**2015 REGULAR SESSION  
ACTUARIAL NOTE HB 47**

**Bill Information:**

**Current Law**

Current law defines “earnable compensation” for the Firefighters’ Retirement System (FRS) as:

- 1) The full amount of compensation earned by the employee on a regular tour of duty.
- 2) Supplemental pay paid by the state not including overtime.

A member’s final average compensation used in the benefit formula is based on the average of the highest three years of earnable compensation.

**Proposed Law**

Under HB 47 pertains to the division of pension benefits under community property laws. HB 47 specifies that any increase in earnable compensation, following the termination of the marriage, attributable to a member passing both a written examination and a working test shall be excluded from the calculation of the former spouse’s share of community property.

**Implications of the Proposed Changes**

HB 47 reduces the former’s spouse share of community property attributable to benefits payable from FRS.

**Cost Analysis:**

**Analysis of Actuarial Costs**

HB 47 does not contain any benefit provisions having an actuarial cost.

**Retirement Systems**

HB 47 provides guidance on the calculation of a former spouse’s share of community property relating to pension benefits payable from FRS. It has no effect on the calculation of the pension benefit itself. Therefore, there are no actuarial costs associated with HB 47.

**Other Post-Employment Benefits**

There are no actuarial costs associated with HB 47 for post-employment benefits other than pensions.

**Analysis of Fiscal Costs**

There are no fiscal costs associated with HB 47.

**Actuarial Data, Methods and Assumptions**

This actuarial note was prepared using actuarial data, methods, and assumptions as disclosed in the most recent actuarial valuation report adopted by PRSAC.

**Actuarial Caveat**

There is nothing in HB 47 that will compromise the signing actuary’s ability to present an unbiased statement of actuarial opinion.

**Actuarial Credentials:**

Paul T. Richmond is the actuary for the Louisiana Legislative Auditor. He is an Enrolled Actuary, a member of the American Academy of Actuaries, a member of the Society of Actuaries and has met the Qualification Standards of the American Academy of Actuaries necessary to render the actuarial opinion contained herein.
