

RÉSUMÉ DIGEST

ACT 271 (SB 210)

2015 Regular Session

Riser

Prior law created the Hunters for the Hungry Account within the Conservation Fund to receive deposits of donations for the benefit of Hunters for the Hungry made when an individual purchases a fishing or hunting license.

Prior law provided that no more than 10% of the monies in the account can be used for administrative costs. New law changes the percentage from 10% to 25%.

Prior law provided that the balance in the account can be used solely by Hunters for the Hungry to pay for the processing and distribution of meats when the meat is used by a not-for-profit entity in food or meal distribution. New law changes "meats" to "commercial or game fish, migratory or resident game bird, game quadruped, alligator, or feral hog".

New law adds that the balance in the account may also be used for advertising, promotion, or marketing costs incurred to make the general public aware of the mission of Hunters for the Hungry, including the option to donate money when purchasing a fishing or hunting license.

Effective August 1, 2015.
