shall be retained by the sheriff and the

1 twenty-five percent for incorporated municipalities shall be distributed to the town of St.  
 2 Francisville. In the parish of East Feliciana, the initial twenty-five thousand dollars of such  
 3 excess shall be retained by the sheriff.

 18 the distribution of the tobacco tax; and twenty-five percent to the parish governing authority.

19 (8) In the parishes of Catahoula and Concordia, forty-four percent thereof to the  
 20 parish governing authority, thirty-three percent thereof to the parish school board, and

 24 amount equal to any increase in the sheriff's commission deducted from library taxes over  
 25 and above the percentage authorized to be deducted in the 1975 calendar year; and the

 15 be distributed to such incorporated municipalities pro rata on a population basis. Further,  
 16 in the parish of Evangeline the additional excess funds received by the school board as a  
 17 result of the change in percentages from those provided in Act 719 of the 1975 Regular  
 18 Session of the Louisiana Legislature shall be used solely for the purpose of restoring the  
 19 salaries or benefits to those school board employees to the same level or amount as were  
 20 paid prior to the recent reductions or decreases in such salaries or benefits; however, if the  
 21 excess funds are insufficient to restore the salaries or benefits to their former level or  
 22 amount, then the excess funds shall be distributed on a pro rata basis. In the parish of  
 23 Lafayette, the initial distribution shall be sixty thousand dollars to the Lafayette Association  
 24 for Retarded Citizens, Incorporated, for operating expenses, one hundred seventy thousand  
 25 dollars to the Lafayette Parish Sheriff, and the balance of the excess shall be distributed as

 23 in 1972 to each incorporated municipality in the parish, the amount to be allocated and  
 24 distributed to each incorporated municipality shall be reduced by the ratio that the amount

 27 municipalities in the parish; or

28 (b) If the amount of such excess funds exceeds the amount necessary to supply the  
 29 same amounts of excess funds distributed in 1972 to each incorporated municipality in the

1 parish, the excess over the amounts distributed in 1972 shall be allocated and distributed to  
 2 each incorporated municipality in the parish in the ratio that the population in each bears to  
 3 the total population of all of the incorporated municipalities in the parish.

4 However, in the parish of Pointe Coupee, the sheriff shall retain the sum of ten  
 5 thousand dollars of such excess amount, in addition to the commission provided in Section

5 Section 13. The state treasurer shall distribute one-third of the total amount herein  
6 allocated to the parishes from the revenue sharing fund to the parish tax collector, or in  
7 Orleans Parish to the city of New Orleans, not later than the first day of December in each  
8 year, one-third thereof not later than the fifteenth day of March in each year and one-third  
9 thereof not later than the fifteenth day of May in each year, and each one-third of the total  
10 allocation shall be distributed in accordance with the provisions of Sections 6, 7, 9, and 10  
11 of this Act; however, the legislative auditor may authorize the granting of additional sums  
12 due any recipient in advance upon a showing that the advance receipt of such funds is  
13 reasonably necessary. If the state treasurer does not distribute said fund on or before the  
14 dates specified in this Act, any interest or other income derived by the state from the parish  
15 allocations, earned prior to the distribution to the parishes, shall be paid over a pro rata basis  
16 together with the principal amounts due the parishes under the provisions of this Act. Any  
17 interest or other income derived by the parish tax collector or the city of New Orleans from  
18 the investment or other use of such total parish allocations received from the state treasurer,  
19 earned prior to the distributions within the parish as required by the foregoing provisions of  
20 this Act, shall be paid over a pro rata basis together with the principal amounts due the local  
21 recipients under the provisions of this Act upon distribution thereto, and the parish tax  
22 collectors or the city of New Orleans may retain only investment income earned on that  
23 portion of the total parish allocation to which they are otherwise entitled under the provisions  
24 of this Act. In light of the fact that all assessment roll figures will not be available in time  
25 to base the December distribution by the treasurer on current figures, the distribution of  
26 funds on the first day of December pursuant to this Act shall be based on the distribution  
27 figures for Fiscal Year 2012-2013. The remaining two distributions on the fifteenth day of  
28 March and the fifteenth day of May shall be based on current figures for Fiscal Year 2013-  
29 2014, and such distributions shall be adjusted to compensate for the differences resulting in  
30 the use of the Fiscal Year 2012-2013 figures for the December distribution.

1           Section 14. On or before such date as shall be established by the state treasurer, each  
2 tax collector, the city of New Orleans, and the city treasurer of the city of Monroe annually  
3 shall file with the state treasurer, on such forms as the state treasurer may require, all  
4 information necessary to the computation of the funds to be distributed within the parishes,  
5 including, but not limited to, a listing of all such local entities seeking eligibility for funds  
6 as a tax recipient body under the qualifications set out in Section 1(a), all new millages of  
7 such tax recipient bodies as are listed in Section 9(B), and all remaining authorities on the  
8 tax rolls which are otherwise ineligible to participate in the distribution of revenue sharing  
9 funds as tax recipient bodies. The listing shall include such verification for eligibility as  
10 may be required by the state treasurer and, notwithstanding the provisions of Section 12  
11 hereof, no revenue sharing funds shall be distributed prior to receipt and acceptance by the  
12 state treasurer of such information and verification. The same authorities shall in the same  
13 manner submit to the state treasurer a statement of the amount of revenue sharing funds  
14 distributed to each recipient of such funds, including the amount deducted for sheriffs'  
15 commissions and for retirement system contributions and shall state clearly on such forms  
16 the amount of the distribution to each such recipient which is derived from excess funds and  
17 the amount of such distribution which represents reimbursement for tax losses by reasons  
18 of the homestead exemption. Such statement shall also include the amount of any revenue  
19 sharing funds which remain to be distributed and the recipients to which such remaining  
20 funds will be distributed.
