**EXPENDITURE EXPLANATION**

**Based on information obtained from the December 2013 Report to the Legislature on Boards, Commissions, and Like Entities and the General Services Administration Per Diem rates for Louisiana during fiscal year 2015, it appears that this bill may increase local government expenditures.**

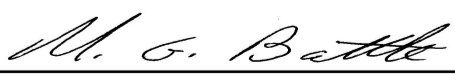

Assuming the number of districts doesn't increase, the number of board members and commissioners are stable, and the number of meetings is similar to the number held in 2013, the maximum projected increase in local expenditures would be \$126,500 each fiscal year for 17 districts. Should there be an emergency declaration by the governor requiring board members and commissioners to perform district duties, the expenditures would increase over normal district operations.

The bill requires boards to give at least two weeks public notice for comment prior to its vote on whether or not to fix the per diem of its members above seventy-five dollars. We do not anticipate significant additional costs associated with this provision.

**REVENUE EXPLANATION**

**There is no anticipated direct material effect on governmental revenues as a result of this measure.**
