HB 380 Reengrossed

2015 Regular Session

Hollis

**Abstract:** Requires the stamping of cigarettes prior to selling, offering for sale, removing, or otherwise distributing the cigarettes instead of immediately upon receipt.

Present law requires the stamping of cigarettes with tobacco tax stamps immediately upon receipt of the cigarettes by a tobacco dealer.

Proposed law changes present law to require that tobacco dealers stamp cigarettes with a tobacco tax stamp prior to selling, offering for sale, removing, or otherwise distributing the cigarettes.

Present law requires a prima facie presumption that cigarettes kept found in the place of business of any tobacco dealer or other person, except bonded interstate tobacco dealers, without the stamps affixed are in violation of present law.

Proposed law retains present law except that it removes the exception for bonded interstate tobacco dealers and provides an exception for a dealer holding a valid stamping agent designation.

Present law prohibits a dealer from purchasing or possessing unstamped cigarettes in this state for sale into another state where the manufacturer and brand family of the cigarettes are not listed on the state's directory unless the dealer holds an exporter license.

Proposed law retains present law and further requires the dealer holding the exporter license to affix the stamp required by the other state to the package within 72 hours after receipt unless the other state does not require the stamp, then the dealer may sell cigarettes into the other state if the excise, use, or similar tax is paid. Proposed law further requires the dealer to ensure that any cigarettes and roll-your-own tobacco in its stock that are not listed on the attorney general's state directory are kept separate and apart from the approved stock.

Present law requires a tobacco dealer engaged in interstate business to furnish a bond. Further allows a tobacco dealer to set aside a certain amount of his cigarette inventory for interstate commerce business without being stamped.

Proposed law removes the inventory provisions allowing for cigarettes to be set aside and retains the furnishing of the bond requirements as provided by present law.
