**Abstract:** Requires members of state retirement systems whose first date of employment making them eligible for membership in a state retirement system occurred on or after July 1, 2017, to equally share the cost of certain elements of their retirement benefit with their employer.

<u>Present constitution</u> (Art. X, Sec. 29(A) and (B)) authorizes the legislature to establish retirement systems for state employees and employees of political subdivisions. <u>Proposed constitutional amendment</u> requires that for any state system member whose first employment making him eligible for membership in a state retirement system occurred on or after July 1, 2017, the normal cost of the member's benefit and any unfunded accrued liability associated with a benefit expansion during the member's period of active service shall be shared equally between the employer and the new member.

<u>Proposed constitutional amendment</u> further provides that the provisions of <u>proposed constitutional amendment</u> shall not apply to permanent benefit increases (COLAs).
