SB 163 Original

2015 Regular Session

Mills

Proposed law provides a managed care organization may negotiate the ingredient cost reimbursement in its contracts with providers.

Proposed law provides a managed care organization shall pay to the class of pharmacies with fewer than fifteen retail outlets under its corporate umbrella in Louisiana a per-prescription reimbursement at a rate no less than the published Medicaid fee-for-service reimbursement rate for the combination of the ingredient cost and dispensing fee in use for the current approved Medicaid state plan in effect on the date of service unless the department has granted an exception for a provider initiated alternative payment arrangement.

Effective upon signature of the governor or lapse of time for gubernatorial action.
