HB 355 Engrossed

2015 Regular Session

Pugh

Abstract: For purposes of collection of sales and use taxes by a remote seller, expands the definition of "dealer" to include persons who have certain substantial relationships and similarities with La. retailers, transact business in a certain manner, or who engage in business in La. through the use of certain affiliated agents; also changes the distribution of tax collections to local taxing authorities from annually to quarterly.

Present law levies an additional 4% state sales and use tax to be collected only by dealers who qualify as a dealer in La. solely by virtue of engaging in regular or systematic solicitation of a consumer market in La. by the distribution of catalogs, and other print media, radio, television, and other electronic and digital media.

Proposed law retains present law and adds methods of engaging in regular business in La. including oral presentations and telemarketing.

Present law requires the secretary of the Dept. of Revenue to annually distribute the avails of the tax to parish governing authorities based on population, which monies are then distributed to the local taxing authorities in the respective parish.

Proposed law retains present law but changes the frequency of distributions by the secretary to the parishes from annually to quarterly.

Proposed law specifies that present law regarding the levy and collection of the additional 4% sales and use tax shall apply to persons who are defined as dealers pursuant to proposed law.

Present law provides various definitions of "dealer" with respect to sales and use tax law and defines "engaging in business in a taxing jurisdiction".

Proposed law retains present law but expands the definition of "engaging in business in the taxing jurisdiction" to include:

- (1) The solicitation of business through an independent contractor or any other representative pursuant to an agreement with a La. resident under which the resident, for a commission, referral fee, or other consideration of any kind, directly or

indirectly refers potential customers, whether by website link, personal presentation, telemarketing, or otherwise, to the seller.

- (2) For purposes of qualification as a "dealer" through an agreement with a La. resident to maintain a business in La., the presumption that a person is a dealer, based upon annual gross receipts from sales of property delivered in La. that exceed \$50,000, is rebuttable if the person can demonstrate that he cannot reasonably be expected to have gross receipts in excess of \$50,000 in the following 12 months.

Proposed law retains present law but expands the definition of "dealer" to include a person who meets any of the following criteria:

- (1) Sells the same or substantially similar line of products as a La. retailer under the same or substantially similar business name.
- (2) The facilities or employees of the La. retailer are used to advertise or promote sales by the person to La. purchasers and to support the maintenance of a market in La.
- (3) Holds a substantial ownership interest, directly or through a subsidiary, in a retailer maintaining sales locations in La. or who is owned in whole or in substantial part by a retailer maintaining sales locations in La.

Proposed law requires persons who meet the definition of a dealer under proposed law to electronically file tax returns and remittances to the state and local taxing authorities.

Proposed law prohibits the determination that certain business activities establishes a person as a dealer for purposes of sales and use tax from being used in a determination of whether the person is liable for the payment of state income or franchise taxes.

Proposed law provides that if the U.S. Congress enacts legislation authorizing states to require a remote seller to collect sales taxes on taxable transactions, the federal law shall preempt the provisions of proposed law. Further, directs the secretary of the Dept. of Revenue to promulgate rules to carry out the provisions of the federal law within 90 days of its effectiveness.

Applicable to tax periods beginning on and after July 1, 2015.

Effective upon signature of governor or lapse of time for gubernatorial action.
