Current law prohibits a state sales tax on food for home consumption, prescription drugs and residential utilities.

The proceeds are dedicated to the Stability in Education Fund for use in elementary, secondary and post-secondary education. The fund is constitutionally created in the bill. No special tax treatments are allowed against the expanded base except those prohibited transactions listed in the bill and anything passed in a separate instrument with a 2/3 vote.

Effective 1/1/16 after voter approval in the October 24, 2015 statewide election.

EXPENDITURE EXPLANATION

The Department of Revenue indicates that one additional employee will be required to monitor the dedication of funds. implement this bill could require additional resources since it expands the tax base into areas that have not been taxed in the recent past and will involve system/form changes as well as vendor/consumer education and support efforts.

REVENUE EXPLANATION

The bill expands the state sales tax base related to the 1% state sales tax imposed by R.S. 47:321. The expanded base includes the previously exempted items of food for home consumption, prescription drugs and residential utilities. According to the Tax Exemption Budget, the expanded base at 1% would generate about \$227M in FY 16, \$232M in FY 17, \$237M in FY 18, \$241M in FY 19 and \$246M in FY 20.

HB 768 of this session creates the Stability in Education Fund statutorily and dedicates to the fund the proceeds of R.S. 47:321 with certain exclusion and exemptions eliminated. This bill creates the same fund constitutionally and dedicates the proceeds of 1% state sales tax on food for home consumption, prescription drugs and residential utilities to the fund.

Only one-half of the FY16 effect is expected in that year since the tax goes into effect on January 1, 2016.
