EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

The value of the exemption (if any) is reported in the "Other" category on the sales tax form and in the Tax Exemption Budget. To the extent that impacted transactions occur, state general fund and local revenue will increase. The magnitude of any such transactions is not readily determinable, but seems likely to be small given the nature of the transactions involved. It is possible that in any given year no qualifying transactions occur, but the bill can only result in an increase in revenue collections.

Since these items were not previously taxed, any increase may be phased in slowly as compliance improves. The first FY 16 collections affected by this bill, if any, will be due May 20.
